OFFICERS

- 1. Report below the name, title, office address, and salary for the year of each general officer of the respondent. Report the information also for each other employee whose annual salary is \$25,000 or more.
- 2. If any officer or other employee reported in this schedule received remuneration from respondent, directly or indirectly, other than the salary reported in column (d), such as commissions, bonuses, shares in profits, moneys paid, set aside or accrued pursuant to any pension, retirement, savings or similar plan (exclusive of plans qualified under Section 401 of the Internal Revenue Code of 1954) including premiums paid for retirement annuities, or life insurance where the respondent is not the beneficiary, or any other advantageous arrangement which constitutes a form of compensation, give the essentials of the plan not previously reported, the basis of determining the ultimate benefits receivable, and the payments or provisions made during the year with respect to each person reported herein. If the word "none" correctly states the facts with respect to the matters referred to in this instruction, so state:

 Response omitted per instructions in 7.

•	State the annual Benefits estimated to be payable to each of the three highest paid officers named herein in the event of retirement at normal retirement date pursuant to any pension or retirement plan: Response omitted per instructions in 7.
•	Describe all transactions since the beginning of the year in which any person who was an officer of the respondent at any time during the year received remuneration, directly or indirectly, from the respondent in the form of securities, options, warrants, rights or other property, or through the exercise or disposition thereof. If the response "none" correctly states the facts with respect to the matters referred to in this instruction, so state: Response omitted per instructions in 7.
	State briefly any arrangement under which any officer is insured or indemnified against liability, which he may incur in his capacity as an officer. If there are no such arrangements, so state:
	If a change was made during the year in the incumbent of any position, show name and address and total remuneration of the previous incumbent and date change in incumbency was made: Response omitted per instructions in 7.

Title (a) President	Name of Officer (b) Vernon L. Stump	Principal Business Address (City and State) (C) Lake Ozark, MO	Salary for Year (d)
Vice President	Robert P. Schwermann	Lake Ozark, MO	0

DIRECTORS

- Report below the information called for concerning each director of the respondent who held office at any time during the year. Include in column (a), abbreviated titles of the directors who are officers of the respondent.
- If any of the instructions 2, 3, 4, 5 of the schedule, Officers, is applicable with respect to any directors who is not an officer, Furnish responses concerning the matters referred to in those instructions. If the matters referred to in those instructions are not applicable, or if the reporting of this information is not required because of Instructions 7 of Officers, Page F-2, so state.

 No response necessary

SECURITY HOLDERS AND VOTING POWER

- 1. (A) Give the names and address of the ten security holders of the respondent who, at the date of the latest closing of the stock book or compilation of list of stockholders of the respondent, prior to the end of the year, had the highest voting powers in the respondent, and state the number of votes which each would have had the right to cast on that date if a meeting were then in order. If any such holder held in trust, give in a footnote the known particulars of the trust (whether voting trust, etc), duration of trust, and principal holders of beneficiary interests in the trust. If the stock book was not closed or a list of stockholders not compiled within one year prior to the end of the year, or if since the previous complication of a list of stockholders, some other class of security has become vested with voting rights, then show such ten security holders as of the close of the year. Arrange the names of the security holders in the order of voting power, commencing with the highest. Show in column (a) the titles of officers and directors included in such list of ten security holders.
- (B) Give also the voting powers resulting from ownership of securities of the respondent of each officer and director not included in the list of ten largest security holders.
- If any security other than stock carries voting rights, explain in a supplemental statement the circumstance whereby such security became vested with voting rights of such security. State whether voting rights are actual or contingent and if contingent, describe the contingency,
- If any class or issue of security has any special privileges in the election of directors, trustees or managers, or in the determination of corporate action by any method, explain briefly.

5 .	Furnish particulars concerning any options, warrants, or rights outstanding at the end of the year for others to purchase securities of the respondent or any securities or other assets owned by the respondent, including prices, expiration dates, and other material information relating to exercise of the options, warrants, or rights. Specify the amount of such securities or assets so entitled to be purchased by any officer, director, associated company, or any of the ten largest security holders. This instruction is inapplicable to convertible securities or to any securities substantially all of which are outstanding in the hands of the general public where the options, warrants, or rights were issued on a prorate basis. Give date of the latest closing of the stock book prior to end of					
6.	State the total number of votes cast on the latest general meeting prior to the end of the year for election of directors of the					
	respondent and number of such votes cast by proxy: Total: By Proxy:					
7 .	Give the date and place of such meeting:

NOTES TO BALANCE SHEET

- 1. The space below is provided for important notes regarding the balance sheet or any account thereof.
- 2. Furnish particulars as to any significant contingent assets or liabilities existing at end of year, including brief explanation of any action initiated by the Internal Revenue Service involving possible assessment of additional income taxes of material amount, or of a claim for refund of income taxes of a material amount initiated by the utility. Give also, a brief explanation of any dividends in arrears on cumulative preferred stock.
- 3. For Account 116, Utility Plant Adjustments, explain the origin of such amounts, and plan of disposition contemplated,
- give references to commission orders or other authorizations respecting classification of amounts as plant adjustments and requirements as to disposition thereof.
- 4. Give a concise explanation of any retained earnings restrictions and state the amount of retained earnings affected by such restrictions.
- 5. If the notes to the balance sheet relating to the respondent company appearing in the Annual Report to the Stockholders are applicable in every respect and furnish the data required by Instructions 2, 3, and 4 above, such notes may be attached hereto.

INVESTMENT TAX CREDITS GENERATED AND UTILIZED

This schedule shall be prepared by the reporting company regardless of the method of accounting adopted for the investment tax, credits. By footnote state the method of accounting adopted, and whether the company has consented to pass the entire amount of tax credits on to customers in the year used to reduce taxes and if so, state the amount of such credits, passed on.

