asked permission to intervene or requested a hearing, the Commission may grant the relief requested based on the verified application.

One Tel filed a proposed tariff in conjunction with its application and filed substitute sheets on January 7, 2000, January 12, 2000, and February 7, 2000. The tariff's effective date is February 28, 2000, extended from January 24, 2000. One Tel's tariff describes the rates, rules, and regulations it intends to use, identifies One Tel as a competitive company, and lists the waivers requested. One Tel intends to provide interexchange telecommunications services including Dial Around services.

In its Memorandum filed on February 10, 2000, the Staff of the Commission (Staff) recommended that the Commission grant One Tel a certificate of service authority, competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the proposed tariff as amended to become effective on February 28, 2000.

The Commission finds that competition in the intrastate interexchange telecommunications market is in the public interest and One Tel should be granted a certificate of service authority. The Commission finds that the services One Tel proposes to offer are competitive and One Tel should be classified as a competitive company. The Commission finds that waiving the statutes and Commission rules set out in the ordered paragraph below is reasonable and not detrimental to the public interest.

The Commission finds that One Tel's proposed tariff details the services, equipment, and pricing it proposes to offer. The

Commission finds that the proposed tariff filed on December 9, 1999, shall be approved as amended to become effective on February 28, 2000.

IT IS THEREFORE ORDERED:

1. That One Tel, Inc., is granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to all applicable statutes and Commission rules except as specified in this order.

2. That One Tel, Inc., is classified as a competitive telecommunications company. Application of the following statutes and regulatory rules shall be waived:
