Osage Water Company (OWC) was granted a Certificate of Convenience and Necessity for additional service area in Case No. WA-92-141 by an Order Approving Applications from the Commission effective September 4, 1992. The Commission also ordered OWC to file tariff sheets updating the service area map and description.

Proposed tariff sheets were filed on August 31, 1992 by OWC with a proposed effective date of October 15, 1992. Subsequent to filing, a minor correction was requested by letter from the Company and that correction was made by the Staff.

I have reviewed the proposed tariff sheets and am of the opinion they comply with the Commission's Order.

I recommend approval of the following tariff sheets:
