4.4.2 <u>PACIFIC/NEVADA/SNET</u> – An initial non-recurring charge applies per state, per brand, per Operator assistance switch for the establishment of CLEC specific branding. An additional non-recurring charge applies per state, per brand, per Operator assistance switch for each subsequent change to branding announcement. These charges are set forth in Appendix Pricing under the "Other (Resale)" category.

5. OS RATE/REFERENCE INFORMATION

- 5.1 CLEC will furnish OS Rate and Reference Information in a mutually agreed to format or media thirty (30) calendar days in advance of the date when the OS Services are to be undertaken.
- 5.2 CLEC will inform <u>SBC-13STATE</u>, in writing, of any changes to be made to such Rate/Reference Information fourteen calendar days prior to the effective Rate/Reference change date. CLEC acknowledges that it is responsible to provide <u>SBC-13STATE</u> updated Rate/Reference Information in advance of when the Rate/Reference Information is to become effective.
- 5.3 An initial non-recurring charge will apply per state, per Operator assistance switch for loading of CLEC's OS Rate/Reference Information. An additional non-recurring charge will apply per state, per Operator assistance switch for each subsequent change to either CLEC's OS Services Rate or Reference Information. These charges are set forth in Appendix Pricing under the "Other (Resale)" category.
- 5.4 When an <u>SBC-13STATE</u> Operator receives a rate request from a CLEC End User, where technically feasible and available, <u>SBC-13STATE</u> will quote the applicable OS rates as provided by the CLEC.
 - 5.4.1 PACIFIC/NEVADA/SBC-AMERITECH In the interim, when an Operator receives a rate request from a CLEC End User, PACIFIC/NEVADA/SBC-AMERITECH will transfer the CLEC End User to a customer care number specified by the CLEC on the OSQ. When PACIFIC/NEVADA/SBC-AMERITECH has the capability to quote specific CLEC rates and reference information, the Parties agree that the transfer option will be eliminated.

6. INTRALATA MESSAGE RATING

6.1 <u>SBC-SWBT</u> - Upon request, CLEC may opt to purchase intraLATA Message Rating Service. This service provides the message rating function on all <u>SBC-SWBT</u> Operator assisted intraLATA calls. With this service, <u>SBC-SWBT</u> will

compute the applicable charges for each message based on CLEC's schedule of rates provided to **SBC-SWBT**.

7. HANDLING OF EMERGENCY CALLS TO OPERATOR

7.1 <u>SBC-13STATE</u> asks a caller placing an emergency call to Operator for the name of his/her community and attempts to transfer the caller to the appropriate emergency agency for the caller's area. When the caller is unable to provide the name of his/her community, <u>SBC-13 STATE</u> transfers the caller to a default emergency agency number. When the assistance of another Carrier's operator is required, <u>SBC-13STATE</u> will attempt to reach the appropriate operator if the network facilities for inward assistance exist. CLEC agrees to indemnify, defend, and hold harmless <u>SBC-13STATE</u> from any and all actions, claims, costs, damages, lawsuits, liabilities, losses and expenses, including reasonable attorney fees, arising from any misdirected calls.

8. RESPONSIBILITIES OF THE PARTIES

- 8.1 CLEC agrees that due to quality of service and work force schedule issues, **SBC-13STATE** will be the sole provider of OS for CLEC's local serving area(s).
- 8.2 CLEC will furnish to **SBC-13STATE** a completed OSQ, thirty (30) calendar days in advance of the date when the OS are to be undertaken.
- 8.3 CLEC will provide **SBC-13STATE** updates to the OSQ fourteen (14) calendar days in advance of the date when changes are to become effective.

9. METHODS AND PRACTICES

9.1 <u>SBC-13STATE</u> will provide OS to CLEC's End Users in accordance with <u>SBC-13STATE</u> OS methods and practices that are in effect at the time the OS call is made, unless otherwise agreed in writing by both Parties.

10. PRICING

10.1 Subject to any blocking that may be ordered by CLEC for its End Users, <u>SBC-13STATE</u> will provide access to Operator Services (OS) to CLEC's End Users to the same extent it provides OS to its own End Users. CLEC shall pay the charges associated with the utilization of OS by CLEC's End Users. Discounts associated with the utilization of OS are set forth in Appendix Pricing and/or the applicable Commission ordered tariff.

11. MONTHLY BILLING

- 11.1 For information regarding billing, non-payment, disconnection, and dispute resolution, see the General Terms and Conditions of this Agreement.
- 11.2 <u>SBC-13STATE</u> will accumulate and provide CLEC OS usage data on CLEC's monthly bill for CLEC to bill its End Users.

12. LIABILITY

- 12.1 The provisions set forth in the General Terms and Conditions of this Agreement, including but not limited to those relating to limitation of liability and indemnification, shall govern performance under this Appendix.
- 12.2 CLEC also agrees to release, defend, indemnify, and hold harmless **SBC-13STATE** from any claim, demand or suit that asserts any infringement or invasion of privacy or confidentiality of any person or persons caused or claimed to be caused, directly, or indirectly, by **SBC-13STATE** employees and equipment associated with provision of the OS Services, including but not limited to suits arising from disclosure of the telephone number, address, or name associated with the telephone called or the telephone used to call Operator Services.

13. TERM OF APPENDIX

- 13.1 This Appendix will continue in force for the length of the Resale Agreement, but no less than twelve (12) months. At the expiration of the term of the Resale Agreement to which this Appendix is attached, or twelve months, which ever occurs later, either Party may terminate this Appendix upon one hundred-twenty (120) calendar days written notice to the other Party.
- 13.2 If CLEC terminates this Appendix prior to the expiration of the term of this Appendix, CLEC shall pay <u>SBC-13STATE</u>, within thirty (30) days of the issuance of any bills by <u>SBC-13STATE</u>, all amounts due for actual services provided under this Appendix, plus estimated monthly charges for the unexpired portion of the term. Estimated charges will be based on an average of the actual monthly service provided by <u>SBC-13STATE</u> pursuant to this Appendix prior to its termination.

14. APPLICABILITY OF OTHER RATES, TERMS AND CONDITIONS

14.1 Every resale service provided hereunder, shall be subject to all rates, terms and conditions contained in this Agreement which are legitimately related to such resale service. Without limiting the general applicability of the foregoing, the following terms and conditions of the General Terms and Conditions are specifically agreed by the Parties to be legitimately related to, and to be applicable

APPENDIX OS - SBC-13STATE

APPENDIX OSS (ACCESS TO OPERATIONS SUPPORT SYSTEMS FUNCTIONS)

1. INTRODUCTION

- 1.1 This Appendix sets forth terms and conditions for nondiscriminatory access to Operations Support Systems (OSS) "functions" to CLEC for pre-ordering, ordering, provisioning, maintenance/repair, and billing provided by the applicable SBC Communications Inc. (SBC) owned Incumbent Local Exchange Carrier (ILEC) and CLEC.
- 1.2 SBC Communications Inc. (SBC) means the holding company which owns the following ILECs: Illinois Bell Telephone Company, Indiana Bell Telephone Company Incorporated, Michigan Bell Telephone Company, Nevada Bell Telephone Company, The Ohio Bell Telephone Company, Pacific Bell Telephone Company, The Southern New England Telephone Company, Southwestern Bell Telephone Company and/or Wisconsin Bell, Inc. d/b/a Ameritech Wisconsin.
- 1.3 <u>SBC-13STATE</u> As used herein, <u>SBC-13STATE</u> means the applicable above listed ILEC(s) doing business in Arkansas, California, Connecticut, Illinois, Indiana, Kansas, Michigan, Missouri, Nevada, Ohio, Oklahoma, Texas, and Wisconsin.
- 1.4 <u>SBC-12STATE</u> As used herein, <u>SBC-12STATE</u> means the applicable above listed ILEC(s) doing business in Arkansas, California, Illinois, Indiana, Kansas, Michigan, Missouri, Nevada, Ohio, Oklahoma, Texas, and Wisconsin.
- 1.5 <u>SBC-8STATE</u> As used herein, <u>SBC-8STATE</u> means an applicable above listed ILEC(s) doing business in Arkansas, California, Connecticut, Kansas, Missouri, Nevada, Oklahoma, and Texas.
- 1.6 <u>SBC-7STATE</u> As used herein, <u>SBC-7STATE</u> means the applicable above listed ILEC(s) doing business in Arkansas, California, Kansas, Missouri, Nevada, Oklahoma, and Texas.
- 1.7 <u>SBC-SWBT</u> As used herein, <u>SBC-SWBT</u> means the applicable above listed ILEC(s) doing business in Arkansas, Kansas, Missouri, Oklahoma, and Texas.
- 1.8 <u>SBC-AMERITECH</u> As used herein, <u>SBC-AMERITECH</u> means the applicable above listed ILEC(s) doing business in Illinois, Indiana, Michigan, Ohio, and Wisconsin.
- 1.9 **PACIFIC** -As used herein, **PACIFIC** means the applicable above listed ILEC doing business in California.

