Case No. TA-99-86

ORDER APPROVING INTEREXCHANGE AND NON-SWITCHED LOCAL EXCHANGE
CERTIFICATES OF SERVICE AUTHORITY AND ORDER APPROVING TARIFF

Primecall, Inc. (Primecall) applied to the Public Service Commission on August 28, 1998, for certificates of service authority to provide intrastate interexchange and non-switched local exchange telecommunications services in Missouri under § 392.410-.450, RSMo 1994 and RSMo Supp. 1997¹. Primecall asked the Commission to classify it as a competitive company and waive certain statutes and rules as authorized by §§ 392.361 and 392.420. Applicant is a Washington corporation, with its principal office located at 1520 Eastlake Avenue East, Second Floor, Seattle, Washington 98102.

The Commission issued a Notice of Applications and Opportunity to Intervene on September 8, directing parties wishing to intervene to file their requests by September 23. The requirement for a hearing is met when the opportunity for hearing has been provided and no proper party has requested the opportunity to present evidence. State ex rel. Rex

¹All further statutory references are to the Revised Statutes of Missouri 1994 unless otherwise indicated.

Deffenderfer Enterprises, Inc. v. Public Service Commission, 776 S.W.2d 494, 496 (Mo.App. 1989). Since no one has asked permission to intervene or requested a hearing, the Commission may grant the relief requested based on the verified application.

Primecall filed a proposed tariff in conjunction with its application and filed substitute sheets on September 24 and 30. The tariff's effective date is October 15. Primecall's tariff describes the rates, rules, and regulations it intends to use, identifies Primecall as a competitive company, and lists the waivers requested. Primecall intends to provide interexchange and non-switched local exchange telecommunications services including 1+, Directory Assistance and Debit Card services.

In its Memorandum filed on October 7, the Staff of the Commission stated that Applicant's proposed services are similar to existing IXC offerings. Staff recommended that the Commission grant Applicant a certificate of interexchange service authority, and a certificate of service authority for local exchange telecommunication services on condition that this authority be restricted to providing dedicated, non-switched local exchange private line services. Staff recommended that the Commission grant Applicant competitive status, and waiver of the statutes and rules listed in the Notice. Staff recommended that the Commission approve the proposed tariff as amended to become effective on October 15.

The Commission finds that competition in the intrastate interexchange and non-switched local exchange telecommunications markets is in the public interest and Applicant should be granted certificates of service authority. The Commission finds that the services Applicant

proposes to offer are competitive and Applicant should be classified as a competitive company. The Commission finds that waiving the statutes and Commission rules set out in the ordered paragraph below is reasonable and not detrimental to the public interest.

The Commission finds that Primecall's proposed tariff details the services, equipment, and pricing it proposes to offer, and is similar to tariffs approved for other Missouri certificated interexchange and non-switched local exchange carriers. The Commission finds that the proposed tariff filed on August 28 shall be approved as amended to become effective on October 15.

IT IS THEREFORE ORDERED:

1. That Primecall, Inc. is granted a certificate of service authority to provide intrastate interexchange telecommunications services in the state of Missouri, subject to the conditions of certification set out above.

2. That Primecall, Inc. is granted a certificate of service authority to provide local exchange telecommunications services in the state of Missouri limited to providing dedicated, non-switched local exchange private line services, subject to all applicable statutes and Commission rules except as specified in this order.

3. That Primecall, Inc. is classified as a competitive telecommunications company. Application of the following statutes and regulatory rules shall be waived:
