and for Competitive Classification.)

ORDER APPROVING INTEREXCHANGE CERTIFICATE OF SERVICE AUTHORITY AND
ORDER APPROVING TARIFF

America One Communications, Inc. (America One) applied to the Public Service Commission on February 26, 1999, for a certificate of service authority to provide intrastate interexchange telecommunications services in Missouri under Section 392.440, RSMo 1994¹. America One asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by Sections 392.361 and 392.420. Applicant is a Delaware corporation, with its principal office located at 2650 Park Tower Drive, Suite 300, Vienna, Virginia 22180.

The Commission issued a Notice of Applications and Opportunity to Intervene on March 2, directing parties wishing to intervene to file their requests by March 17. The requirement for a hearing is met when the opportunity for hearing has been provided and no proper party has requested the opportunity to present evidence. State ex rel. Rex Deffenderfer Enterprises, Inc. v. Public Service Commission, 776 S.W.2d 494, 496 (Mo.App. 1989). Since no one has asked permission to intervene

or requested a hearing, the Commission may grant the relief requested based on the verified application.

America One filed a proposed tariff in conjunction with its application and filed substitute sheets on March 29. The tariff's effective date is April 12. America One's tariff describes the rates, rules, and regulations it intends to use, identifies America One as a competitive company, and lists the waivers requested. America One intends to provide interexchange telecommunications services including 1+, 800/888/877, directory assistance and travel card services.

In its Memorandum filed on April 1, the Staff of the Commission stated that Applicant's proposed services are similar to existing IXC offerings. Staff recommended that the Commission grant Applicant a certificate of service authority, competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the proposed tariff as amended to become effective on April 12.

The Commission finds that competition in the intrastate interexchange telecommunications market is in the public interest and Applicant should be granted a certificate of service authority. The Commission finds that the services Applicant proposes to offer are competitive and Applicant should be classified as a competitive company. The Commission finds that waiving the statutes and Commission rules set out in the ordered paragraph below is reasonable and not detrimental to the public interest.

The Commission finds that America One's proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange carriers. The Commission finds that the proposed tariff filed on February 26 shall be approved as amended to become effective on April 12.

IT IS THEREFORE ORDERED:

1. That America One Communications, Inc. is granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to all applicable statutes and Commission rules except as specified in this order.

2. That America One Communications, Inc. is classified as a competitive telecommunications company. Application of the following statutes and regulatory rules shall be waived:
