The following are the only symbols used for the purposes indicated below:

D	Delete or Discontinue

M	Moved from Another Tariff Location
N	New
R	Change Resulting In a Reduction To a Customer's Bill
T	Change in Text or Regulation but no Change in Rate or Charge

TARIFF FORMAT SHEETS

- A. Sheet numbering - Sheet numbers appear in the upper right corner of the page. Sheets are numbered sequentially. However, new sheets are occasionally added to the tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between pages 14 and 15 would be 14.1.
- B. Sheet Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current sheet version on file with the Public Service Commission of Missouri. For example, the fourth revised Sheet 14 cancels the third revised Sheet 14. Because of various suspension periods, deferrals, etc., the Public Service Commission of Missouri follows in their tariff approval process, the most current sheet number on file with the Commission is not always the tariff page in effect. Consult the Check Sheet for the sheet currently in effect.
- C. Paragraph Numbering Sequence - There are nine levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
 - 2.1
 - 2.1.1
 - 2.1.1.A.
 - 2.1.1.A.1
 - 2.1.1.A.1(a)
 - 2.1.1.A.1(a)I
 - 2.1.1.A.1(a)I(i)
 - 2.1.1.A.1(a)I(i)(1)

The Customer may advise its Customers that a portion of its service is provided by the Company, but the Customer shall not represent that the Company jointly participates with the Customer in the provision of the service.

SECTION 2 - RULES AND REGULATIONS (cont.)

- 2.5.5 The Customer and any authorized or joint users, jointly and serially, shall indemnify and hold the Company harmless from claims, loss, damage, expense (including reasonable court costs and attorneys fees as determined by the court), or liability for patent infringement arising from 1) combining with, or using in connection with facilities the Company furnished, facilities the Customer, authorized user, or joint user furnished, or 2) use of facilities the Company furnished in a manner the Company did not contemplate and over which the Company exercises no control and from all other claims, loss, damage, expense (including the reasonable court costs and attorneys fees as determined by the court), or liability arising out of any commission or omission by the Customer, authorized user, or joint user in connection with the service. In the event that any such infringing use is enjoined, the Customer, authorized user, or joint user, at its option and expense, shall obtain immediately a dismissal or stay of such injunction, obtain a license or other agreement so as to extinguish the claim of infringement, terminate the claimed infringing use, or modify such combination so as to avoid any such infringement.

Before giving such notice, the Customer shall ascertain that the trouble is not being caused by any action or omission by the Customer within his control, if any, furnished by the Customer and connected to the Company's facilities. No refund or credit will be made for the time that the Company stands ready to repair the service and the subscriber does not provide access to the Company for such restoration work.

2.6.2 No credit shall be allowed for an interruption of a continuous duration of less than twenty-four (24) hours after the subscriber notifies the Company.

SECTION 2 - RULES AND REGULATIONS (cont.)

2.7 Disconnection of Service by Carrier.

Residential Service may be discontinued for any of the following reasons:

- 1 – nonpayment of an undisputed delinquent charge
- 2 – unauthorized use of telephone utility equipment in a manner which creates an unsafe condition or creates the possibility of damage or destruction to such equipment.
- 3 – failure to substantially comply with terms of a settlement agreement
- 4 – refusal after reasonable notice to permit inspection, maintenance or replacement of telephone utility equipment
- 5 – as approved by federal or state law.

CBS also adheres to the following rules of the Missouri Public Service Commission:

- 1 – Residential service may not be discontinued by CBS for failure to pay charges not subject to the Missouri Public Service Commission's jurisdiction unless specifically authorized in CBS' tariffs approved by the Commission.
- 2 – Residential service may be discontinued during normal business hours on or after the date specified in the notice of discontinuance. Service shall not be discontinued on a day when the offices of CBS are not available to facilitate reconnection of service or on a day immediately preceding such day.
- 3 – Residential customers shall have a minimum of 30 days from the rendition of a bill to pay the charges stated.
- 4 – Residential service shall not be discontinued unless written notice by first-class mail is sent or delivered to the customer at least 5 days prior to the date of the proposed discontinuance.
- 5 – CBS' Notices of Discontinuance shall contain the following information:
 - A) the name and address and the telephone number of the customer
 - B) a statement of the reason for the proposed discontinuance and the cost (to the customer) for reconnection
 - C) the date after which service will be discontinued unless appropriate action is taken
 - D) how a customer may avoid the discontinuance

SECTION 2 - RULES AND REGULATIONS (cont.)