- 1.10 <u>NEVADA</u> As used herein, <u>NEVADA</u> means the applicable above listed ILEC doing business in Nevada.
- 1.11 <u>SNET</u> As used herein, <u>SNET</u> means the applicable above listed ILEC doing business in Connecticut.
- 1.12 <u>SBC-13STATE</u> has established performance measurements to illustrate non-discriminatory access. These measurements are represented in Appendix Performance Measurements.

2. **DEFINITIONS**

- 2.1 "LSC" means (i) the Local Service Center (LSC) for SWBT, PACIFIC, and NEVADA; (ii) Local Exchange Carrier Center (LECC) for SNET; and (iii) Information Industry Service Center (IISC) for SBC-AMERITECH.
- 2.2 "LOC" means (i) the Local Operations Center (LOC) for <u>SWBT</u>, <u>PACIFIC</u>, <u>NEVADA</u>, and <u>SNET</u>; and (ii) the Customer Response Unit (CRU) for <u>SBC-AMERITECH</u>.

3. GENERAL CONDITIONS

3.1 Resale functions will be accessible via electronic interface(s), as described herein, where such functions are available. The Parties agree that electronic order processing is more efficient than manual order processing. During implementation the Parties will negotiate a threshold volume of orders after which electronic ordering is required. Once CLEC is submitting more than the agreed to threshold amount, but not later than twelve (12) months from the Effective Date of this Agreement, CLEC will no longer submit orders manually (and SBC-13 STATE shall not be required to accept and process orders manually) except when the electronic order processing is unavailable for a substantial period of time, or where a given order cannot be processed electronically.

3.2 Proper Use of OSS interfaces:

3.2.1 For <u>SBC-7STATE</u>, CLEC agrees to utilize <u>SBC-7STATE</u> electronic interfaces, as described herein, only for the purposes of establishing and maintaining Resale Services through SBC-7STATE. In addition, CLEC agrees that such use will comply with the summary of <u>SBC-7STATE</u>'s Operating Practice No. 113, Protection of Electronic Information, titled "Competitive Local Exchange Carrier Security Policies and Guidelines". Failure to comply with such security guidelines may result in forfeiture of electronic access to OSS functionality. In addition, CLEC shall be responsible for and indemnifies SBC-7STATE against any cost, expense

or liability relating to any unauthorized entry or access into, or use or manipulation of <u>SBC-7STATE</u>'s OSS from CLEC systems, workstations or terminals or by CLEC employees or agents or any third party gaining access through information and/or facilities obtained from or utilized by CLEC and shall pay <u>SBC-7STATE</u> for any and all damages caused by such unauthorized entry.

- 3.2.2 For <u>SNET</u> region, CLEC agrees to access and utilize <u>SNET</u>'s Enhanced Services Access Platform, (ESAP), only for the purposes described herein. CLEC agrees that its access and use of ESAP shall, at all times, comport with SNET's "Wholesale CIWin User Guide", "EF User Guide", "ESAP Installation Guide", "ESAP Help Desk Guide", "CLEC Mechanized Interface Specification", and any other guide describing the interface or interface requirements that SNET may, from time to time, provide CLEC (collectively, the "Guides"). Failure materially to adhere to any material provision of such Guides may result, among other things, in forfeiture of electronic access to SNET's OSS functionality via ESAP upon notice. In addition. CLEC shall be responsible for and indemnifies SNET against any cost, expense or liability relating to any unauthorized entry or access into, or use or manipulation of SNET's OSS or ESAP from CLEC complimentary systems, workstations or terminals or by CLEC employees or agents any third party gaining access through information and/or facilities obtained from or utilized by CLEC and shall pay SNET for any and all damages caused by such unauthorized entry.
- 3.3 Within SBC-7STATE regions, CLEC's access to pre-order functions described in 4.2.2 and 4.3.2 will only be utilized to view Customer Proprietary Network Information (CPNI) of another carrier's End User where CLEC has obtained an authorization for release of CPNI from the End User and has obtained an authorization to become the End User's Local Service Provider. Within SNET, and SBC-AMERITECH regions, CLEC's access to pre-order functions described in 4.2.2 and 4.3.2 will only be utilized to view Customer Proprietary Network Information (CPNI) of the applicable ILEC's or requesting CLEC's End User account where CLEC has obtained an authorization for release of CPNI from the End User and has obtained an authorization to become the End User's Local Service Provider. The authorization for release of CPNI must substantially reflect the following:
 - 3.3.1 Within <u>SBC-7STATE</u> regions, "This written consent serves as instruction to all holders of my local exchange telecommunications Customer Proprietary Network Information (CPNI) and account identification information to provide such information to the undersigned CLEC. Specifically, I authorize disclosure of my account billing name, billing address, and directory listing information, and CPNI, including, service

address, service and feature subscription, long distance carrier identity, and pending service order activity. I have authorized, CLEC to become my local service provider. This Authorization remains in effect until such time that I revoke it directly or appoint another individual/company with such capacity or undersigned receives notice to disconnect my local exchange service or notice that a service disconnect has been performed. At and from such time, this Authorization is null and void."

- 3.3.2 Within <u>SNET</u> region, "This written consent serves as instruction to all holders of any local exchange telecommunications Customer Proprietary Network Information ("CPNI") and account identification information to provide such information to [Name of CLEC]. Specifically, I authorize disclosure of any account billing name, billing address, and directory listing information, and CPNI, including, service address, service and feature subscription and long distance carrier identity. This Authorization remains in effect until such time as I [Name of Customer] revoke(s) it directly or appoint(s) another individual/company with such capacity or [Name of CLEC] receives notice to disconnect my local exchange service or notice that a service disconnect has been performed. At and from such time, this Authorization is null and void."
- 3.3.3 In <u>SBC-13STATE</u> regions, the CLEC may choose to use *this* CPNI language (in Section 3.3.3) in lieu of using the CPNI language in sections 3.3.1 or 3.3.2 above (depending on region). CLEC must have documented authorization for change in local exchange service and release of CPNI that adheres to all requirements of state and federal law, as applicable.
 - This section applies to **PACIFIC** ONLY for those CLECs who 3.3.3.1 opted to use CPNI language in Section 3.3.3. For residence End Users, prior to accessing such information, CLEC shall, on its own behalf and on behalf of PACIFIC, comply with all applicable requirements of Section 2891 of the California Public Utilities Code and 47 USC 222 (and implementing FCC decisions thereunder), and, where accessing such information via an electronic interface. CLEC shall have obtained an authorization to become the End User's local service provider. Accessing such information by CLEC shall constitute certification that CLEC is in compliance with applicable requirements of Section 2891 and Section 222 (and implementing FCC decisions thereunder) and has complied with the prior sentence. CLEC shall receive and retain such information in conformance with the requirements of 47 USC 222 (and implementing FCC decisions thereunder). agrees to indemnify, defend and hold harmless PACIFIC against

any claim made by a residence End User or governmental entity against <u>PACIFIC</u> or CLEC under Section 2891 or Section 222 (and implementing FCC decisions thereunder) or for any breach by CLEC of this section.

