**STAFF RECOMMENDATION**

COMES NOW the Staff of the Missouri Public Service Commission and states:

1. In the attached Memorandum, labeled Appendix A, the Staff recommends that the Missouri Public Service Commission grant Tri-M Communications, inc. d/b/a TMC Communciations (Applicant) a certificate of service authority to provide intrastate, interexchange telecommunications services. The Commission shall grant an application for a certificate of telecommunications service authority upon a finding that the grant of authority is in the public interest. §§ 392.430 and 392.440 RSMo. (2000).

2. Staff also recommends that the Commission classify the Applicant and the services it proposes to offer in its *Application* as competitive. The Commission may classify a telecommunications provider or its services as competitive if the Commission determines it is subject to sufficient competition to justify a lesser degree of regulation. §392.361.4. All the services a competitive company provides must be classified as competitive. §392.361.3.

3. Staff further recommends that the Commission grant the waivers listed in the *Notice of Applications*. The Commission may waive the application of its rules and certain statutes if the Commission determines that waiver is consistent with the purposes of Chapter 392. §§ 392.185, 392.361.5 and 392.420.

4. The Commission's rules at 4 CSR 240-2.060(1)(C) require applicants to submit a Certificate of Good Standing from the Missouri Secretary of State. Staff has obtained this document, which only became available in the past day, and it is attached to this pleading as Appendix B.

5. Finally, Staff recommends that the Commission grant approval of the Applicant's proposed tariff, PSC MO TARIFF No. 1, with an effective date of November 25, 2006.

WHEREFORE, Staff recommends that the Commission grant Tri-M Communications, Inc. d/b/a TMC Communications a certificate of service authority to provide intrastate, interexchange telecommunications services; grant it the requested competitive classification; grant the waivers listed in the Commission's Notice of Application; and approve its tariff, PSC MO TARIFF No. 1.

Date: November 7, 2006

Staff recommends the applicant and its services receive competitive classification. Staff further recommends a Commission order granting certification state that pursuant to Section 392.410 RSMo, unless exercised within a period of one year from the issuance thereof, authority conferred by a certificate of service authority shall be null and void. In addition, Staff recommends approval of the waivers listed in the Notice.

Granting a certificate to provide basic local exchange telecommunications services should be based on the following conditions:

1. The applicant's originating and terminating access rates will be no greater than the lowest Commission approved corresponding access rates in effect for each ILEC within whose service area the applicant seeks authority to provide service, unless authorized by the Commission pursuant to Sections 392.220 and 392.230 RSMo.

2. The certificate and service classification for switched access service is conditioned on the continued applicability of Section 392.200 RSMo, and the requirement that any increases in switched access services rates above the maximum switched access service rates set forth herein shall be made pursuant to Sections 392.220 and 392.230 RSMo, and not Sections 392.500 and 392.510 RSMo.
3. If the directly competing ILEC, in whose service area the applicant is operating, decreases its originating and/or terminating access service rates, the applicant shall file an appropriate tariff amendment to reduce its originating and/or terminating access rates in the directly competing ILEC's service area within 30 days of the directly competing ILEC's reduction of its originating and/or terminating access rates in order to maintain the cap.

☒ No objection to P.S.C. MO. Tariff No. 1 taking effect November 25, 2006
