Re: Notice of Termination of Traffic Termination Agreement between Sprint
Spectrum L.P. and Grand River Mutual Telephone Corporation

Dear Mr. Johnson:

This letter serves as notice under Section 11.1 of the Traffic Termination Agreement between Sprint Spectrum L. P. ("Sprint") and Grand River Mutual Telephone Corporation ("Grand River") executed on May 27, 2003 of Sprint's election not to renew the Agreement at the end of its current term. Further, pursuant to Section 11.1 of the Agreement and Sections 251 and 252 of the Communications Act of 1934 as amended (the "Act"), Sprint requests to negotiate a new interconnection agreement for the State of Missouri between Sprint and Grand River.

Pursuant to 47 U.S.C. § 252(b)(1), receipt of Sprint's request for negotiations commences the statutory timelines as identified in the Act. Accordingly, should negotiations not be completed between the 135th and 160th day after the receipt of this letter, June 25, 2008 and July 20, 2008, respectively, either party may petition the state commission to arbitrate any open issues.

I look forward to hearing from you at your earliest convenience.

Regards,

Mary K. Joshi