- 3.3.4 Throughout <u>SBC-13STATE</u> region, CLEC is solely responsible for determining whether proper authorization has been obtained and holds <u>SBC-13STATE</u> harmless from any loss on account of CLEC's failure to obtain proper CPNI consent from an End User.
- 3.4 By utilizing electronic interfaces to access OSS functions, CLEC agrees to perform accurate and correct ordering as it relates to the application of Resale rates and charges, subject to the terms of this Agreement and applicable tariffs dependent on region of operation. CLEC is also responsible for all actions of its employees using any of SBC-13STATE's OSS systems. As such, CLEC agrees . to accept and pay all reasonable costs or expenses, including labor costs, incurred by SBC-13STATE caused by any and all inaccurate ordering or usage of the OSS, if such costs are not already recovered through other charges assessed by SBC-13STATE to CLEC. In addition, CLEC agrees to indemnify and hold SBC-13STATE harmless against any claim made by an End User of CLEC or other third parties against SBC-13STATE caused by or related to CLEC's use of any SBC-13STATE OSS. In addition, SBC-13STATE retains the right to audit all activities by CLEC using any SBC-13STATE OSS. All such information obtained through an audit shall be deemed proprietary and shall be covered by the Parties Non-Disclosure Agreement signed prior to or in conjunction with the execution of this Agreement.
- 3.5 In areas where Resale Service order functions are not available via an electronic interface for the pre-order, ordering and provisioning processes, <u>SBC-13STATE</u> and CLEC will use manual processes. Should SBC develop electronic interfaces for these functions for itself, SBC will make electronic access available to CLEC within the specific operating region.
- 3.6 The Information Services (I.S.) Call Center for the <u>SBC-8STATE</u> region, and the Resource Center for the <u>SBC-AMERITECH</u> region provides for technical support function of electronic OSS interfaces. CLEC will also provide a single point of contact for technical issues related to the CLEC's electronic interfaces.
- 3.7 <u>SBC-13STATE</u> and CLEC will establish interface contingency plans and disaster recovery plans for the pre-order, ordering and provisioning of Resale services.
- 3.8 The Parties will follow the final adopted guidelines of Change Management, as may be modified from time to time in accordance with the Change Management principles.

- 3.9 SBC-13STATE will and CLEC may participate in the Order and Billing Forum (OBF) and the Telecommunications Industry Forum (TCIF) to establish and conform to uniform industry guidelines for electronic interfaces for pre-order. ordering, and provisioning. Neither Party waives its rights as participants in such forums or in the implementation of the guidelines. To achieve system functionality as quickly as possible, the Parties acknowledge that SBC-13STATE may deploy interfaces with requirements developed in advance of industry guidelines. Thus, subsequent modifications may be necessary to comply with emerging guidelines. CLEC and SBC-13STATE are individually responsible for evaluating the risk of developing their respective systems in advance of guidelines and agree to support their own system modifications to comply with new requirements. In addition, SBC-13STATE has the right to define Local Service Request (LSR) Usage requirements according to the General Section 1.0. paragraph 1.4 of the practices in the OBF Local Service Ordering Guidelines (LSOG), which states: "Options described in this practice may not be applicable to individual providers tariffs; therefore, use of either the field or valid entries within the field is based on the providers tariffs/practices."
- 3.10 Due to enhancements and on-going development of access to <u>SBC-13STATE</u>'s OSS functions, certain interfaces described in this Appendix may be modified, temporarily unavailable or may be phased out after execution of this Appendix. <u>SBC-13STATE</u> shall provide proper notice of interface phase-out as required by the Change Management process.
- 3.11 CLEC is responsible for obtaining operating system software and hardware to access <u>SBC-13STATE</u> OSS functions as specified in: "Requirements for Access to Southwestern Bell OSS Functions" and "Requirements for Access to Pacific Bell OSS Functions" and "SNET W-CIWin Installation Guide" and "Ameritech Electronic Service Order Guide", or any other documents or interface requirements subsequently generated by <u>SBC-13STATE</u> for any of its regions.

4. PRE-ORDERING

4.1 <u>SBC-13STATE</u> will provide real time access to pre-order functions to support CLEC ordering of Resale services. The Parties acknowledge that ordering requirements necessitate the use of current, real time pre-order information to accurately build service orders. The following lists represent pre-order functions that are available to CLEC so that CLEC order requests may be created to comply with <u>SBC-13STATE</u> region-specific ordering requirements.

- 4.2 Pre-ordering functions for Resale Services include:
 - 4.2.1 For <u>SBC-7STATE</u>, features and services available at a valid service address (as applicable) or, for <u>SNET</u>, features will be available based on NPA-NXX;
 - 4.2.2 Access to <u>SBC-13STATE</u> retail or resold CPNI and account information for pre-ordering will include: billing name, service address, billing address, service and feature subscription, directory listing information, long distance carrier identity, and for <u>SBC-12STATE</u> only, pending service order activity. CLEC agrees that CLEC's representatives will not access the information specified in this subsection until after the End User requests that his or her Local Service Provider be changed to CLEC, and an End User authorization for release of CPNI complies with conditions as described in section 3.2 of this Appendix.
 - 4.2.3 A telephone number (if the End User does not have one assigned) with the End User on-line;
 - 4.2.4 Service availability dates to the End User (where available);
 - 4.2.5 Information regarding whether dispatch is required;
 - 4.2.6 For <u>SBC-12STATE</u>, Primary Interexchange Carrier (PIC) options for intraLATA toll and interLATA toll; and
 - 4.2.7 Service address verification.
- 4.3 Electronic Access to Pre-Order Functions:
 - 4.3.1 <u>SBC-SWBT</u> Resale Services Pre-order System Availability: <u>SBC-SWBT</u> will provide CLEC access to one or more of the following systems:
 - 4.3.1.1 Residential Easy Access Sales Environment (R-EASE): R-EASE is an ordering entry system through which <u>SBC-SWBT</u> provides CLEC access to the functions of pre-ordering to order <u>SBC-SWBT</u> residential Resale services.
 - 4.3.1.2 Business Easy Access Sales Environment (B-EASE): B-EASE is an ordering entry system through which <u>SBC-SWBT</u> provides CLEC access to the functions of pre-ordering to order <u>SBC-SWBT</u> business Resale services.

- 4.3.2 <u>PACIFIC</u> and <u>NEVADA</u> Resale Services Pre-Order System Availability: <u>PACIFIC</u> will provide CLEC access to the following system:
 - 4.3.2.1 Service Order Retrieval and Distribution (SORD) is available for the pre-order function of viewing the CPNI, when SORD is used to order **PACIFIC** Resale service.
 - 4.3.2.2 StarWriter is available for the pre-ordering functions listed in section 4.2 when StarWriter is used to order **PACIFIC** single line, basic exchange, residential Resale services.
- 4.3.3 SNET Resale Service Pre-Order System Availability:
 SNET will provide CLEC access to the following applications through its proprietary W-CIWin interface.
 - 4.3.3.1 W-SNAP is an order entry application through which <u>SNET</u> provides CLEC access to pre-ordering functionality embedded in the ordering tool.
 - 4.3.3.2 CCTOOLS is a toolbar that provides icons for accessing preorder GUI applications.
 - 4.3.3.3 Electronic Forms (EF) is an automated workflow process for obtaining pre-order information for specific complex resale products.
- 4.3.4 <u>SNET</u> Resale Services Pre-Order System Availability: <u>SNET</u> will provide CLEC access to its MSAP:
 - 4.3.4.1 MSAP is an Electronic Data Interchange (EDI) based interface which provides access to pre-order functions.
- 4.3.5 <u>SBC-AMERITECH</u> Resale Services Pre-Order System Availability: <u>SBC-AMERITECH</u> will provide CLEC access to the following system:
 - 4.3.5.1 TCNet and EDI are available for the pre-ordering functions listed in section 4.2.
- 4.3.6 Resale Pre-order System Availability: <u>SBC-7STATE</u> will provide CLEC access to the following systems (except as noted in section 4.3.6.3):
 - 4.3.6.1 DataGate is a transaction-based data query system through which **SBC-7STATE** provides CLEC access to pre-ordering functions.

This gateway shall be a Transmission Control Protocol/Internet Protocol (TCP/IP) gateway and will, once CLEC has developed its own interface, allow CLEC to access the pre-order functions for Resale services. An industry standard EDI/CORBA Pre-ordering Gateway is also provided by <u>SBC-7STATE</u>. This pre-ordering gateway supports two structural protocols, EDI and CORBA, as recommended by the technical industry committees. EDI/CORBA, like DataGate, is an application-to-application interface that can be integrated with the CLEC's own negotiation system and that supports both Resale services. Where DataGate follows industry guidelines, but is based on <u>SBC-7STATE</u>'s proprietary pre-ordering functionality, EDI/CORBA is an industry-wide standard pre-ordering interface.

- 4.3.6.2 Verigate is a CLEC interface developed by **SBC-7STATE** that provides access to the pre-ordering functions for Resale Services. Verigate is accessible via Toolbar.
- 4.3.6.3 CESAR is a <u>PACIFIC</u> and <u>NEVADA</u> system which is available on an interim basis provides pre-order functions for Resale service, with the exception of viewing CPNI. The pre-order functionality of CESAR will be replaced by Verigate.

