FW: Data Request Objection List

Attachments: 2008_MO _Rate_Case_DR Objection List (Majors).xls

Keith,

Attached is the response to your request to review certain Data Requests for potential errors. We have added a column that describes our interpretation of the data request. Many of the data requests where an objection was made were subsequently responded to. Additionally, some of the data requests that asked for a review in our offices were also subsequently responded.

I would be happy to go over any these for clarification or any other reason.

I hope you have a good weekend and a very happy Thanksgiving Holiday.

Subject: FW: Data Request Objection List

Here is a listing with my comments. Note that the file has two tabs, one for KCPL and one for GMO. I have tried to indicate on each line as appropriate when a "S" response completed the provision of data requested in the original DR.

Chris,

I have been instructed to send you a list of data requests that KCPL has objected to or that Staff considers non-responsive, updated as of today. There are two files, one for the 89 case and the other for the 90 case. If there are any obvious errors, please contact me.

Thank you
