**APPLICATION FOR CERTIFICATE OF SERVICE AUTHORITY
AND FOR COMPETITIVE CLASSIFICATION**

Comes now Steve's Wildcat Web, Inc. ("Applicant" or "Company"), by and through counsel, and pursuant to Sections 392.361, 392.410, 392.420, 392.430, 392.440 RSMo, and 4 CSR 240-2.060 and 4 CSR 240-3.510, files this verified Application requesting the Missouri Public Service Commission (hereinafter "the Commission") issue an order that:

- (a) grants Applicant certificate of service authority to provide intrastate interexchange and non-switched local exchange telecommunications services, pursuant to Chapter 392 RSMo;
- (b) grants competitive status to Applicant and Applicant's requested services;
- (c) waives certain Commission rules and statutory provisions pursuant to Sections 392.420 and 392.361 RSMo, consistent with the Commission's past treatment of other certificated providers of competitive interexchange and non-switched local exchange telecommunications services; and
- (d) approves Applicant's separately submitted proposed tariff.

In support of its request, Applicant states that:

1. Applicant Steve's Wildcat Web, Inc. is a corporation duly organized and existing under and by virtue of the laws of the State of Missouri with its principal place of business at: 330 Green Street, Brookfield, MO 64628. The character of business performed by Applicant is telecommunications services. A copy of Applicant's Certificate of

Incorporation from the Missouri Secretary of State, as required by 4 CSR 240-2.060(1)(C), was filed with the Commission as Exhibit A in MoPSC Case No. CA-2004-0568, which is Applicant's pending application for a certificate of service authority to provide basic local telecommunications services, and is hereby incorporated by reference into this Application.

3. By this Application, Applicant proposes to provide various types of intrastate interexchange and non-switched local exchange (private line) telecommunications services throughout the state of Missouri. Specifically, Applicant seeks authority to provide a full

range of “1+” interexchange services, MTS, out-WATS, in-WATS, and Calling Card Services, and where appropriate, non-switched local exchange/private line services. Applicant will provide telecommunications services to residential and business customers.

4. Applicant requests waiver of 4 CSR 240-3.510(1), which requires that an application for a certificate of service authority to provide interexchange, local exchange or basic local exchange service shall include a proposed tariff with no less than a forty-five (45) day effective date. Applicant is in the process of preparing its proposed interexchange (IXC) and non-switched local exchange (LE) tariff, and will file it as soon as it is available. Applicant’s proposed tariff will contain the rules, conditions and description of services and rates, and will be filed with an effective date forty-five (45) days after the issued date.

5. Applicant requests that it and all its services proposed herein be classified as competitive. Applicant believes that the highly developed state of the interexchange and local exchange telecommunications services market in Missouri and nationwide ensures that its proposed services will be subject to sufficient competition to warrant a less rigorous degree of regulation.

6. As a new market entrant, Applicant requests streamlined regulatory treatment afforded similarly situated telecommunications carriers in Missouri. Likewise, to the extent the Commission has granted other competitive interexchange and local exchange carriers waiver of certain of the Commission’s rules and regulations, Applicant respectfully requests that it be granted the same waivers.

7. Consistent with the Commission’s treatment of other certificated

telecommunications companies, Applicant respectfully requests that, pursuant to §392.361.5 and §392.420, RSMo, the following statutes and regulations be waived with respect to its interexchange and non-switched local exchange service offerings:

8. Applicant will comply fully with all applicable Commission rules except those that are specifically waived by the Commission pursuant to the Company's request herein. To the extent that the Commission may modify its waiver policies, Applicant respectfully reserves the right to amend its waiver requests accordingly.

9. Pursuant to 4 CSR 240-2.060 (1) (K), Applicant states that it does not have any pending action or final unsatisfied judgments or decisions against it from any state or

federal agency or court which involve customer service or rates, which action, judgment or decision has occurred with three (3) years of the date of this Application.

10. Pursuant to 4 CSR 240-2.060 (1) (L), Applicant states that no Commission annual report or assessment fees are overdue.

11. Applicant is financially capable of providing the services proposed. Applicant also possesses the necessary technical and managerial expertise and experience necessary to provide the services it proposes to offer at standards that will meet or exceed all service standards established by the Commission.

12. Applicant submits that the public interest will be served by Commission approval of this application because Applicant's proposed services will create and enhance competition and expand customer service options consistent with the legislative goals set forth in the federal Telecommunications Act of 1996 and Chapter 392 RSMo. Prompt approval of this application also will expand the availability of innovative, high quality, and reliable telecommunications services within the State of Missouri.

WHEREFORE, Steve's Wildcat Web, Inc. respectfully requests that the Commission: (1) grant it certificate of service authority to provide intrastate interexchange and non-switched local exchange telecommunications services within the State of Missouri; (2) grant Applicant and its proposed services competitive status; (3) waive the application of the above-referenced statutes and Commission rules; and (4) approve its tariff upon submission.

Respectfully submitted,