4.4 Other Pre-order Function Availability:

- 4.4.1 Where pre-ordering functions are not available electronically, CLEC will manually request this information from the LSC, dependent on operating region, for inclusion on the service order request.
- 4.4.2 Upon request, but not more frequently than once a month, <u>SBC-SWBT</u> will provide CLEC certain pre-order information in batch transmission for the purposes of back-up data for periods of system unavailability. Specifically for <u>SBC-SWBT</u> and <u>SBC-AMERITECH</u>, the following database information may be electronically provided: Street Address Guide (SAG) Guide, Service and Feature Availability by NXX, and a PIC list, to support address verification, service and feature availability and PIC availability, respectively. Specifically for <u>PACIFIC</u>, the following database information may be electronically provided: Street Address Guide (SAG) Guide (with planned availability no later than June 1st, 2000), and a PIC list, to support address verification, service and feature availability and PIC availability, respectively. The Parties recognize such information must be used to construct order requests only in exception handling situations.

5. ORDERING/PROVISIONING

5.1 <u>SBC-13STATE</u> provides access to ordering functions (as measured from the time <u>SBC-13STATE</u> receives accurate service requests from the interface) to support CLEC provisioning of Resale services via one or more electronic interfaces. To order Resale services, CLEC will format the service request to identify what features, services, or elements it wishes <u>SBC-13STATE</u> to provision in accordance with applicable <u>SBC-13STATE</u> ordering requirements. <u>SBC-13STATE</u> will provide CLEC access to one or more of the following systems or interfaces:

5.2 Resale Service Order Request System Availability:

5.2.1 In <u>SBC-SWBT</u>:

- 5.2.1.1 R-EASE is available for the ordering of residential Resale services.
- 5.2.1.2 B-EASE is available for the ordering of business Resale services.
- SORD interface provides CLECs with the ability to create certain complex Resale orders that cannot be ordered through Easy Access Sales Environment (EASE), Electronic Data Interchange (EDI) or Local Exchange (LEX). In addition, the SORD interface supports the modification of service orders submitted electronically by CLEC. The Parties agree that the following conditions are applicable to electronically generated service orders with errors corrected via SORD: If CLEC elects to correct service order errors via SORD, CLEC will be responsible for correcting all errors occurring prior to completion on any orders submitted electronically by CLEC. If CLEC chooses to use SORD to issue orders, then CLEC becomes responsible for correction of all service order errors between order application and order completion that occur on mechanically generated service orders created or modified by CLEC. CLEC may need to call the LSC to obtain additional information. CLEC may also choose to clear service order errors, even though CLEC is not initiating service orders via SORD. CLEC would then become responsible for correction of all errors, as detailed above.

5.2.2 In **NEVADA** only:

5.2.2.1 Pacific Bell Service Manager (PBSM) is available for ordering Centrex and ISDN Resale services.

5.2.2.2 When available, SORD system will support the ordering of all Resale Services. If CLEC chooses to use SORD to issue orders, then CLEC becomes responsible for correction of all service order errors between order application and order completion that occur on mechanically generated service orders created or modified by CLEC. CLEC may need to call the LSC to obtain additional information. CLEC may also choose to clear service order errors, even though CLEC is not initiating service orders via SORD. CLEC would then become responsible for correction of all errors, as detailed above.

5.2.3 In **PACIFIC** only:

- 5.2.3.1 StarWriter supports the ordering of single line, basic exchange, and residential Resale services.
- 5.2.3.2 Pacific Bell Service Manager (PBSM) is available for ordering Centrex and ISDN Resale services.
- 5.2.3.3 SORD system supports the ordering of all Resale Services. If CLEC chooses to use SORD to issue orders, then CLEC becomes responsible for correction of all service order errors between order application and order completion that occur on mechanically generated service orders created or modified by CLEC. CLEC may need to call the LSC to obtain additional information. CLEC may also choose to clear service order errors, even though CLEC is not initiating service orders via SORD. CLEC would then become responsible for correction of all errors, as detailed above.
- 5.2.4 In <u>SNET</u>, Resale ordering is supported by W-CIWin (<u>SNET</u>'s proprietary GUI interface).
 - 5.2.4.1 W-SNAP is made available for the ordering of non-complex Resale products and services.
 - 5.2.4.2 Order Negotiation (as part of CCTOOLS) is made available for the ordering of complex Resale products and services.
 - 5.2.4.3 Electronic Forms (EF) is an automated workflow process for ordering of specific complex Resale products and services.

- 5.3 Resale Service Order Request Ordering System Availability:
 - SBC-13STATE makes available to CLEC an Electronic Data Interchange (EDI) interface for transmission of SBC-13STATE ordering requirements via formats provided on the Local Service Request (LSR) as defined by the OBF and via EDI mapping as defined by TCIF. In ordering and provisioning Resale, CLEC and SBC-13STATE will utilize industry guidelines developed by OBF and TCIF EDI to transmit data based upon SBC-13STATE's Resale ordering requirements, dependent on operating region. In addition, Local Number Portability (LNP) and, where applicable, Interim Number Portability (INP), will be ordered consistent with the OBF LSR and EDI process.
 - 5.3.2 For SBC-SWBT and PACIFIC regions, and NEVADA (when available), the SORD interface supports the modification of service orders submitted electronically by CLEC. The Parties agree that the following conditions are applicable to electronically generated service orders with errors corrected via SORD: If CLEC chooses to use SORD to issue orders, then CLEC becomes responsible for correction of all service order errors between order application and order completion that occur on mechanically generated service orders created or modified by CLEC. CLEC may need to call the LSC to obtain additional information. CLEC may also choose to clear service order errors, even though CLEC is not initiating service orders via SORD. CLEC would then become responsible for correction of all errors, as detailed above. CLEC assumes all responsibility for End User out of service conditions which result from disconnect and new connect orders submitted and worked out of sequence.
 - 5.3.4 For <u>SBC-SWBT</u> and <u>PACIFIC</u>, LEX is an End User interface that provides access to the ordering functions for Resale Services.
 - 5.3.5 In <u>SNET</u>, MSAP (<u>SNET</u>'s EDI-based industry standard app-to-app interface) is available for the ordering of both complex and non-complex Resale Services.
- 5.4 Provisioning for Resale Services in <u>SBC-SWBT</u>: <u>SBC-SWBT</u> will provision Resale services as detailed in CLEC order requests. Access to status on such orders will be provided via the following electronic interfaces:
 - 5.4.1 Order Status will allow CLEC to check service order status. Order Status and Provisioning Order Status are both accessible via <u>SBC-SWBT</u> Toolbar. In addition, pending orders can be viewed in SORD.

- 5.4.2 For EDI ordering, <u>SBC-SWBT</u> will provide, and CLEC shall use, an EDI interface for transferring and receiving orders, Firm Order Confirmation (FOC), service completion, and, as available, other provisioning data and information. <u>SBC-SWBT</u> will provide CLEC with a FOC for each Resale service request. The FOC will include: purchase order number, telephone number, LSR number, due date, service order number, and completion date. Upon work completion, <u>SBC-SWBT</u> will provide CLEC with an 855 EDI transaction-based order completion that states when that order was completed. CLEC may submit supplement requests via the 860 EDI transaction, and, where available, <u>SBC-SWBT</u> will provide CLEC an 865 EDI transaction-based completion notice.
- 5.4.3 The Parties agree that the following timelines are applicable to electronically generated service orders with errors corrected via SORD:
 - 5.4.3.1 Errors occurring between application and distribution must be corrected within five (5) hours for a simple order and within twenty four (24) hours for a complex order;
 - 5.4.3.2 Error Service Order Image (ESOI) errors must be corrected within three (3) business hours.
 - 5.4.3.3 Service orders will be excluded from calculation of the results for all related performance measurements, described in Appendix Performance Measurements, if CLEC fails to correct service order errors within the timeframes specified in this Section 5.4.3.
 - 5.4.3.4 Additionally, service orders with errors that occur after order generation, but prior to distribution will not qualify for a <u>SBC-SWBT</u> issued FOC.
 - 5.4.3.5 The Parties agree that the following conditions are applicable to electronically generated service orders with errors corrected via SORD: If CLEC chooses to use SORD to issue orders, then CLEC becomes responsible for correction of all service order errors between order application and order completion, that occur on mechanically generated service orders created or modified by CLEC. CLEC may need to call LSC to obtain additional information. CLEC may also choose to clear service order errors, even though CLEC is not initiating service orders via SORD. CLEC would then become responsible for correction of all errors, as detailed above.

