GENERAL RULES AND REGULATIONS
APPLYING TO SEWER SERVICE MISSOURI
Public Service Commission

1.3 The Company may withhold or discontinue sewer service rendered under application made by any member or agent of a family, household, organization or business unless all prior indebtedness to the Company of such family, household, organization or business has been settled in full for the delinquent service connection.

1.4 The Company reserves the right, subject to authority of the Public Service Commission of Missouri, to prescribe additional rates, rules and regulations or to alter existing rates, rules and regulations as it may from time to time deem necessary or proper.

1.5 The sewer service made available under these rules is for the use of the Customer on his premises, and he shall not re-sell any of it without written consent of this Company.

1.6 The Company's rates are predicated upon the supply of service being rendered separately for each premise and the ultimate usage in or on such separate premises.

1.7 Applications for sewer service requested by firms, partnerships, associations, corporations, and others, shall be tendered only by duly authorized parties. When sewer service is rendered under agreement or agreements entered into between the Company and an agent of the principal, the use of such sewer service by the principal shall constitute full and complete ratification by the principal of the agreement or agreements entered into between such agent and the Company and under which such sewer service is rendered.

1.8 The properly authorized agents of the Company shall have the right to enter upon the premises of the Customer at all reasonable times for the purpose of inspecting any appliance of the Customer used in connection with this service, and for the connection or disconnection of service.

1.9 At the effective date of these rules and regulations, all new facilities, construction contracts, and written agreements shall conform to these rules and regulations in accordance with the statutes of the State of Missouri and authority of the Public Service Commission of Missouri. However, nothing in these rules and regulations shall require reconstruction or alteration of existing facilities, contracts or written agreements to provide conformance either at the effective date or thereafter, excepting where such alteration is mutually agreeable between the Company and the Customers involved or is considered necessary by the Company, subject to approval of the Missouri Public Service Commission.
