

OZARK ELECTRIC

James River District Office
PO Box 1050, Hwy. AA
Nixa, MO 65714

Cooperative, Inc.

June 6, 2012

Mr. Mike Hodges
District Utilities Engineer
MoDOT, Southwest District - Springfield
3025 E. Kearney
Springfield, MO 65803

RE: I44 & Hwy 160 J8P2382

Dear Mike,

This letter is in regards to your request for information regarding retiring Ozark Electric's service to the signal light at Interstate 44 and Hwy 160.

Please find the following items enclosed for your use:

1. Work Order Estimate Summary for retiring the service in the amount of \$313.37.
2. Copy of Work Order.
3. RSMO Chapter 394 Section 394.315.
4. Application for Change of Electric Service Provider.
(Available at <http://psc.mo.gov/electric/electric-fact-sheets>)

Pursuant to RSMO 394.315, you will be required to file a "Request for Change of Electric Service Provider" with the Missouri Public Service Commission. In this case, Ozark Electric is not opposed to the request and will retire said service when approved by the PSC.

When you are ready for Ozark Electric to retire service, please forward the Commission's ruling, check for retirement cost, and date you wish service to be disconnected.

If you have any questions, please advise.

Sincerely,

Kenneth M. Raming, P.E.
Division Manager of Engineering
