AN AMENDMENT TO THE INTERCONNECTION) CASE NO. _____
AGREEMENT OF CROSSROADS WIRELESS)
HOLDING, LLC AND SOUTHWESTERN BELL)
TELEPHONE LP d/b/a AT&T MISSOURI)

APPLICATION TO AMEND INTERCONNECTION AGREEMENT

COMES NOW Crossroads Wireless Holding, L.L.C. ("Crossroads") and hereby files this Application for Approval of an Amendment to Crossroads Wireless Holding, LLC ("Applicant") and Southwestern Bell Telephone L.P. d/b/a AT&T Missouri's ("SWBT") currently approved and effective Interconnection Agreement (the "Agreement"), pursuant to § 252(e) of the Telecommunications Act of 1996 ("the Federal Act"). Applicant is currently operating pursuant to an Interconnection Agreement approved by the Public Service Commission on November 28, 2007, in Case No. TK-2008-0099. *See* "Attachment A". The purpose of this Amendment is to include in the Crossroads Interconnection Agreement, the rates, terms and conditions of the FCC's interim ISP terminating compensation plan for the exchange of ISP-bound traffic lawfully compensable under the FCC ISP Compensation Order and traffic lawfully compensable under Section 251(b)(5). A copy of the proposed Amendment is attached hereto as "Attachment B".

I. PARTIES

Crossroads Wireless Holding, L.L.C. ("Applicant"), located at 5 N. McCormick, Oklahoma City, Oklahoma, 73127.

Southwestern Bell Telephone, L.P., d/b/a AT&T Missouri ("SWBT"), located at 1 AT&T Center, Room 3520, St. Louis, Missouri, 63101.

II. ALLEGATIONS OF FACT

Applicant seeks Commission's approval of an Amendment to the above referenced conformed Interconnection Agreement consistent with the provisions of the Federal Act. Applicant believes that the implementation of the Amendment complies fully with § 252(e) of the Federal Act because the Amendment, like the underlying Agreement, is consistent with the public interest, convenience and necessity and does not discriminate against any telecommunications carrier. The Amendment promotes diversity in providers, provides for interconnectivity between the parties' respective networks and will lead to increased customer choices for telecommunications services.

Applicant respectfully requests that the Commission grant expeditious approval of the Amendment, without change, suspension or other delay in its implementation. This is a bilateral agreement, reached as a result of negotiations and compromise between the parties, and Applicant believes that procedures for review of the Amendment should be designed to permit expeditious implementation thereof, and that interventions should be strictly limited, consistent with the scope of review specified by the Federal Act and the Commission's applicable rules.

The applicable standard of review is set forth in § 252(e) of the Federal Act and provides as follows:

(e) APPROVAL BY STATE COMMISSION

(1) APPROVAL REQUIRED. Any interconnection agreement adopted by negotiation or arbitration shall be submitted for approval to the State Commission. A State Commission to which an agreement is submitted shall approve or reject the agreement, with written findings as to any deficiencies.

(2) GROUNDS FOR REJECTION. The State Commission may only reject:

(A) An agreement (or any portion thereof) adopted by negotiation under subsection (a) if it finds that

(i) The agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or

- (ii) The implementation of such agreement or portion thereof is not consistent with the public interest, convenience, and necessity;

The Applicant asserts that the Amendment submitted as part of this application satisfy these standards.

III. LEGAL AUTHORITY

The Commission is vested with requisite authority pursuant to 47 U.S.C. § 252(e).

IV. RELIEF SOUGHT

WHEREFORE, Applicant respectfully requests that the Public Service Commission expeditiously approve the proposed Amendment between the parties and grant such additional relief as the Commission deems proper and reasonable.

Dated this 6th Day of March, 2008.

Respectfully Submitted,
