STATE OF MISSOURI PUBLIC SERVICE COMMISSION

At a session of the Public Service Commission held at its office in Jefferson City on the 12th day of November, 1998.

In the Matter of the Application of LCI) International Telecom Corp. and USLD Communi-) <u>Case No. TM-98-520</u> cations, Inc., for Approval of a Transfer of) Selected Assets.)

ORDER APPROVING TRANSFER OF ASSETS

LCI International Telecom Corp. (LCIT) and its affiliate, USLD Communications, Inc. (USLD) (collectively referred to as the "Applicants") filed an application on May 20, 1998, asking the Commission to approve the transfer of certain assets from USLD to LCIT. On August 5 the Applicants filed an amended application. Both USLD and LCIT are certificated to provide intrastate interexchange and local telecommunications services in Missouri; therefore, this transaction comes under Commission jurisdiction.

LCIT is a Delaware corporation with its principal place of business located at 8180 Greensboro Drive, Suite 800, McLean, Virginia 22102. USLD is a Texas corporation with its principal offices located at 9311 San Pedro, Suite 100, San Antonio, Texas 78216. LCIT and USLD are both indirect subsidiaries of LCI International Inc. (LCII)¹.

The Applicants state that USLD will transfer:

 a customer list and associated service agreements for long distance direct dial, dedicated access,

¹ Since the application was filed, LCII has obtained Commission approval to be acquired by and merge with a subsidiary of Qwest Communications International Inc. in Case No. TM-98-406.

point-to-point, travel card, data services, and toll-free service customers ("Customer Base");

- (2) revenues, reports, documentation and goodwill associated with such Customer Base; and
- (3) Telecommunications Equipment associated with the operation of the 1+ Dialing Service.

USLD will transfer these assets in exchange for the issuance of common voting shares in LCIT.

The Applicants state that after the transfer, both USLD and LCIT will continue to operate as telecommunications service providers in Missouri. LCIT will provide a full range of interexchange services and USLD will continue to provide prepaid calling card, operator, calling center, and related services. The Applicants also state that USLD's existing customers will receive LCIT-modified products, that affected customers will receive timely notice of the transfer, and the customers will not experience any billing increase as a result of the transfer. The application indicates that the Applicants will amend their respective tariffs to reflect the changes.

The Applicants state the transfer is in the public interest because it will enable both companies to compete more effectively in the telecommunications marketplace due to the increased efficiencies. The Applicants state that the proposed transfer of assets will have no impact on the tax revenues of any political subdivision in which LCIT and USLD have structures, facilities, or equipment. Applicants also state that there are no pending or final judgments or decisions against them from any state or federal agency which involve customer service or rates.

2

The Staff of the Commission (Staff) filed a Memorandum on August 26, 1998, recommending that the transaction be approved.

The Commission has reviewed the application, the amended application, and Staff's recommendation, and determines that the proposed transfer of assets will have no adverse impact on the Missouri customers of USLD or LCIT. The Commission also determines that the transfer of assets will increase the Applicants' efficiency and will benefit Missouri customers. Therefore, the Commission determines that the transaction is not detrimental to the public interest and should be approved.

IT IS THEREFORE ORDERED:

1. That the application filed by, LCI International Telecom Corp. and USLD Communications, Inc. on May 20, 1998, and amended on August 5, 1998, is approved.

2. That USLD Communications, Inc. is authorized to transfer assets to LCI International Telecom Corp.

3. That the parties are authorized to take any and all actions necessary to effect the transfer authorized by this order.

4. That the Applicants shall provide notice of the transfer to all Missouri consumers by placing an insert in their bills.

5. That LCI International Telecom Corp. and USLD Communications, Inc., shall have the necessary tariff changes to reflect the new or discontinued services in effect prior to or concurrent with providing or discontinuing those services.

6. That LCI International Telecom Corp. and USLD Communications, Inc., shall file notification in Case No. TM-98-520 no later than ten days after the closing date of the transaction authorized by this order.

3

7. That this order shall become effective on November 24, 1998.
