BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI

In the Matter of the Application of Quick-Tel)
Communications, Inc. for Approval of an)
Interconnection Agreement with Southwestern) Case No. TO-99-413
Bell Telephone Company under the)
Telecommunications Act of 1996.)

ORDER DIRECTING NOTICE AND
MAKING SOUTHWESTERN BELL TELEPHONE COMPANY A PARTY

Quick-Tel Communications, Inc. (Quick-Tel) filed an application with the Commission on March 26, 1999 for approval of an interconnection agreement with Southwestern Bell Telephone Company (SWBT) under the provisions of the federal Telecommunications Act of 1996 (the Act).

Quick-Tel states that it has pending before the Commission an application in case number TA-99-250 for certificates of authority to provide basic local and local exchange access telecommunications services in Missouri and to classify the company and its services as competitive. Thus, Quick-Tel is a "telecommunications carrier" as defined by the Act.

Quick-Tel states that the agreement complies with Section 252 of the Act in that it does not discriminate against any other telecommunications carrier. Quick-Tel states that the implementation of the agreement will be consistent with the public interest, convenience and necessity in that it will enable Quick-Tel to bring competitive telecommunications alternatives to the public.

Section 252(e) of the Act provides that an interconnection agreement must be approved unless the state commission finds that the agreement discriminates against a telecommunications carrier not a party to the agreement, or that implementation of the agreement is not consistent with the public interest, convenience, and necessity.

Although SWBT is a party to the agreement, it did not join in the application. The Commission will make SWBT a party to this case.

The Commission finds that proper persons should be allowed 20 days from the issuance of this order to file a motion for hearing or an application to participate without intervention. Participation may be permitted for the limited purpose of filing comments addressing whether this agreement meets the federal standards for approval of interconnection agreements. The requirement of a hearing is met when an opportunity to be heard has been provided and no proper party has requested the opportunity to present evidence. State ex rel. Rex Deffenderfer Enterprises, Inc. v. Public Service Commission, 776 S.W.2D 494, 496 (Mo. App. 1989).

Section 252(e)(4) of the Act provides that if the Commission has not approved an agreement within 90 days after submission, the agreement shall be deemed approved. Therefore, the Commission will proceed with this case expeditiously and, if there are no requests for a hearing, relief may be granted based on the verified petition. The Commission finds that notice of this application should be sent to all interexchange and local exchange telecommunications companies.

IT IS THEREFORE ORDERED:

1. That the Records Department of the Commission shall send notice to all interexchange and local exchange telecommunications companies.

2. That Southwestern Bell Telephone Company is made a party to this case.

3. That any party wishing to request a hearing or to participate without intervention in this matter shall file an application no later than April 21, 1999, with:
