**STAFF RECOMMENDATION**

COMES NOW the Staff of the Missouri Public Service Commission (Staff) and for its recommendation states:

1. In the attached Memorandum, which is labeled Appendix A, the Staff recommends that the Missouri Public Service Commission approve the Interconnection Agreement between Missouri RSA No. 5 Partnership d/b/a Chariton Valley Wireless (“CVW”) and Southwestern Bell Telephone Company, L.P. d/b/a SBC Missouri (“SBC”). The Interconnection Agreement consists of two agreements between the parties that cover the interconnection terms for direct traffic and for indirect transiting traffic.

2. The Commission’s authority to approve or reject this Interconnection Agreement is pursuant to 47 U.S.C. § 252(e) of the Telecommunications Act of 1996.

3. On June 14, 2005, SBC filed objections to CVW’s application, objecting to CVW’s having filed the transit traffic agreement. SBC also objects to “the Commission’s proceeding to approve the transit agreement,” arguing that the transit traffic agreement “is not an interconnection agreement for which the Commission’s approval is required under the Act.” The

Commission recently rejected SBC's arguments in a case involving the same interconnection agreement. In Case No. TK-2005-0304, the Commission concluded:

The Act requires that interconnection agreements be filed for approval with the state commission. An interconnection agreement is any agreement, negotiated or arbitrated, that contains terms of interconnection. Transit service falls within the definition of interconnection service. SBC and Chariton have an agreement covering transit service. Because the transit agreement is an interconnection service, it must be filed with the Commission for approval.<sup>1</sup>

4. The Staff concludes that the Interconnection Agreement does not discriminate against telecommunications carriers not a party to the Agreement, and the Agreement is not against the public interest, convenience or necessity. The Staff recommends the Commission direct the Parties to submit any modifications or amendments to the Commission for approval. The Staff further recommends that the Commission direct the Parties to submit a serially numbered copy of the entire Interconnection Agreement, including the transit traffic agreement.

WHEREFORE, the Staff recommends approval of the Interconnection Agreement.

## Attachment 1

Missouri RSA No. 5 Partnership d/b/a Chariton Valley Wireless (CVW) filed this Application for Approval of both a Direct Interconnection Agreement (Attachment 1) and a related Transit Traffic Services Agreement attached to a Wireless Service Provider (WSP) Agreement (Attachment 2). Attachment 1 includes an amendment which incorporates the FCC's Interim ISP Terminating Compensation Plan.

Although CVW correctly numbered the pages of the Direct Interconnection Agreement and the Amendment (Attachment 1), it failed to number the WSP Agreement and the attached Transit Traffic Services portion of the Agreement (Attachment 2). Staff recommends that the Commission order CVW to file the entire agreement, Attachments 1 and 2, numbered in seriatim.
