Case No. \_\_\_\_\_

**APPLICATION**

COMES NOW Network Communications International Corp. d/b/a Mundo Telecom ("Mundo") and submits its Application respectfully requesting the Missouri Public Service Commission ("Commission") to issue Applicant a Certificate of Service Authority to provide competitive intrastate interexchange telecommunication services between and among locations within the State of Missouri pursuant to Section 392.440, RSMo (2000),<sup>1</sup> an order classifying Applicant as a competitive telecommunications carrier, and an order waiving or suspending certain Commission rules and statutory provisions pursuant to Section 392.440, and an order waiving or suspending certain Commission rules and statutory provisions pursuant to Section 392.420. In support of its request, Applicant provides the following information:

1. Network Communications International Corp. is a corporation organized under the laws of Texas, with its principal office located at:

Network Communications International Corp.  
1809 Judson Road  
Longview, Texas 75605-4710  
Phone: (903) 757-4455  
Fax: (903) 757-4899  
Toll-Free: (888)-230-4523

---

<sup>1</sup> All citations to statutory sections are to the 2000 Revised Statutes of Missouri, as currently supplemented, unless otherwise indicated.

Applicant is qualified to transact business in the State of Missouri and holds a certificate of authority as a foreign corporation to transact business in the State of Missouri, which is attached hereto as Exhibit I and incorporated herein by reference. Applicant's Fictitious Name Registration is also contained in Exhibit I and incorporated herein by reference.

Copies of correspondence, communications and orders and decisions of the Commission are to be sent to the following:

Ms. Stephanie Jackson  
Network Communications International Corp.

E-mail: jfischerpc@aol.com

2. The name and address of Applicant's registered agent in the state of Missouri is:

National Registered Agents, Inc.  
300-B East High Street  
Jefferson City, MO 65101

3. The Company, with this petition, proposes to provide intrastate long distance services in conjunction with interstate services. The Company's services are not mileage sensitive. The Company proposes to resell telecommunications services including travel service available through toll-free access, and directory assistance. All services will be offered twenty-four (24) hours per day, seven (7) days a week. Detailed information regarding these services along with proposed rates and charges are provided in the Company's tariff included as an attachment to this petition.

For billing inquiries, customers are initially directed to the Company's billing agent whose toll-free number is printed on each customer bill. The billing agent is authorized to investigate complaints and adjust customer bills within certain parameters set by the Company. Should an inquiry exceed the authority delegated to the Company, the customer is referred to in-house Customer Service Department for further assistance.

The Company intends to resell the services of authorized carriers, and does not propose to own switching equipment or transmission facilities.

4. The Company possesses managerial and technical expertise and financial ability to provide resale interexchange telecommunications services through out the State of Missouri.
5. The Company requests classification as a competitive telecommunications company operating within the State of Missouri, and further requests classification of services described in their tariff as competitive services.
6. The Company's tariff contains the rules and regulations applicable to its customers, a description of the services offered, and a list of rates associated with such services.
7. The Company will not unjustly discriminate among its customers, which discrimination is prohibited pursuant to Section 392.200.

8. Applicant respectfully requests, pursuant to Section 392.420, that the Commission suspend, waive or modify the application of the following rules and statutory provisions as they relate to the regulation of the applicant:

**Rule/Statute**

392.210.2	Uniform System of Accounts
392.240.1	Just & Reasonable Rates
392.270	Ascertain Property Values
392.280	Depreciation Accounts
392.290	Issuance of Securities
392.300.2	Acquisition of Stock
392.310	Issuance of stock and debt
392.320	Stock dividend payment
392.330	Issuance of securities, debts & notes
392.340	Reorganizations

4 CSR 240-10.020	Depreciation fund income
4 CSR 240-3.545 (2)(C)	Rate schedules should be posted at central office
4 CSR 240-30.040	Uniform system of accounts
4 CSR 240-33.030	Inform customers of lowest price

The above referenced rules and statutory provisions have been waived with regard to other interexchange carriers in prior cases. These rules or statutory provisions are principally designed to apply to noncompetitive telecommunications carriers. It would be inconsistent with the goal and purpose of Section 392.530 to apply them to a competitive telecommunications carrier such as the Applicant.

9. Applicant has no pending actions or final unsatisfied judgments or decisions against it from any state or federal agency or court which involve customer service or rates, which action, judgment, or decision has occurred within three (3) years of the date of this Application.

10. Applicant has no annual reports or regulatory assessment fees that are overdue in Missouri.
11. Applicant submits that the public interest will be served by Commission approval of this Application because Applicant's proposed services will create and enhance competition and expand service options. Certification of Applicant will increase the level of long distance competition within the state. Empirical evidence has shown that as the level of competition increases in a market, consumers benefit from both reduced prices and improved service quality. In addition, competition provides consumers with a wider selection of products and services from which to choose. Prompt approval of this Application also will expand the availability of innovative, high quality and reliable telecommunications services within the State of Missouri. Customers will benefit by having alternatives from which to choose and from general improvements in price, features and options that are generated by competitive market pressures.

WHEREFORE, Network Communications International Corp. d/b/a Mundo Telecom, respectfully requests the Commission to grant it a certificate of service authority to offer competitive intrastate interexchange telecommunication services within the State of Missouri; an order classifying it as a competitive telecommunications company providing competitive service; an order suspending, waiving or modifying the above referenced rules and statutory provision as they relate to the regulation of the Applicant in the State of Missouri, and for such further orders as the Commission deems appropriate.

Respectfully submitted,

James M. Fischer MBN 27543