2.7 Disconnection of Service by Carrier.

- E) the customer's right to enter into a settlement agreement if the claim is for a charge not in dispute and the customer is unable to pay the charge in full
- F) the telephone number where the customer may make an inquiry
- G) a statement that this notice will not be effective if the charges involved are part of an unresolved dispute
- H) a statement of the exception for medical emergency as follows:

Residential Medical Emergency

CBS will postpone a discontinuance for a time not in excess of 30 days if the telephone is necessary to obtain emergency medical assistance for a person who is a member of the household where the service is provided and where such a person is under the care of a physician. Any person who alleges such an emergency shall, if requested, provide CBS with reasonable evidence of such necessity.

Settlement Agreement for Residential Customers

1 - When a residential customer is unable to pay a charge in full when due, CBS shall permit the customer to enter into an initial settlement agreement under which the charge may be paid as mutually agreed by both CBS and the customer. A copy of the settlement agreement shall be delivered or mailed to the customer upon request by the customer.

2 - Matters treated by a settlement agreement shall not constitute a basis for discontinuance as long as the terms of the settlement agreement are followed.

SECTION 2 - RULES AND REGULATIONS (cont.)

- 2.8 Deposits. The Company may, at its sole discretion, require a deposit from the Customer as a condition to receiving service or additional services. The Company reserves the right to review an applicant's or a Customer's credit history at any time to determine if a deposit is required. The amount of such deposit shall not exceed twice the estimated average monthly bill for the class of service for which the deposit is to be applied. Interest on deposits will be set at 9% interest per annum. The fact that a deposit has been made neither relieves the Customer from complying with the Company's regulation on the prompt payment of bills on presentation nor constitutes a waiver or modification of the regulations of the Company providing for the discontinuance of service for nonpayment of any sums due the Company for services rendered.

Upon discontinuance or termination of service, the Company will credit the deposit to the charges stated on the final bill. The balance, if any, will be returned to the Customer within 30 days of rendition of the final bill, and will include any interest on the deposit as set forth above.

After prompt and timely payment of all charges for 12 consecutive billing periods, within 30 days, the Company will refund the deposit to the Customer. The refund will include interest at the rate set forth above. Payment of a charge is satisfactory if received prior to the date that the charge becomes delinquent provided that it is not returned for insufficient funds or closed account.

- 2.9 Rendering and Payment. Customer bills are issued monthly. The Customer will receive its bill on or about the same day of each month. Months are presumed to have 30 days. The billing date is dependent on the billing cycle assigned to the Customer. Each bill contains monthly recurring charges billed in advance, and the last date for timely payment. The Company will pro-rate monthly recurring charges based on a 30 day month.

Bills are due and payable as specified on the bill. Bills may be paid by mail or in person at the business office of the Company or an agency authorized to receive such payment. All charges for service are payable only in United States currency. Payment may be made by cash, check, money order, or cashier's check.

Customer payments are considered prompt when received by the company or its agent by the due date on the bill. The due date is 30 days after the bill is rendered and is designated by the due date on the Customer's bill to timely pay the charges stated. The Company will credit payments within 24 hours of receipt.

Late Payment Charges. Interest charges of 1.5% per month will be assessed on all unpaid balances more than thirty (30) days old. There will not be interest on previously-charged late payment fees.

SECTION 2 - RULES AND REGULATIONS (cont.)

- 2.10 Return Check Charges. A return check charge of \$20.00 will be assessed for checks returned for insufficient funds if the face value does not exceed \$50.00; \$30.00 if the face value does exceed \$50.00 but does not exceed \$300.00; \$40.00 if the face value exceeds \$300.00 or 5% of the value of the check, whichever is greater. The Company may waive the bad check charge under appropriate circumstances.
- 2.11 Advance Payments. For Customers whom the Company feels an advance payment is necessary, the Company reserves the right to collect an amount. Such amount shall be equal to two (2) months' service charges and/or the service connection and/or equipment charges which may be applicable, as well as any nonrecurring charges for any required special construction. Advance payments will be credited to the first bill or bills following until payment is made in full.
- 2.11 Taxes. All state and local taxes (*i.e.*, gross receipts tax, sales tax, municipal utilities tax) are listed as separate line items and are not included in the quoted rates. All charges and fees subject to MoPSC jurisdiction, except taxes and franchise fees, will be submitted to the MoPSC for prior approval.

