Subject: Recommendation to Approve Proposed Name Change and Adoption Notice

Date: March 22, 2000

On March 10, PF.Net, LLC (PF.Net), a competitive telecommunications company, submitted a proposed adoption notice. PF.Net was certificated by the Missouri Public Service Commission (PSC) to provide interexchange and local exchange telecommunications service on July 26, 1999 in Case No. TA-99-603. According to PF.Net's attorney, PF.Net has recently completed a *pro forma* reorganization involving the creation of a holding company and ultimate parent company above PF.Net. Also, PF.Net has changed its form of organization from a limited liability company to a Delaware corporation and has changed its name to PF.Net Network Services Corp. (PFNNSC). The filing included a copy of PFNNSC's certificate of authority from the Missouri Secretary of State. The General Counsel's office advised the Telecommunications Department Staff (Staff) that Section 392.340, the statute regarding reorganization of telecommunications companies, has been waived for PF.Net and it is therefore not necessary for PF.Net to obtain PSC approval of their reorganization.

The Staff has no objections to the proposed adoption notice and recommends the Commission amend PF.Net's certificate of service authority to reflect the new name, PF.Net Network Services Corp., and approve the following tariff page to become effective April 10, 2000:

PF.Net Network Services Corp.  
MO P.S.C. Tariff No. 1
