ORDER APPROVING INTEREXCHANGE
CERTIFICATE OF SERVICE AUTHORITY AND
ORDER APPROVING TARIFF

Atlantic Telephone Company, Inc. (Applicant) applied to the Public Service Commission on February 2, 1999, for a certificate of service authority to provide intrastate interexchange telecommunications services in Missouri under Section 392.440, RSMo 1994¹. Applicant asked the Commission to classify it as a competitive company and to waive certain statutes and rules as authorized by Sections 392.361 and 392.420. Applicant is a Florida corporation, with its principal office located at 412 East Madison Street, Suite 1207, Tampa, Florida 33602.

The Commission issued a Notice of Applications and Opportunity to Intervene on February 9, 1999, directing parties wishing to intervene to file their requests by February 24, 1999. No requests for intervention were received. The requirement for a hearing is met when the opportunity for hearing has been provided and no proper party has requested the opportunity to present evidence. State ex rel.

Rex Deffenderfer Enterprises, Inc. v. Public Service Commission,
776 S.W.2d 494, 496 (Mo. App. 1989). Since no one has asked permission
to intervene or requested a hearing, the Commission may grant the relief
requested based on the verified application.

Applicant filed a proposed tariff in conjunction with its
application and filed two substitute sheets on February 18, 1999.
Applicant's tariff describes the rates, rules, and regulations it intends
to use, identifies Applicant as a competitive company, and lists the
waivers requested. Applicant intends to provide interexchange telecom-
munications services including 800/888/877 services, Directory
Assistance-Long Distance and Travel Card services.

In its Memorandum filed on March 2, 1999, the Staff of the
Commission stated that Applicant's proposed services are similar to
existing IXC offerings. Staff recommended that the Commission grant
Applicant a certificate of service authority, competitive status, and
waiver of the statutes and rules listed in the Notice. Staff recommended
that the Commission approve the proposed tariff as amended to become
effective on March 20, 1999.

The Commission finds that competition in the intrastate
interexchange telecommunications market is in the public interest and
Applicant should be granted a certificate of service authority. The
Commission finds that the services Applicant proposes to offer are
competitive and Applicant should be classified as a competitive company.
The Commission finds that waiving the statutes and Commission rules set

out in the ordered paragraph below is reasonable and not detrimental to the public interest.

The Commission finds that Applicant's proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange carriers. The Commission finds that the proposed tariff filed on February 2, 1999, shall be approved as amended to become effective on March 20, 1999.

IT IS THEREFORE ORDERED:

1. That Atlantic Telephone Company, Inc., is granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to all applicable statutes and Commission rules except as specified in this order.