- 5.4.4 A file transmission may be provided to confirm order completions for R-EASE or B-EASE order processing. This file will provide service order information of all distributed and completed orders for CLEC.
- 5.4.5 The Parties agree that the following timelines are applicable to electronically generated service orders with errors corrected via SORD:
 - 5.4.5.1 Errors occurring between application and distribution must be corrected prior to releasing the order from EASE;
 - 5.4.5.2 Error Service Order Image (ESOI) errors must be corrected within three (3) business hours
 - 5.4.5.3 Service orders will be excluded from calculation of the results for the related performance measurements, described in Appendix Performance Measurements, if CLEC fails to correct service order errors within the timeframes specified in this Section 5.4.5.
 - 5.4.5.4 Service orders with errors that occur after order generation, but prior to distribution, will not qualify for a **SBC-SWBT** issued FOC.
 - 5.4.5.5 The Parties agree that the following conditions are applicable to electronically generated service orders with errors corrected via SORD: If CLEC chooses to use SORD to issue certain service orders, then CLEC is responsible for correction of all service order errors between order application and order completion that occur on mechanically generated service orders created or modified by CLEC. CLEC may need to call LSC to obtain additional information. CLEC may also choose to clear service order errors, even though CLEC is not initiating service orders via SORD. CLEC would then become responsible for correction of all errors, as detailed above.
- 5.5 Provisioning for Resale services in <u>PACIFIC</u> and <u>NEVADA</u>: <u>PACIFIC</u> and <u>NEVADA</u> will provision Resale services as detailed in CLEC order requests. Access to status on such orders is provided via the following electronic interfaces:
 - 5.5.1 Pacific Bell Order Dispatch (PBOD) functions via DataGate allows CLEC to check status of basic exchange service orders that require field work.
 <u>PACIFIC</u> also offers Provisioning order status to check the status of service orders.

- 5.5.2 For EDI ordering, <u>PACIFIC</u> shall provide CLEC, and CLEC shall use, an EDI interface for transferring and receiving orders, Firm Order Confirmation (FOC), service completion, and, as available, other provisioning data and information. <u>PACIFIC</u> will provide CLEC with a FOC for each Resale service. The FOC will include: purchase order number, telephone number, LSR number, due date, service order number, and completion date. Upon work completion, <u>PACIFIC</u> will provide CLEC with an 855 EDI transaction-based order completion that states when that order was completed. CLEC may submit supplement requests via the 860 EDI transaction, and, where available, <u>PACIFIC</u> will provide CLEC an 865 EDI transaction-based completion notice.
- 5.5.3 The Parties agree that the following timelines are applicable to electronically generated service orders with errors corrected via SORD:
 - 5.5.3.1 Errors occurring between application and distribution must be corrected within five (5) hours for a simple order and within twenty four (24) hours for a complex order;
 - 5.5.3.2 Error Service Order Image (ESOI) errors must be corrected within three (3) business hours.
 - 5.5.3.3 Service orders will be excluded from calculation of the results for all related performance measurements, described in Appendix Performance Measurements, if CLEC fails to correct service order errors within the timeframes specified in this Section 5.5.3.
 - 5.5.3.4 Service orders with errors that occur after order generation, but prior to distribution will not qualify for a PACIFIC issued FOC.
 - 5.5.3.5 The Parties agree that the following conditions are applicable to electronically generated service orders with errors corrected via SORD: If CLEC chooses to use SORD to issue orders, then CLEC becomes responsible for correction of all service order errors between order application and order completion that occur on mechanically generated service orders created or modified by CLEC. CLEC may need to call LSC to obtain additional information. CLEC may also choose to clear service order errors, even though CLEC is not initiating service orders via SORD. CLEC would then become responsible for correction of all errors, as detailed above.
- 5.6 Provisioning for Resale Services in <u>SBC-AMERITECH</u> and <u>SNET</u>: <u>SBC-SMERITECH</u> and <u>SNET</u> will provision Resale services as detailed in CLEC

order requests. Access to status on such orders will be provided via the following electronic interfaces:

5.6.1 For EDI ordering, <u>SBC-AMERITECH</u> and <u>SNET</u> provide CLEC, and CLEC shall use, an EDI interface for transferring and receiving orders, FOC, Service Order Completion (SOC), and, as available, other provisioning data and information. <u>SBC-AMERITECH</u> and <u>SNET</u> will provide CLEC with a FOC for each Resale service. The FOC will include purchase order number, telephone number, LSR number, due date, and service order number. Upon work completion, <u>SBC-AMERITECH</u> and <u>SNET</u> will provide CLEC with an 855 EDI transaction-based Service Order Completion (SOC) that states when that order was completed. CLEC may submit supplement requests via the 860 EDI transaction, and, where available, <u>SBC-AMERITECH</u> and <u>SNET</u> will provide CLEC an 865 EDI transaction-based completion notice.

6. MAINTENANCE/REPAIR

- 6.1 Two real time electronic interfaces are accessible in each region to place, and check the status of, trouble reports for both Resale services. Upon request, CLEC may access these functions via the following methods:
 - 6.1.1 In <u>SBC-SWBT</u>, Trouble Administration (TA) system access provides CLEC with <u>SBC-SWBT</u> software that allows CLEC to submit trouble reports and subsequently check status on trouble reports for CLEC End-Users. TA will provide the ability to review the maintenance history of a converted Resale CLEC account. TA is accessible via <u>SBC-SWBT</u> Toolbar.
 - 6.1.2 In <u>PACIFIC</u> and <u>NEVADA</u>, Pacific Bell Service Manager (PBSM) allows CLECs to perform MLT, issue trouble tickets, view status, and view trouble history on-line.
 - 6.1.3 In <u>SBC-AMERITECH</u>, Electronic Bonding for Trouble Administration (EBTA-GUI) and Intelligent Customer Advocate System (ICAS) allows CLEC to issue trouble tickets, view status, and view trouble history online.
 - 6.1.4 In <u>SNET</u> the maintenance and repair functionality for Resale services is available via the MSAP EDI interface. In addition, for Resale products and services, trouble history and trouble status functions are available via CCTOOLS.

6.1.5 In <u>SBC-12STATE</u>, Electronic Bonding Interface (EBI) is an interface that is available for trouble report submission and status updates. EBI conforms to ANSI guidelines T1:227:1995 and T1.228:1995, Electronic Communications Implementation Committee (ECIC) Trouble Report Format Definition (TFRD) Number 1 as defined in ECIC document ECIC/TRA/95-003, and all guidelines referenced within those documents, as mutually agreed upon by CLEC and <u>SBC-12STATE</u>. Functions currently implemented include Enter Trouble, Request Trouble Report Status, Add Trouble Information, Modify Trouble Report Attributes, Trouble Report Attribute Value Change Notification, and Cancel Trouble Report, as explained in 6 and 9 of ANSI T1.228:1995. CLEC and <u>SBC-12STATE</u> will exchange requests over a mutually agreeable X.25-based network.

7. BILLING

- 7.1 <u>SBC-7STATE</u> will bill CLEC for Resold services. <u>SBC-7STATE</u> will send associated billing information to CLEC as necessary to allow CLEC to perform billing functions. At minimum <u>SBC-7STATE</u> will provide CLEC billing information in a paper format or via magnetic tape, as agreed to between CLEC and <u>SBC-7STATE</u>.
 - 7.1.1 For Resale Services in <u>PACIFIC</u>, CLEC may elect to receive Custom Billing Disk/ CD Bill. Custom Billing Disk/ CD Bill provides an electronic bill with the same information as a paper bill along with various reporting options.
 - 7.1.2 For Resale Services in **SBC-AMERITECH**, CLEC may elect to receive its bill on CD.
- 7.2 Electronic access to billing information for Resale services will also be available via the following interfaces:
 - 7.2.1 In <u>SBC-SWBT</u>, CLEC may receive Bill PlusTM, an electronic version of its bill, as described in, and in accordance with, <u>SBC-SWBT</u>'s Local Exchange Tariff.
 - 7.2.2 In <u>SBC-SWBT</u>, CLEC may also view billing information through the Bill Information interface. Bill Information will be accessible via <u>SBC-SWBT</u> Toolbar.
 - 7.2.3 In <u>SBC-7STATE</u>, CLEC may receive a mechanized bill format via the EDI 811 transaction set.

- 7.2.4 In <u>SBC-12STATE</u>, CLEC may receive electronically a Usage Extract Feed, or in <u>SNET</u>, a Daily Usage Feed (DUF). On a daily basis, this feed provides information on the usage billed to its accounts for Resale services in the industry standardized EMR format.
- 7.2.5 In <u>SBC-7STATE</u>, CLEC may receive Local Disconnect Report records (via CARE records) or, in <u>SNET</u> Loss Notification File (via CARE-like records), electronically, that indicate when CLEC's End Users change their Competitive Local Exchange Carrier. In <u>SBC-AMERITECH</u> this information is provided via the EDI 836 transaction set.
- 7.2.6 In <u>SNET</u>, CLEC may receive a Billing Detail File on cartridge or magnetic tape.
- 7.2.7 In <u>SBC-AMERITECH</u>, CLEC may receive a mechanized bill via the SBC-AMERITECH Electronic Billing System (AEBS) transaction set.

