

**BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI**

In the Matter of the Revocation of the Service)
Authority of Coast International, Inc.)

File No. TD-2017-

MOTION TO REVOKE AUTHORITY

COMES NOW the Staff of the Missouri Public Service Commission (Staff) and moves for the Missouri Public Service Commission (Commission) to revoke the authority to resell telecommunications services in Missouri of Coast International, Inc. (Company) and states as follows:

1. On January 30, 1990, Coast International filed an application in Case No. TA90156, to resell telecommunications services in Missouri. On April 17, 1990, the Commission granted the Company the authority to resell telecommunications services throughout Missouri.

2. Section 392.611(2) requires telecommunications providers to submit an annual report to the Commission along with other necessary information to calculate assessments. The requirements telecommunications providers must meet are further explained and codified in 4 CSR 240-28.040 (reporting) and 4 CSR 240-28.050 (assessments).

3. The Commission's *Report and Order* in Case No. TA90156 required the Company to comply with all applicable Commission rules except those specifically waived by the Commission, including filing a "Missouri-specific annual report".

4. Staff's January 31, 2017, letter to Coast requesting its 2015 Statement of Revenue was returned to sender and two of its July 5, 2016 emails bounced back stating the email addresses could not be found. Staff has received no contact from the Company in response to its emails. The company has failed to:

- a). File a statement of revenue for 2015.
- b). Submit its assessment payment for 2015.
- c). Submit an annual report for 2015.

5. Due to the Company's failure to comply with the applicable statutes, rules and orders, Staff moves for the Commission to revoke the Company's authority to resell telecommunications services.

WHEREFORE, Staff respectfully recommends the Commission revoke Coast International, Inc.'s authority to resell telecommunications services in Missouri.

Respectfully submitted,

/s/ Whitney Payne
