12 **II. PURPOSE OF TESTIMONY**

13 **Q. What is the purpose of your supplemental direct testimony in this**
14 **proceeding?**

15 A. The purpose of my supplemental direct testimony is to explain the
16 development of the weather normalized billing units for the customer classes of AmerenUE
17 and the resulting weather related revenue adjustment.

18 My direct testimony in this case covered the test year consisting of the twelve
19 months ending June 2006, which utilized nine months of actual billing usage for the period
20 July 2005 through March 2006 and three months forecasted usage for the period April 2006
21 through June 2006. This supplemental direct testimony updates the weather normalized

23 Commission’s Order Adopting Procedural Schedule and Test Year entered in this case.

6 June 2006.

7 **III. WEATHER NORMALIZATION STUDY RESULTS**

8 **Q. What were the results of your updated weather adjustments for the last**
9 **three months of the test year?**

10 A. Schedule JRP-E8 shows the updated weather adjustment for the months of
11 April 2006 through June 2006 is an additional reduction of \$14 million. This amount when
12 added to the weather adjustment in my direct testimony, a reduction of \$37 million, results in
13 an updated total annual reduction of \$51 million.

14 **Q. Does this conclude your supplemental direct testimony?**

15 A. Yes, it does.
