STAFF REQUEST FOR EXTENSION TO FILE RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission and states:

1. On January 28, 2008, dPi Teleconnect, LLC, filed an application seeking a designation as an eligible telecommunications carrier for the purpose of receiving federal universal service support under Section 214 of the Telecommunications Act of 1996.
2. Staff propounded six data requests to dPi on April 22, 2008. dPi's data request responses were due on May 12, 2008. Counsel for dPi suggests that he would be able to provide the information requested by Staff by near the end of May, 2008.
3. Staff's recommendation in this case is due May 19, 2008. Because dPi has not provided the information requested Staff is unable to provide a recommendation at this time.
4. Because of counsel's assurances that dPi will provide the requested information, Staff requests a 30 day extension to complete its recommendation in this case.

WHEREFORE, Staff requests that the Commission extend the time for Staff's recommendation to June 16, 2008.

Respectfully submitted,

/s/ Steven C. Reed
