Issue Date: April 4, 2008

Effective Date: April 4, 2008

On January 28, 2008, dPi Teleconnect, LLC, filed an application with the Missouri Public Service Commission seeking designation as an eligible telecommunications carrier for the purpose of receiving federal universal service support under Section 214 of the Telecommunications Act of 1996 and the implementing regulations of the Federal Communications Commission. The Commission's Staff reviewed dPi Teleconnect's application and filed its recommendation regarding that application on April 3.

Staff advises the Commission to reject the application as it was submitted. However, Staff reports that counsel for dPi Teleconnect has indicated an intention to amend the company's application to address Staff's concerns, but has not yet done so. Staff asks the Commission to allow dPi Teleconnect until April 17 to file such an amended application.

The Commission will establish April 17 as the deadline for dPi Teleconnect to file an amended application, or otherwise respond to Staff's recommendation.

IT IS ORDERED THAT:

1. No later than April 17, 2008, dPi Teleconnect, LLC, shall file an amended application, or otherwise respond to the recommendation filed by Staff.
2. This order will become effective on April 4, 2008.
