**MOTION TO CANCEL CERTIFICATE OF
SERVICE AUTHORITY AND TARIFF**

COMES NOW the Staff of the Missouri Public Service Commission (Staff) and moves for the Missouri Public Service Commission (Commission) to cancel the certificate for basic local exchange, interexchange and non-switched local exchange service authority and applicable tariff of Access Fiber Group, Inc. (AFG or Company) and states:

1. The Commission previously granted a certificate to the Company May 28, 2010, to provide basic local exchange, interexchange and non-switched local exchange telecommunications service authority in Case No. TA-2010-0283. The Company has a currently effective tariff, Tariff No. YC-2010-0609.

2. The Company notified the Commission March 14, 2019, that it wished to voluntarily relinquish its basic local exchange, interexchange and non-switched local exchange telecommunications service authority in Missouri in a letter filed to open this docket. The Company states that it experienced a *pro forma* consolidation with Crown Castle Fiber, LLC, which resulted in AFG no longer existing as a separate entity. Crown Castle Fiber, LLC, was granted a certificate to provide interexchange and non-switched local exchange telecommunications services by the Commission in Case No. TA-2019-0038.

3. The Commission has the authority to cancel a telecommunications certificate pursuant to Section 392.410.5 RSMo 2000, which provides “[a]ny certificate of service authority may be altered or modified by the commission after notice and hearing, upon its own motion or upon application of the person or company affected.”

4. The Commission need not hold a hearing, if, after proper notice and opportunity to intervene, no party requests such a hearing. *State ex rel. Rex Deffenderfer Enterprises, Inc. v. Public Service Commission*, 776 S.W.2d 494 (Mo. App. W.D. 1989).

5. The Company provided a copy of the notice sent to AFG’s customers as Exhibit A to its *Application*. There are no pending actions for either company before the Commission and both companies are current on all assessments and annual report requirements.

WHEREFORE, Staff respectfully recommends the Commission cancel the certificate of service authority to provide basic local exchange, interexchange and non-switched local exchange telecommunications services in Missouri and applicable tariff of Access Fiber Group, Inc.

Respectfully submitted,

/s/ Whitney Payne