The Company may adjust its rates or impose additional charges on its customers to recover amounts it is required by governmental or quasi-governmental authorities to collect from or pay to others. The Company may also adjust its rates or impose additional charges to cover the administrative cost of collecting such charges or paying compensation to other entities. Examples of such programs include, but are not limited to, the Universal Service Fund (USF), the Presubscribed Interexchange Carrier Charge (PICC), and compensation to pay telephone service providers for the use of their pay telephones to access the Company's services.

All charges, other than taxes and franchise fees, will be submitted to the Commission for approval.

- 2.13 Billing of Calls. All charges due by the subscriber are payable at any agency duly authorized to receive such payments. Any objection to billed charges should be promptly reported to the Company. Adjustments to Customers' bills shall be made to the extent that records are available and/or circumstances exist which reasonably indicate that such charges are not in accordance with approved rates or that an adjustment may otherwise be appropriate.
- 2.14 Minimum Call Completion Rate. A Customer can expect a call completion rate comparable to that of the local underlining carrier.

SECTION 2 - RULES AND REGULATIONS (cont.)

2.15 Application for Service

Service is installed by arrangement between the Company and the Customer.

- 2.15.1 A Customer desiring to obtain service may do so based on an oral or written agreement. In order to initiate service, the Customer must provide the following information: an address to which the Company shall mail or deliver all notices and other communications, except that the Customer may also designate a separate address to which the Company's bills for service shall be mailed.

The Company shall designate an address to which the Customer shall mail or deliver all notices and other communications, except that the Company may designate a separate address on each bill for service to which the Customer shall mail payment on that bill.

If the service agreement is made verbally, the Company will, within 5 days of initiating the service order, provide a confirmation letter setting forth a brief description of the services ordered and itemizing all charges which will appear on the Customer's bill. Within 5 days of initiating service, the Company shall state in writing for all new Customers all material terms and conditions that could affect what the Customer pays for telecommunications service provided by the Company. If services requested by Customer are bundled, however, by agreement with the Customer, bundled services will not be initiated for up to 60 days.

Potential Customers who are denied service for failure to establish credit or pay the required deposit will be notified in writing by the Company of the reason for the denial within 10 days of the denial.

2.15.2 Cancellation of Application for Service

No charge applies when the applicant cancels an application for service prior to the start of installation or special construction.

When an applicant cancels an application for service after the start of installation or special construction, the applicant shall pay a cancellation fee which is the lesser of 1) the costs incurred by the Carrier, or 2) the charge for the minimum period of the service ordered, plus applicable installation charges.

Customers of CBS may cancel service by providing thirty (30) days' written or verbal notice to CBS. Customers are responsible for all charges, including fixed fees, which accrue up to the cancellation date.

SECTION 2 - RULES AND REGULATIONS (cont.)

2.15 Application for Service (cont.)

2.15.3 Cancellation of Service

The Customer may have service discontinued upon verbal or written notice to the Company. The Company shall hold the Customer responsible for payment of all bills for services furnished until the cancellation date specified by the Customer or until the date that the written cancellation notice is received, whichever is later. A termination liability charge applies to early cancellation of a term agreement.

At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party. Any termination shall not relieve the Customer of his or her obligation to pay any charges incurred under the Service Order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the terms of the Service Order shall survive such termination.

SECTION 2 - RULES AND REGULATIONS (cont.)

2.16 Restoration of Service and Disconnection Exemption

2.16.1 Restoration of Service.

Unless prevented by circumstances beyond the Company's control or unless a subscriber requests otherwise, the Company shall reconnect previously disconnected service by 5 p.m. on the next business day following either:

- A) Receipt by the Company or its authorized Agent, of the full amount in arrears for which service was disconnected, or upon verification by the Company that conditions which warranted disconnection of service have been eliminated; or
- B) Agreement by the Company and the subscriber on a deferred payment plan and a payment, if required, under the plan.

Before restoring service under this rule, the Company may not insist upon payment of any new bill that is not past due if that bill did not itself provide the basis for disconnection.

Payment received by an authorized Agent of the Company shall be treated in the same manner as payment made directly to the Company.

