MOTION TO CANCEL CERTIFICATES OF SERVICE AUTHORITY

COMES NOW the Staff of the Missouri Public Service Commission (Staff) and moves that the Commission cancel the certificates of service authority to provide private pay telephone service it has granted to the individuals listed above. In support of its Motion, Staff respectfully states as follows:

1. The above-captioned individuals (Providers) have been granted certificates of service authority by the Missouri Public Service Commission (Commission) to provide private pay telephone services, pursuant to the Commission's authority under Section 386.250, RSMo 2000. A list containing information for each of the Providers was prepared and verified by

affiant Staff employee Sherri L. Kohly of the Utility Operations Division of the Commission. A copy of said list is marked "Appendix A," attached hereto and made a part hereof.

2. Each of the Providers shares the following facts that support Staff's motion to open a mass docket case for the cancellation of the Providers' certificates:

- a) Each of the Provider's FY2008 (pertaining to calendar year 2006) statement of revenue forms report \$0 annual revenue.
- b) Each of the Provider's FY2008 statement of revenue forms indicates that the Providers do not wish to retain their operating certificate.

3. None of the Providers has any past due assessments to the Commission. Payphone providers are not required to submit annual reports. No formal complaints have been filed against any of the Providers since the commencement of the Electronic Filing and Information System.

4. Because the Providers have requested cancellation of their certificates and because they are no longer providing telecommunications service in Missouri, the Staff recommends that the Commission issue an order canceling their certificates of service authority.

5. The Commission has the authority to cancel a telecommunications company certificate pursuant to Section 392.410.5 RSMo (Supp. 2005), which provides:

Any certificate of service authority may be altered or modified by the commission after notice and hearing, upon its own motion or upon application of the person or company affected.

However, the Commission need not hold a hearing, if, after proper notice and opportunity to intervene, no party requests such a hearing. State ex rel. Rex Deffenderfer Enterprises, Inc. v. Public Service Commission, 776 S.W.2d 494 (Mo. App. 1989).

6. Each individual listed in Appendix A will be served via certified mail at the address each individual has provided to the Commission.

WHEREFORE, the Staff recommends the Commission cancel the certificates of service authority to provide private pay telephone service.

Respectfully submitted,

/s/ **David A. Meyer**
