April 25, 2005

Mr. Dale Hardy Roberts
Secretary/Chief Regulatory Law Judge
Missouri Public Service Commission
Governor Office Building
200 Madison Street, Suite 100
Jefferson City, MO 65102-0360

Dear Mr. Roberts:

The accompanying tariff sheets issued by Union Electric Company d/b/a AmerenUE are transmitted to you for filing as a revision of P.S.C. Schedule No. 5, of Rates for Electric Service:

Filed

3rd Revised Sheet No. 192
4th Revised Sheet No. 193

Canceling

2nd Revised Sheet No. 192
3rd Revised Sheet No. 193

These sheets are being filed to implement a revised Residential Time of Use (TOU) Pilot Program for July 2005 through September 2005. The major difference for this filing is that there will be only two residential groups both with a Critical Peak Period, but one group will be provided with a smart thermostat. This program was developed pursuant to Sections 10. and 11.c. of the Missouri Public Service Commission Order in Docket No. EC-2002-1, whereby a collaborative committee would be established to design and evaluate an experimental residential TOU pilot project.

The above tariff sheets are being filed on April 25, 2005, to become effective on and after May 25, 2005.

Sincerely,

Steven R. Sullivan
