Re: Case No. T0-2002-347

SBC Advanced Solutions, Inc. (SBC-ASI) is not an "Eligible Telecommunications Carrier" receiving federal high cost universal service fund support and therefore it is our belief that SBC-ASI would not be required to file such a report.

SBC-ASI respectfully requests that it be removed from all future correspondence pertaining to this case.

Please feel free to call me with any questions pertaining to this letter.

Sincerely,

Manuel Camacho