Ozark Shores Water Company

- As indicated in Column (a), the schedule shall show each year's activities commencing with 1962 and shall separately identify the data for the various rates.
- Report in Column (b) the amount of investment tax credits generated form properties acquired for use in public utility operations and report in Column (c) the amount of such generated credits utilized in computing the annual income taxes. If there

- are other utility or non-utility operations, show any applicable generated and utilized investment tax credits in a footnote. Also explain by footnote any adjustment to Columns (b), (c), and (d) such as for corrections, etc., or carry back or unused credits.
- Report in Column (d) the weight-average useful life of all properties used in computing the investment tax credits in Column (b).
- Show by footnote any unused credits available at end of each year for carry forward as a reduction of taxes in subsequent years.
- Separate amounts according to classification of utility using as additional page if necessary

DISTRIBUTION OF SALARIES AND WAGES

Report below the distribution of total salaries and wages for the year. Amounts originally charged to clearing accounts should be segregated as to Utility Departments, Constructions, Plant Removal, and Other Accounts, and shown in the appropriate lines and spaces provided for such amounts. In determining this segregation of salaries and wages originally charged to clearing accounts a method of approximation, giving substantially correct results may be used.

DETAIL OF CERTAIN GENERAL EXPENSE ACCOUNTS

Report data requested for accounts as indicated. For Account 923, report total amount paid as well as amount applicable to se	wer utility operation.
Description of Item	Amount
(a)	(b)
Acct. 923, Outside Services Employed - State total Cost, nature of service, and name of each person who was paid for	
services includible in this amount, \$5,000 or more.	
Total	
Acct. 924, Property Insurance - List hereunder major classes of expenses and also state extent to which utility is self-	
insurer against insurable risk to its property:	
Premiums for insurance:	
Dividends received from insurance companies – credit:	
Amounts credited to Acct. 261, Property Insurance Reserve	
Other Expenses (list Major classes)	
Total	
Acct. 925, Injuries and Damages - List hereunder major classes of expense, also state extent to which utility is self-insurer	
against risks of injuries and damages to employees or other:	
Premiums for insurance	
Dividends received from insurance companies - Credit	
Amounts credited to Acct. 262, Injuries & Damages Reserves	
Expenses of investigation and adjusting claims	
Cost of Safety and accident-prevention activities	<u> </u>
Other expenses (list major classes)	
Total	
Acct. 926, Employee Pensions and Benefits - Report total amount for utility hereunder and show credit for amounts	
transferred to construction or other accounts, leaving the net balance in Acct 926.	
Pension accruals or payments to pension funds	<u></u>
Pension payments under unfunded basis	<u> </u>
Employees' benefits (life, Health, accident and hospital insurance, etc)	
Expense of educational and recreational activities for employee	
Other Expenses (list major item)	<u> </u>
	<u> </u>
Total	

DETAIL OF CERTAIN GENERAL EXPENSE ACCOUNTS (CONT)

Acct. 928 Regulatory Commission Expenses:

- 1. Give the particulars called for below concerning all expenses incurred during the year in connection with formal cases before regulatory commissions, or other regulatory bodies, or cases in which such a body a party.
- 2. Include in description the case, the name of regulatory body and case or docket number.
- 3. Include as expenses charged off during year (column g) the amount of any deferred regulatory commission expenses amortized for year.

POWER, PUMPING AND PURCHASED WATER STATISTICS

	Particulars	Purchased Water	Electric Power		Total All Methods
L	(a)	(b)_	(c)	(d)	(e)
1.	Gallons Station Pumping into Distribution Main				
2.	January	0	15,265,000		15,265,000
3.	February .	0	13,467,000		13,467,000
4.	March	0	17,032,000		17,032,000
5.	April	0	19,222,000		19,222,000
6	May	4,211,000	18,490,000		22,701,000
7.	June	5,387,000	19,136,000		24,523,000
8.	July	10,011,000	27,674,000		37,685,000
9.	August	11,739,000	28,284,000		40,023,000
10.	September	6,541,000	17,943,000		24,484,000
11.	October	6,210,000	17,444,000		23,654,000
12	November	3,426,000	13,504,000		16,930,000
13	December	4,349,000	12,446,000		16,795,000
14.	Total For Year	51,874,000	219,907,000	·	271,781,000
15.	Maximum Gallons Pumped by all methods in any		Date: 7-30-03 1,77		
16.	Minimum gallons pumped by all methods in any o	one day	Date: 2-5-03 277,1	00	
17.	Total gallons of water passed through customers' I	neters during year	206,779,000		
18.	Total gallon of first stage pumping (estimated if r	ot metered)			
19.	Type of power used for first stage pumping				
20.	Utility supplying electricity for pumping			·	
_21.	Total amount paid for electric demand Kilowatts				
22.	Total amount paid for electric energy - kilowatt h	ours			
23.	Total amount paid for electricity for pumping during	ng year			
24.	Total amount of electricity used for pumping - kil	owatt hours			
25.	Measured or estimated gallons of water used in bac	ckwashing during year		-	
26.	Measured or estimated gallons of water in blowing	settling basin			
27.	Maximum number of fire streams in use at one tim	e during year			
28.	Range of pressure on mains as measured at station				
29	Average static head against which pumps wok, in i	act			
30.					
31.					
32.	If water is purchased for resale, indicate the Follov	ving:			
33.	Vendor				
34	Point of Delivery				
35.	If Water is sold to other water utilities for redistrib	ution, list names of such	utilities below.
