ORDER APPROVING INTEREXCHANGE AND LOCAL EXCHANGE CERTIFICATES OF
SERVICE AUTHORITY AND ORDER APPROVING TARIFF

American International Telephone, Inc. d/b/a AIT, Inc. (AIT)
applied to the Public Service Commission on June 20, 1996, for a
certificate of service authority to provide intrastate interexchange and
local exchange telecommunications services in Missouri under § 392.410 -
.450 RSMo 1994¹. AIT asked the Commission to classify it as a
competitive company and waive certain statutes and rules as authorized
by §§ 392.361 and 392.420. Applicant is a Delaware corporation, with its
principal office located at 287 Bowman Avenue, Purchase, New York 10577.

The Commission issued a Notice of Applications and Opportunity to
Intervene on June 25, 1996, directing parties wishing to intervene in the
case to do so by July 10, 1996. Since no one requested a hearing or
permission to intervene, the Commission determines that no hearing is

necessary. *State ex rel. Rex Deffenderfer Enterprises, Inc. v. Public Service Commission*, 776 S.W.2d 494, 496 (Mo.App. 1989).

AIT filed a proposed tariff at the time of its application, on June 20, 1996, and filed substitute sheets on July 11, 1996. The tariff's effective date is August 5, 1996. AIT's tariff describes the rates, rules, and regulations it intends to use, identifies AIT as a competitive company, and lists the waivers requested. AIT intends to provide interexchange and local exchange telecommunications services including 1+, 800, and debit card services.

In its Memorandum filed July 17, 1996, the Staff of the Commission stated that Applicant's proposed services are the same or equivalent to those classified as competitive in Case No. TO-88-142, *In re the investigation for the purpose of determining the classification of the services provided by interexchange telecommunications companies within the State of Missouri*, 30 Mo. P.S.C. (N.S.) 16 (September 1989). Staff recommended that the Commission grant Applicant a certificate of interexchange service authority, and a certificate of service authority for local exchange telecommunication services on condition that this authority be restricted to providing dedicated, non-switched local exchange private line services. Staff recommended that the Commission grant Applicant competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the tariff as amended, effective August 5, 1996.

The Commission finds that competition in the intrastate interexchange and local exchange telecommunications markets is in the public interest and Applicant should be granted a certificate of service authority. The Commission finds that the services Applicant proposes to offer are competitive and Applicant should be classified as a competitive company. The Commission is of the opinion that waiving the statutes and Commission rules set out in ~~Ordered~~ Paragraph 2 is reasonable and not detrimental to the public interest.

The Commission determines, by authority of § 392.470, that Applicant should comply with the following regulatory requirements as reasonable and necessary conditions of certification:

- (1) Applicant must comply with reasonable requests by Staff for financial and operating data to allow Staff to monitor the intraLATA toll market. § 386.320.3.
- (2) Applicant must file tariffs containing rules and regulations applicable to customers, a description of the services provided, and a list of rates associated with those services in accordance with 4 CSR 240-30.010 and § 392.220.
- (3) Applicant may not unjustly discriminate between its customers. §§ 392.200, 392.400.
- (4) Applicant must comply with all applicable rules of the Commission except those specifically waived by this order. §§ 386.570, 392.360.

- (5) Applicant must file a Missouri-specific annual report.
§§ 392.210, 392.390.1.
- (6) Applicant must comply with jurisdictional reporting requirements as set out in each local exchange company's access services tariffs. § 392.390.3.
- (7) Applicant must submit to the staff, on a confidential basis, a copy of the jurisdictional report it submits to local exchange companies. The report must be submitted within ten (10) days of the date on which it is submitted to the local exchange company.

The Commission finds that AIT's proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange and local exchange carriers. The Commission finds that the proposed tariff filed on June 20, 1996, and amended on July 11, 1996, should be approved, effective August 5, 1996.

IT IS THEREFORE ORDERED:

1. That American International Telephone, Inc. d/b/a AIT, Inc. be granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to the conditions of certification set out above.