8. REMOTE ACCESS FACILITY

- 8.1 For the <u>SBC-SWBT</u> region, CLEC must access the following OSS interfaces via a CLEC Remote Access Facility (LRAF) located in Dallas, Texas: R-EASE; B-EASE; DataGate; EDI-Ordering; SORD; Electronic Bonding via EDI/SSL or CORBA; and via Toolbar, Trouble Administration, Order Status, Provisioning Order Status, Verigate, LEX, and Bill Information. Connection to the LRAF will be established via a "port" either through dial-up or direct connection as described in Section 8.3. CLEC may utilize a port to access these interfaces to perform the supported functions in any SBC-SWBT state where CLEC has executed an Appendix OSS.
- 8.2 In <u>PACIFIC</u> and <u>NEVADA</u> regions, CLEC must access the following OSS interfaces via a CLEC Remote Access Facility (PRAF) located in Fairfield, California: StarWriter; DataGate; EDI-Ordering; SORD; Electronic Bonding via EDI/SSL or CORBA; and via Toolbar Verigate, LEX, Order Status, and Provisioning Order Status. Connection to the PRAF will be established via a "port" either through dial-up or direct connection as described in Section 8.3. CLEC may utilize a port to access these interfaces to perform the supported functions in <u>PACIFIC</u> or <u>NEVADA</u> where CLEC has executed an Appendix OSS and purchases System Access in that state.
- 8.3 For <u>SBC-7STATE</u>, CLEC may use three types of access: Switched, Private Line, and Frame Relay. For Private Line and Frame Relay "Direct Connections," CLEC shall provide its own router, circuit, and two Channel Service Units/Data Service Units (CSU/DSU). The demarcation point shall be the router interface at the LRAF and/or PRAF. Switched Access "Dial-up Connections" require CLEC to

- provide its own modems and connection to the **SBC-SWBT** LRAF and the **PACIFIC** PRAF. CLEC shall pay the cost of the call if Switched Access is used.
- 8.4 For <u>SBC-7STATE</u>, CLEC shall use TCP/IP to access <u>SBC-7STATE</u> OSS via the LRAF and the PRAF. In addition, each CLEC shall have one valid Internet Protocol (IP) network address per region. CLEC shall maintain a user-id /password unique to each individual for accessing a <u>SBC-SWBT</u> OSS and <u>PACIFIC</u> OSS on CLEC's behalf. CLEC shall provide estimates regarding its volume of transactions, number of concurrent users, desired number of private line or dial-up (switched) connections, and length of a typical session.
- 8.5 For SBC-7STATE, CLEC shall attend and participate in implementation meetings to discuss CLEC LRAF/PRAF access plans in detail and schedule testing of such connections.
- 8.6 For <u>SBC-AMERITECH</u>, CLEC may use four types of access: DSO (56KB), DS1 (1.5MB), dedicated and Frame Relay (DSO and DS1). CLEC shall provide its own router, circuit, and two Channel Service Units/Data Service Units (CSU/DSU). CLEC must use a legal IP address for its end of the connection.
- 8.7 For <u>SNET</u> region, CLEC may use a private line connection. The CLEC shall provide and maintain own router and CSU/DSU.

9. OPERATIONAL READINESS TEST (ORT) FOR ORDERING/PROVISIONING AND REPAIR/ MAINTENANCE INTERFACES

- 9.1 Prior to live access to interface functionality, the Parties must conduct Operational Readiness Testing (ORT), which will allow for the testing of the systems, interfaces, and processes for the OSS functions. ORT will be completed in conformance with agreed upon processes and implementation dates.
- 9.2 Prior to live system usage, CLEC must complete user education classes for SBC-13STATE-provided interfaces that affect the SBC-13STATE network. Course descriptions for all available classes by region are posted on the CLEC website in the Customer Education section. CLEC Training schedules by region are also available on the CLEC website and are subject to change, with class lengths varying. Classes are train-the-trainer format to enable CLEC to devise its own course work for its own employees. Charges as specified below will apply for each class:

Training Rates	5 day class	4.5 day class	4 day class	3.5 day class	3 day class	2.5 day class	2 day class	1.5 day class	1 day class	1/2 day class
1 to 5 students	\$4,050	\$3,650	\$3,240	\$2,835	\$2,430	\$2,025	\$1,620	\$1,215	\$810	\$405
6 students	\$4,860	\$4,380	\$3,890	\$3,402	\$2,915	\$2,430	\$1,945	\$1,455	\$970	\$490
7 students	\$5,670	\$5,100	\$4,535	\$3,969	\$3,400	\$2,835	\$2,270	\$1,705	\$1,135	\$570
8 students	\$6,480	\$5,830	\$5,185	\$4,536	\$3,890	\$3,240	\$2,590	\$1,950	\$1,300	\$650
9 students	\$7,290	\$6,570	\$5,830	\$5,103	\$4,375	\$3,645	\$2,915	\$2,190	\$1,460	\$730
10 students	\$8,100	\$7,300	\$6,480	\$5,670	\$4,860	\$4,050	\$3,240	\$2,430	\$1,620	\$810
11 students	\$8,910	\$8,030	\$7,130	\$6,237	\$5,345	\$4,455	\$3,565	\$2,670	\$1,780	\$890
12 students	\$9,720	\$8,760	\$7,780	\$6,804	\$5,830	\$4,860	\$3,890	\$2,920	\$1,945	\$970

- 9.3 A separate agreement will be required as a commitment to pay for a specific number of CLEC students in each class. CLEC agrees that charges will be billed by **SBC-13STATE** and CLEC payment is due thirty (30) days following the bill date. CLEC agrees that personnel from other competitive Local Service Providers may be scheduled into any class to fill any seats for which the CLEC has not contracted. Class availability is first-come, first served with priority given to CLECs who have not yet attended the specific class.
- 9.4 Class dates will be based upon <u>SBC-13STATE</u> availability and will be coordinated among CLEC, the CLEC's <u>SBC-13STATE</u> Account Manager, and <u>SBC-13STATE</u> Industry Markets CLEC Training Product Management.
- 9.5 CLEC agrees to pay the cancellation fee of the full price noted in the separate agreement if CLEC cancels scheduled classes less than two (2) weeks prior to the scheduled start date. CLEC agrees to provide to **SBC-13STATE** completed registration forms for each student no later than one week prior to the scheduled training class.
- 9.6 CLEC agrees that CLEC personnel attending classes are to utilize only training databases and training presented to them in class. Attempts to access any other SBC-13STATE system are strictly prohibited.
- 9.7 CLEC further agrees that training material, manuals and instructor guides can be duplicated only for internal use for the purpose of training employees to utilize the capabilities of SBC-13STATE's OSS in accordance with this Appendix and shall be deemed "Proprietary Information" and subject to the terms, conditions and limitations of Section 20 of the General Terms and Conditions.

10. MISCELLANEOUS CHARGES

10.1 For <u>SBC-SWBT</u> region only, CLEC requesting the Bill PlusTM, as described in 7.2.1, agrees to pay applicable tariffed rate, less Resale discount.

- 10.2 For **SBC-7STATE**, CLEC requesting the billing function for Usage Billable Records, as described in 7.2.4 and 75.3.3, agrees to pay established rates pursuant to Appendix Pricing.
- 10.3 For <u>SBC-7STATE</u>, CLEC requesting the Local Disconnect Report, as described in 7.2.5 and 7.3.4, agrees to pay established rates pursuant to Appendix Pricing.
- 10.4 For <u>SBC-13STATE</u>, should CLEC request custom development of an exclusive interface to support OSS functions, such development will be considered by <u>SBC-13STATE</u> on an Individual Case Basis (ICB) and priced as such.
- 10.5 **SNET** will charge for the Billing Detail File, Daily Usage Feed, and Loss Notification File at rates filed and approved by DPUC.

11. EFFECTIVE DATE, TERM

11.1 Whereas CLEC is currently operational under an existing, approved Interconnection Agreement, this Appendix OSS will be effective, pending Commission approval, ten (10) days after it is filed with the state Commission; or, alternatively, this Appendix will be effective upon approval by the state Commission when it is approved as a part of the Interconnection Agreement, whichever is earlier.

