In the Matter of the Application of)

T-NETIX, Inc. for Authority to)	Case No. TM-99-598
Transfer Control)	

ORDER APPROVING TRANSFER OF STOCK

On June 11, 1999, Gateway Technologies, Inc. (Gateway) and T-NETIX, Inc. (T-NETIX) filed an application requesting that the Public Service Commission approve a transfer of control stock transaction between Gateway and T-NETIX. Through the proposed transaction, Gateway will become a wholly owned subsidiary of T-NETIX but will operate as a separate entity. Gateway is currently certificated to provide intrastate telecommunications services in Missouri and will continue to operate as a telecommunications services provider in Missouri after the proposed merger.

On August 18, the Staff of the Public Service Commission (Staff) filed a Memorandum indicating that Staff has reviewed the application and believes that it meets the limited requirements of 4 CSR 240-2.060(6). Staff has no objections to the proposed transaction and recommends that the Commission issue an order approving the proposed control stock transaction.

The Commission has reviewed the application, the accompanying documentation, and Staff's recommendation and finds that the proposed

plan to transfer control will have no adverse impact on the Missouri customers of Gateway. The Commission finds that the transaction is not detrimental to the public interest and should be approved.

IT IS THEREFORE ORDERED:

- That the application for approval of a transfer of control stock transaction between Gateway Technologies, Inc. and T-NETIX, Inc., is approved.
- 2. That Gateway Technologies, Inc. and T-NETIX, authorized to take any and all actions necessary to effect the merger and reorganization authorized by this order.
- 3. That Gateway Technologies, Inc. and T-NETIX, Inc. shall file a notification with the Commission no later than ten days after the closing date of the transaction authorized by this order.
 - 4. That this order shall become effective on September 3, 1999.
