

Case No. TO-2005-0336

**Direct Testimony of
Don Price**

ATTACHMENT DGP - 1

**DON PRICE
ACADEMIC AND PROFESSIONAL QUALIFICATIONS, AND
TESTIMONY PRESENTED BEFORE
REGULATORY AGENCIES**

Academic Background:

My academic background is in the social sciences. I received my Bachelor of Arts degree in Sociology from the University of Texas at Arlington May of 1977 and was awarded a Master of Arts degree in Sociology by the University of Texas at Arlington in 1978.

Professional Qualifications:

From January 1979 until October, 1983, I was employed by the Southwest telephone operating company of GTE where I held several positions of increasing responsibility in Economic Planning. In those positions I became quite familiar with such local exchange telephone company functions as the workings and design of the local exchange network (including both switching and outside plant), the network planning process, the operation of a business office, and the design and operation of large billing systems.

From November 1983 until October 1986, I was employed by the Public Utility Commission of Texas. I provided analysis and expert testimony on a variety of policy and rate setting issues. In 1986 I was promoted to Manager of Rates and Tariffs, and was directly responsible for staff analyses of rate design and tariff policy issues in all telecommunications proceedings before the PUC.

I have been with MCI for eighteen years, during which time my primary functions have focused entirely on public policy issues relating to competition in telecommunications markets. Beginning with MCI's acquisition of Western Union Access Transmission Services in 1993, my responsibilities have involved policy issues pertaining to local competition. I have been directly involved in contract negotiations for interconnection agreements both before and subsequent to passage of the 1996 Telecommunications Act,

and have presented testimony on the company's policy positions in numerous state arbitrations. In my present position I have broad responsibilities in developing, coordinating, and communicating MCI's public policy positions. Those responsibilities require that I work closely with MCI's regulatory and government affairs teams, as well as with marketing and sales forces, departments involved in network architecture, planning, and operations, and other departments involved in every aspect of the Company's business operations.

I have appeared as a panelist before various professional and trade associations and public seminars during my professional career, including the Texas Society of CPAs, the University of Texas Department of Electrical and Computer Engineering Telecommunications Conference, the Alabama Telephone Association, the Arkansas Telephone Association, and the National Association of Regulatory Utility Attorneys.

I have testified before a number of commissions, including the Federal Communications Commission, the Arizona Corporation Commission, the Public Service Commission of Arkansas, the California Public Utilities Commission, the Public Utilities Commission of Colorado, the Public Service Commission of Florida, the Georgia Public Service Commission, the Illinois Commerce Commission, the Kansas Corporation Commission, the Public Service Commission of Kentucky, the Louisiana Public Service Commission, the Minnesota Public Utilities Commission, the Missouri Public Service Commission, the New Jersey Board of Public Utilities, the Public Utilities Commission of Nevada, the North Carolina Utilities Commission, the Public Utilities Commission of Ohio, the Corporation Commission of the State of Oklahoma, the Public Utility Commission of Oregon, the Public Service Commission of South Carolina, the Tennessee Regulatory Authority, the Public Utility Commission of Texas, and the Washington Utilities and Transportation Commission. A list of those proceedings in which I have furnished testimony is provided below.

Testimony Presented:

FCC