12. APPLICABILITY OF OTHER RATES, TERMS AND CONDITIONS

12.1 Every resale service provided hereunder, shall be subject to all rates, terms and conditions contained in this Agreement which are legitimately related to such resale service. Without limiting the general applicability of the foregoing, the following terms and conditions of the General Terms and Conditions are specifically agreed by the Parties to be legitimately related to, and to be applicable to, each resale service provided hereunder: introduction, definitions, interpretation, construction and severability, description and charges of service; notice of changes; general responsibilities of the Parties; effective date, term and termination; fraud by end users; deposits; billing and payment of charges; nonpayment and procedures for disconnection; services; additional terms applicable to resale of services; ancillary services; network and service order conditions; dispute resolution; audits; responsibilities of SWBT; disclaimer of representations and warranties; limitation of liability; responsibilities of CLEC; indemnification; remedies; intellectual property; notices; publicity and use of trademarks or service marks; no license; confidentiality; intervening law; governing law; regulatory approval; changes in End User local exchange service provider selection; compliance and certification; law enforcement; no third party beneficiaries; disclaimer of agency; relationship of the Parties/independent contractor; subcontracting; delegation to affiliate; assignment; force majeure; taxes; non-

6.	APPLICABILITY OF OTHER RATES, TERMS, AND CONDITION	10

APPENDIX PERFORMANCE MEASUREMENTS

1. INTRODUCTION

- 1.1 This Appendix sets forth the measurements, if met by the applicable SBC Communications Inc. (SBC) owned Incumbent Local Exchange Carrier (ILEC) demonstrate non-discriminatory access to <u>SBC-13STATE</u>'s Operations Support Systems (OSS) and cover the five recognized OSS functions (Pre-Ordering, Ordering, Provisioning, Maintenance and Repair, and Billing).
- 1.2 SBC Communications Inc. (SBC) means the holding company which owns the following ILECs: Illinois Bell Telephone Company, Indiana Bell Telephone Company, Michigan Bell Telephone Company, Nevada Bell Telephone Company, The Ohio Bell Telephone Company, Pacific Bell Telephone Company, The Southern New England Telephone Company, Southwestern Bell Telephone Company and/or Wisconsin Bell, Inc. d/b/a Ameritech Wisconsin.
- 1.3 As used herein, <u>SBC-13STATE</u> means the applicable above listed ILEC doing business in Arkansas, California, Connecticut, Illinois, Indiana, Kansas, Michigan, Missouri, Nevada, Ohio, Oklahoma, Texas, and Wisconsin.
- 1.4 As used herein, <u>SBC-SWBT</u> means the applicable above listed ILEC doing business in Arkansas, Kansas, Missouri, Oklahoma, and Texas.
- 1.5 As used herein, <u>SBC-AMERITECH</u> means the applicable above listed ILEC doing business in Illinois, Indiana, Michigan, Ohio, and Wisconsin.
- 1.6 As used herein, <u>SNET</u> means the applicable above listed ILEC doing business in Connecticut.
- 1.7 As used herein, <u>PACIFIC</u> means the applicable above listed ILEC doing business in California.
- 1.8 As used herein, <u>NEVADA</u> means the applicable above listed ILEC doing business in Nevada.
- 1.9 The performance measurements contained herein, notwithstanding any provisions in any other appendix in this Agreement, are not intended to create, modify or otherwise affect parties' rights and obligations with respect to OSS access. The existence of any particular performance measure, or the language

describing that measure, is not evidence that CLEC is entitled to any particular manner of access, nor is it evidence that <u>SBC-13STATE</u> is limited to providing any particular manner of access. The parties' rights and obligations to such access are defined elsewhere, including the relevant laws, FCC and PUC decisions/regulations, tariffs, and within this interconnection agreement.

2. **DEFINITIONS**

2.1 When used in this Appendix, the following terms will have the meanings indicated:

2.1.1 Performance Criteria

- 2.1.1.1 The target level of <u>SBC-13STATE</u> performance specified for each Performance Measurement. Generally, the Performance Measurements contained in this Appendix specify performance equal to that which <u>SBC-13STATE</u> achieves for itself in providing equivalent end user service as the Performance Criterion.
- 2.1.1.2 Performance Measurements for which parity calculations are not possible have a specified standard as the Performance Criterion. Compliance is assessed by comparing the result obtained by the CLEC with the applicable standard using an appropriate statistical test. For certain Performance Measurements, a specific quantitative target has been adopted as the Performance Criterion. The determination of compliance is through the comparison of the measured performance delivered to CLEC and the applicable benchmark.

2.1.2 Performance Measures

2.1.2.1 The set of measures listed in all of Section 5 of this Appendix.

2.1.3 Non-compliance

2.1.3.1 The failure by **SBC-13STATE** to meet the Performance Criteria for any performance measure identified as an available measurement type in Section 5.

3. SPECIFIED PERFORMANCE STANDARDS

3.1 <u>SBC-13STATE</u> will meet the Performance Criteria contained in this Appendix, except for noncompliance with a performance measurement to the

extent that such noncompliance was the result of actions or events beyond SBC-13STATE's control, including but not limited to the following: (i) a Force Majeure event; (ii) an act or omission by a CLEC that is contrary to any of its obligations under its interconnection agreement with SBC-13STATE or law; (iii) environmental events beyond SBC-13STATE to requipment which could not be avoided by SBC-13STATE through the exercise of reasonable diligence, regardless of whether or not such third-party systems or equipment were sold to or otherwise being provided to SBC-13STATE.

4. RECORDS AND REPORTS

- 4.1 <u>SBC-13STATE</u> will not levy a separate charge for provision of the data to CLEC called for under this Appendix. Notwithstanding other provisions of this Agreement, the Parties agree that such data and associated records will be deemed Proprietary Information.
- 4.2 Reports are to be made available to the CLEC by the 20th day following the close of the calendar month. If the 20th day falls on a weekend or holiday, the reports will be made available the next business day.
- 4.3 CLEC will have access to monthly reports through an interactive Website.
- 4.4 UNE measurement categories included on the reports will be zero filled as that data is not applicable to resale services.

5. PERFORMANCE MEASUREMENTS

SBC-13STATE will provide the following Performance Measurements, in accordance with the Business Rules, under this Agreement:

5.1 Pre-Ordering/Ordering

5.1.1 Measurement: FOC Timeliness

Benchmarks:

*SBC-SWBT/SBC-AMERITECH

All Res and Bus - 95%

Complex Bus - 94%

*PACIFIC/NEVADA

Fully electronic flow through - average 20 minutes

¹ *Refer to INTERCONNECTION AGREEMENT: General Terms and Conditions, paragraph 2.10.1.

Electronically received/Manually handled - average 6 hours Manually received/Manually handled - average 12 hours <u>SNET</u>

 $90\% \le 24$ business hours (MSAP only)

5.1.2 Measurement:

Pre-Order Response Time

Benchmarks:

*SBC-SWBT/SBC-AMERITECH

Address Verification 4.7 sec Request for Telephone 4.5 sec

Number

Request for Customer 6.6 sec.

Service Record (CSR)

Service Availability 6.6 sec. Service Appointment 1.0 sec.

Scheduling (Due Date)

Dispatch Required 12.6 sec.

PIC

Diagnostic only

*PACIFIC/NEVADA

Mechanized:

Address Verification 4.5 sec Request for Telephone 4.5 sec

Number

Request for Customer 10.0 sec.

Service Record (CSR)

Service Availability 8.0 sec. Service Appointment 2.0 sec.

Scheduling (Due Date)

Dispatch Required 11.0 sec.

