

386.020. As used in this chapter, the following words and phrases mean:

(23) "Interconnected voice over internet protocol service", service that:

- (a) Enables real-time, two-way voice communications;
- (b) Requires a broadband connection from the user's location;
- (c) Requires internet protocol-compatible customer premises equipment; and
- (d) Permits users generally to receive calls that originate on the public switched telephone network and to terminate calls to the public switched telephone network;
