Commission, or any other agency having jurisdiction to offer and provide service in areas smaller than an exchange pursuant to Section 392.200.4 RSMo, or other applicable law, and

- D. In accord with state and federal law, and with Commission rules and regulations on the issue, but without waiver of applicant's right to appear in any rulemaking proceeding or other proceeding regarding the same. Applicant will provide equitable access to subscribers within the area proposed to be served. See Section 392.455.(5), RSMo.

8. Applicant requests classification as a competitive telecommunications company within the State of Missouri. Applicant believes that its proposed services will be subject to sufficient competition to justify a lesser degree of regulation. Granting of this application will allow greater price and service options for telephone users.

9. Applicant also requests, pursuant to Section 392.420 RSMo (Cum. Supp. 1992), that the Commission waive the application of the following rules and statutory provisions as it relates to the regulation of the Applicant. The following list identifies Commission rules and statutes previously waived by the Missouri Public Service Commission for other competitive telecommunications companies.

The above-referenced rules and statutory provision have been waived to other interexchange carriers in prior cases.

10. Pursuant to Section 386.570, (Cumm. Supp. 1992), Applicant will comply with all applicable Commission rules except those which are specifically waived by the Commission pursuant to a request filed by the Applicant.

11. Applicant states that considerations of the public interest and particularly equitable access for potential subscribers to service who reside in the area sought to be certificated warrant the granting of this application in that Applicant will extend the benefits of competition into the intrastate interexchange market, increase the diversity of choice and supply of telecommunications services and products in exchanges in which it will offer service and shall increase consumer access to competitive and affordable telecommunications services.

WHEREFORE, Applicant Snappy Phone, respectfully requests that the Public Service Commission of Missouri grant it a Certificate of
