Re: ezTel Network Services, LLC
Case No. TA-2000-414

Dear Mr. Roberts:

Enclosed please find an original and fourteen (14) copies of ezTel Network Services, LLC's Amended Application for Certificate of Service Authority to Provide Interexchange Telecommunications Services Within the State of Missouri.

I have also enclosed an extra copy of this letter to be date stamped and returned to me in the enclosed, self addressed, postage prepaid envelope.

If you have any questions or if I may provide you with any additional information, please do not hesitate to contact me.

Please note that this Application is being submitted by myself and Judith A. Rau, Esq., Missouri Counsel, Bar # 24856.

Respectfully submitted,

Lance J.M. Steinhart
Attorney for ezTel Network Services, LLC

Case No. TA-2000-414

FIRST AMENDMENT TO APPLICATION

EzTel Network Services, LLC, ("Applicant"), a Mississippi limited liability company, files this First Amended Application, and Applicant states the following:

1. Applicant filed an Application with the Missouri Public Service Commission on January 12, 2000 in the above captioned case.
2. On January 27, 2000, Commission staff requested certain changes to Applicant's Application.
3. In response to the Commission staff request, Applicant hereby restates the information set forth in Section 3. of its Application as follows:

"3. Applicant is currently a reseller of interexchange services. Applicant proposes to provide switched and non-switched interexchange telecommunications services within Missouri including direct outbound dialing (1+ and 101XXXX), 800 and 888 (inbound Toll-Free), travel cards, and prepaid calling cards. Applicant proposes to provide service to prospective business and residential customers throughout the State of Missouri."

4. Applicant hereby adds the following to its Application:

"Grant of this Application will further the public interest by expanding the availability of competitive telecommunications services in the State of Missouri. In addition, intrastate offering of these services is in the public interest because the services will provide Missouri customers with access to new technologies and service choices, and can permit customers to achieve increased efficiencies and cost savings. In particular, the public will benefit directly, through the use of the competitive services to be offered by Applicant, and indirectly, because the presence of Applicant in this market will increase the incentives for other telecommunications providers to operate more efficiently, offer more innovative services, reduce their prices, and improve their quality of service.

5. Attached hereto are revised tariff sheets 9 and 27.

WHEREFORE, Applicant, EzTel Network Services, LLC,
respectfully requests that the Missouri Public Service Commission
grant it a certificate of service authority to provide
interexchange telecommunications services within the State of
Missouri, and Applicant also requests classification as a
competitive telecommunications company, as set forth in its
Application as Amended herein.

Respectfully submitted,

SECTION 2 - RULES AND REGULATIONS

2.1 Undertaking of the Company

This tariff contains the regulations and rates applicable to intrastate resale telecommunications services provided by ezTel for telecommunications between points within the State of Missouri. Resale services are furnished subject to the availability of facilities and subject to the terms and conditions of this tariff in compliance with limitations set forth in the Commission's rules. The Company's services are provided on a statewide basis and are not intended to be limited geographically. The Company offers service to all those who desire to purchase service from the Company consistent with all of the provisions of this tariff. Customers interested in the Company's services shall file a service application with the Company which fully identifies the Customer, the services requested and other information requested by the Company. The Company reserves the right to examine the credit record and check the references of all applicants and Customers prior to accepting the service order. The service application shall not in itself obligate the Company to provide services or to continue to provide service if a later check of applicant's credit record is, in the opinion of the Company, contrary to the best interest of the Company. The Company may act as the Customer's agent for ordering access connection facilities provided by other carriers or entities when authorized by the Customer, to allow connection of a Customer's location to a service provided by the Company. The Customer shall be responsible for all charges due for such service arrangement. The Company intends to provide service to both residential and commercial customers.

Taxes and Fees for Prepaid Calling Cards

The prepaid calling card rate does not include federal excise tax or state and local taxes that are required to be paid at the point of sale. The tariffed rate does include state and local sales taxes, which are required to be paid on usage of the underlying telecommunications service when that service originates and terminates within a particular tax jurisdiction.

3.5.5 Directory Assistance.

Access to long distance directory assistance is obtained by dialing 1 + 555-1212 for listings within the originating area code and 1 + (area code) + 555-1212 for other listings. When more than one number is requested in a single call, a charge will apply for each number requested. A charge will be applicable for each number requested, whether or not the number is listed or published.
