STATE OF MISSOURI PUBLIC SERVICE COMMISSION

At a Session of the Public Service Commission held at its office in Jefferson City on the 19th day of August, 1994.

In the matter of the request for community)		
optional service from Southwestern Bell)	CASE NO.	TO-94-69
Telephone's Center exchange to Southwestern)		
Bell Telephone's Hannibal exchange.)		

ORDER OF IMPLEMENTATION

On December 29, 1989, the Commission issued a Report and Order in Case No. TO-87-131 directing local exchange companies (LECs) in Missouri to offer community optional service (COS) in exchanges demonstrating a community of interest. The Commission determined that a community of interest is demonstrated when an average of six calls per access line per month are made from petitioning exchange to the requested exchange and two-thirds of the customers in the petitioning exchange make two or more calls to the requested exchange per month.

On December 23, 1992, the Commission issued a Report and Order in Case No. TO-92-306 approving a statewide expanded calling scope plan. The plan, among other provisions, modified COS to a two-way service only and adjusted the rates for COS. The Commission also assigned primary toll carriers (PTCs) to implement COS in exchanges demonstrating a community of interest.

On September 1, 1993, the Commission received a petition signed by the residents of the Center exchange requesting COS from the Center exchange to the Hannibal exchange. Southwestern Bell Telephone Company (Bell) is the LEC for both exchanges. Bell is also the assigned PTC for this route.

On September 10, 1993, the Commission directed Bell to perform a calling usage study to ascertain whether a sufficient community of interest exists between these exchanges. On April 28, 1994, Bell filed the results of the

calling usage study performed in said exchanges. The results of said study are as follows:

		Average	Percent
Original	Terminating	Calls Per	Making
Exchange	Exchange	Access Line	2+ Calls
Center	Hannibal	11.25	69.68.

On July 27, 1994, the Staff of the Commission filed a memorandum recommending that COS be implemented between Center and Hannibal within 120 days.

Inasmuch as the petitioning route has met the calling criteria set forth by the Commission in Case No. TO-87-131, the Commission finds that a community of interest has been demonstrated. Thus, the Commission determines that COS should be implemented between the Center exchange and the Hannibal exchange within 120 days of the effective date of this Order.

IT IS THEREFORE ORDERED:

- 1. That Southwestern Bell Telephone Company shall implement community optional service between the Center exchange and the Hannibal exchange on or before December 27, 1994.
 - 2. That this Order shall become effective on August 29, 1994.

BY THE COMMISSION