Manual:

CSRs Standard – 95% in 4 hours²

SNET

 $98\% \le 5$ sec. (MSAP only)

5.1.3 Measurement: Percentage of Flow-Through Order

Benchmarks:

*SBC-SWBT/SBC-AMERITECH

Diagnostic only

*PACIFIC/NEVADA

Diagnostic only

APPENDIX PRICING

1. INTRODUCTION

- 1.1 This Appendix sets forth the terms and conditions under which the applicable SBC Communications Inc. (SBC) owned Incumbent Local Exchange Carrier (ILEC) offers services and products to CLEC at the rates, prices and/or charges set forth in the applicable state pricing sheet(s) attached hereto. The services and products offered to CLEC have been divided into two categories: Resale and Other (Resale). These categories are for convenience only and shall not be construed to define or limit any of the terms herein or affect the meaning or interpretation of this Agreement.
- 1.2 SBC Communications Inc. (SBC) means the holding company which owns the following ILECs: Illinois Bell Telephone Company, Indiana Bell Telephone Company Incorporated, Michigan Bell Telephone Company, Nevada Bell Telephone Company, The Ohio Bell Telephone Company, Pacific Bell Telephone Company, The Southern New England Telephone Company, Southwestern Bell Telephone Company and/or Wisconsin Bell, Inc. d/b/a Ameritech Wisconsin.
- 1.3 <u>SBC-13STATE</u> As used herein, <u>SBC-13STATE</u> means the applicable above listed ILEC(s) doing business in Arkansas, California, Connecticut, Illinois, Indiana, Kansas, Michigan, Missouri, Nevada, Ohio, Oklahoma, Texas, and Wisconsin.
- 1.4 <u>SBC-SWBT</u> As used herein, <u>SBC-SWBT</u> means the applicable above listed ILEC doing business in Arkansas, Kansas, Missouri, Oklahoma, and Texas.
- 1.5 <u>SBC-AMERITECH</u> As used herein, <u>SBC-AMERITECH</u> means the applicable above listed ILEC(s) doing business in Illinois, Indiana, Michigan, Ohio, and Wisconsin.
- 1.6 **PACIFIC** -As used herein, **PACIFIC** means the applicable above listed ILEC doing business in California.
- 1.7 <u>NEVADA</u> -As used herein, <u>NEVADA</u> means the applicable above listed ILEC doing business in Nevada.
- 1.8 <u>AM-IL</u> -As used herein, <u>AM-IL</u> means the applicable SBC owned ILEC doing business in Illinois.
- 1.9 <u>SNET</u> -As used herein, <u>SNET</u> means the applicable above listed ILEC doing business in Connecticut.

- 1.10 This section applies to **SNET** only
 - 1.10.1 Other than as specifically set out elsewhere in this Agreement, <u>SNET</u> resale prices are available as described in DPUC ordered CT Access Service Tariff Section 18.
 - 1.10.2 Operator Services (OS) and Director Assistance (DA) Monthly Recurring Charges (MRCs) and Nonrecurring Charges (NRCs) are set forth in the Connecticut rate sheet attached.
- 1.11 This section applies to <u>AM-IL</u> only
 - 1.11.1 Other than as specifically set out elsewhere in this Agreement, <u>AM-IL</u> resale prices are available as described in ILL.C.C. No. 20 Tariff Part 22.
- 1.12 This section applies to **SBC-AMERITECH** only
 - 1.12.1 If a rate element, price and/or charge for a product or service contained in, referenced to or otherwise provided by SBC-AMERITECH under this Agreement (including any attached or referenced Appendices) is not listed in this Appendix Pricing, including any rates, prices and/or charges developed in response to a CLEC Bona Fide Request(s) (BFR), such rates, prices and charges shall be determined in accordance with Section 252(d) of the Act; provided however, if SBC-AMERITECH provides a product or service that is not subject to the pricing principles of the Act, such rate(s), prices(s) and/or charges shall be as negotiated by SBC-AMERITECH and CLEC.
 - 1.12.2 Except as otherwise agreed upon by the Parties in writing, <u>SBC-AMERITECH</u> shall not be required to provide CLEC a product or service under this Agreement unless and until the Parties have agreed upon a rate element, price or charge (whether a final rate/price/charge or, as agreed upon by the Parties, an interim rate/price/charge subject to a true-up, true-down) applicable to the requested product and/or service.
 - 1.12.3 Certain of the rates, prices and charges set forth in this Appendix Pricing were established by the Commission. If during the Term the Commission or the FCC changes a rate, price or charge in an order or docket that generally applies to the products and services available hereunder, the Parties agree to amend this Appendix Pricing to incorporate such new rates, prices and charges with such rates, prices and charges to be effective as of the date specified in such order or docket.

2. RECURRING CHARGES

- 2.1 Unless otherwise identified in the Pricing Tables, where rates are shown as monthly, a month will be defined as a calendar month. The minimum term for each monthly rated Resale or Other (Resale), and Other elementservice or product will be one (1) month. After the initial month, billing will be on the basis of whole or fractional months used.
- 2.2 Where rates, prices or charges consist of usage sensitive charges or per occurrence charges, such rates, prices or charges are classified as "recurring charges".
- 2.3 CLEC shall pay for all usage on usage sensitive or per occurrence calls including those that are not completed due to "busy" or "don't answer" status.

3. NONRECURRING CHARGES

- 3.1 Nonrecurring Charges are applicable for both categories of services and products.
- 3.2 For Resale, when a CLEC migrates an End User's existing service and the migration service request also includes the addition of new service or features and/or changes or disconnects some portion of the existing service or features, the normal service order charges and/or non- recurring charges associated with said additions and/or changes will apply.
- 3.3 The appropriate nonrecurring charges shall apply for each service request processed by **SBC-8STATE**, including but not limited to the following:
 - 3.3.1 Installation (Service Order and Connect);
 - 3.3.2 Disconnection (Disconnect);
 - 3.3.3 Rearrangement/modification (Change);
 - 3.3.4 Record Order (Record)
- 3.4 Some items, which must be individually charged, are billed as nonrecurring charges.
- 3.5 CLEC shall pay a service order processing/administration charge for each service order submitted by CLEC to **SBC-AMERITECH** to process a request for installation, disconnection, rearrangement, changes to or record orders for Resale.

- 3.6 Time and Material charges (a.k.a. additional labor charges) are defined in the document specified below for the ILEC indicated.
 - 3.6.1 Tariff Schedule Cal P.U.C. No.175-T for **PACIFIC**.
 - 3.6.2 FCC Tariff 73 for SBC-SWBT and NEVADA.
 - 3.6.3 The applicable pricing appendix for **SBC-AMERITECH**.

4. BILLING TIMELINES- This section applies to PACIFIC only

- 4.1 To the extent that any billing for services or products offered under this Agreement is made through <u>PACIFIC</u>'s Carrier Access Billing System (CABS), the prices for monthly recurring charges (MRCs) and nonrecurring charges (NRCs) provided for in this Agreement may take a substantial period of time from the Effective Date of this Agreement to implement in <u>PACIFIC</u>'s CABS.
- 4.2 To the extent that any billing for services or products offered under this Agreement is made through <u>PACIFIC</u>'s CABS, any prices for MRCs and NRCs subsequently adopted by the CPUC may take a substantial period of time from the date of the final order to implement in CABS and shall comply with any Commission timeline.
- 4.3 Until such time as any prices discussed in Section 5.1 or Section 5.2 above are implemented in CABS, <u>PACIFIC</u> may continue to bill at the established prices contained within the most recent prior interconnection agreement between the Parties, if any. If there is no prior interconnection agreement between the Parties, <u>PACIFIC</u> shall bill at the prices <u>PACIFIC</u> is currently billing one or more of its other CLEC customers that, in <u>PACIFIC</u>'s good faith judgment, most closely match the prices applicable hereunder.
- 4.4 Due to this CABS billing implementation time period, a true-up or true-down of all such prices, without interest, retroactive to the effective date specified in the order or docket, will be due upon billing implementation of the new prices.

5. BILLING

5.1 For information regarding billing, non-payment, disconnection, and dispute resolution, see the General Terms and Conditions of this Agreement.

6. APPLICABILITY OF OTHER RATES, TERMS, AND CONDITIONS

6.1 Every resale service provided hereunder, shall be subject to all rates, terms and conditions contained in this Agreement which are legitimately related to such resale service. Without limiting the general applicability of the foregoing, the following terms and conditions of the General Terms and Conditions are specifically agreed by the Parties to be legitimately related to, and to be applicable to, each resale service provided hereunder: introduction, interpretation, construction and severability; description and charges of service; notice of changes; general responsibilities of the Parties; effective date, term and termination; fraud by end users; deposits; billing and payment of charges; nonpayment and procedures for disconnection; services; additional terms applicable to resale of services; ancillary services; network and service order conditions; dispute resolution; audits; responsibilities of SWBT; disclaimer of representations and warranties; limitation of liability; responsibilities of CLEC; indemnification; remedies; intellectual property; notices; publicity and use of trademarks or service marks; no license; confidentiality; intervening law; governing law; regulatory approval; changes in End User local exchange service provider selection; compliance and certification; law enforcement; no third party beneficiaries; disclaimer of agency; relationship of the Parties/independent contractor; subcontracting; delegation to affiliate; assignment; force majeure; taxes; nonwaiver; customer inquiries; expenses; conflicts of interest; survival; appendices amendments incorporated reference; authority; counterparts; modifications; and entire agreement.
