MOTION TO ALLOW AN AMENDED PLEADING

The Department of Natural Resources begs leave of the commission to file an amended Statement of Compliance for Hickory Hills Water & Sewer Company, Inc. in the above referenced matter.

The Department of Natural Resources has recently discovered that the information provided to the commission in the departments January 6, 2006, "Statement of Compliance for Hickory Hills Water & Sewer Company, Inc.", in regard to its sewer operations, was inaccurate.

In the January 6, 2006, Statement of Compliance the following statement was present:

The Department does not currently have any enforcement or compliance actions against Hickory Hills Water & Sewer Company pertaining to its sewer operations. Further, the Department does not consider the water supply to be in significant non-compliance or a threat to public health or the environment at this time.

Due to an internal communication issue, pertinent facts in the possession of a regional office were not provided to the Jefferson City office prior to filing the January 6, 2006 pleading. Therefore, when reviewing our records it appeared that the company had no compliance issues.

Respectfully submitted,