2.16.2 Disconnection Exemption

If a Customer reports to the Company that he or she has a medical emergency, service cannot be disconnected for 21 days, however the Customer will be obligated to provide proof in the form of a written doctor's statement in this event, per MoPSC Chapter 33.

SECTION 2 - RULES AND REGULATIONS (cont.)2.17 Temporary Suspension for Repairs

The Company shall have the right to make necessary repairs or changes in its facilities at anytime and will have the right to suspend or interrupt service temporarily for the purpose of making the necessary repairs or changes in its system. When such suspension or interruption of service for any appreciable period of time is necessary, the Company will give the Customers who may be affected as reasonable notice thereof as circumstances will permit, and will prosecute the work with reasonable diligence, and if practicable at times that will cause the least inconvenience.

When the company is repairing or changing its facilities, it shall take appropriate precautions to avoid unnecessary interruptions of conversations or Customers' service.

The use and restoration of service in emergencies shall be in accordance with Part 64, Subpart D of the Rules and Regulations of the Federal Communications Commission, which specifies the priority system for such activities.

2.18 Special Construction And Special Arrangements

2.18.1 Subject to the agreement of the Company and to all of the regulations contained in this tariff or any applicable contract, special construction and special arrangements may be undertaken on a reasonable effort basis at the request of the Customer. A white pages standard directory listing is included with each unit of wireline service.

SECTION 3 DESCRIPTION OF SERVICES (cont'd)3.2 Network Switched Service (Off-net and On-net) (cont'd)3.2.1 Caller ID

Caller ID is one of the products which the Company will offer. This feature enables the customer to view on a display unit the Calling Party Directory Name and/or Number (CPN) on incoming telephone calls. When Caller ID is activated on a customer's line, the CPN of incoming calls are displayed on the called CPE during the first long silent interval of the ringing cycle. Any customer subscribing to Caller ID will be responsible for the provision of a display device which will be located on the customer's premises. The installation, repair, and technical capability of that equipment to function in conjunction with the feature specified herein will be the responsibility of the customer. The Company assumes no liability and will be held harmless for any incompatibility of this equipment to perform satisfactorily with the network features described herein. Telephone CPN information transmitted via Caller ID is intended solely for the use of the Caller ID subscriber. Resale of this information is prohibited by this Tariff. CPN will not be displayed if the called party is off-hook or if the called party answers during the first ring interval. CPN will be displayed for calls made from another central office only if it is linked by appropriate facilities. Caller ID is not available on operator handled calls.

SECTION 3 DESCRIPTION OF SERVICES (cont'd)3.2 Network Switched Service (Off-net and On-net) (cont'd)3.2.2 Call Blocking

Per line blocking for the blocking of CPN will be available upon request, at no charge, *only* to the following entities for lines over which the official business of the agency is conducted, including those at the residences of employees/volunteers, where an executive officer of the agency registers as need for blocking and provides the required certification to the Company: a private, nonprofit, tax exempt, domestic violence intervention agencies and federal, state, and local law enforcement agencies. The CPN will not be transmitted from a line equipped with this capability. Per line blocking is operational on a continuous basis but can be deactivated by the customer by dialing an access code immediately prior to placing a call.

Line blocking customers can unblock their CPN information on a per call basis, at no charge, by dialing an access code (#82 on their Touch Tone pad or 1182 from a rotary phone) immediately prior to placing a call.

A customer may prevent the delivery of their calling name and or number to the called party by dialing an access code (#67 on their Touch Tone pad or 1167 from a rotary phone) immediately prior to placing a call. The access code will activate per call blocking, which is available at no charge. If the calling party activates blocking, the CPN will not be transmitted across the line to the called party. Instead, Calling Line Identification customers will receive an anonymous indicator. This anonymous indicator notifies the Caller ID customer that the calling party has elected to block the delivery of their name and telephone number. The blocking of CPN will not be provided on calls originating from Customer-Owned Pay Telephone Service. If the Caller ID customer also subscribes to Anonymous Call Rejection, the calling party will be routed to a telephone company recording advising the caller that the called party will not accept calls whose CPN has been blocked.

3.2.3 Call Trace/Anonymous Calls

Customers receiving annoying or anonymous calls may request (1) a telephone number change, which will be provided at no charge by the Company or (2) the capability to utilize Call Trace on a per activation basis, as needed. In the event that Call Trace is not available or is unable to resolve the case, it may be necessary to place a manual trap on the customer's telephone line.
