CV Protection

\$10/mo

(covers protection for Internet service with Chariton Valley GigaCenter, plus video* and phone wire maintenance)

The **Complete Value Protection** (CV Protection) introduces an enterprise carrier grade Wi-Fi router, called a Chariton Valley GigaCenter.

CV Protection ensures your wireless network (Wi-Fi), the inside wiring and jacks in your business that run your Phone, Internet and Video service will stay in proper working condition.

Installation of GigaCenter

One time fee: \$30 (Professional installation by certified Chariton Valley technician.)

Benefits Of CV Protection

- Includes GigaCenter router
- Chariton Valley takes care of any service issues
- Network optimization by professional installer
- Performance management by certified IT specialists
- Optimized Wi-Fi experience
- Convenient mobile app, NetValet, available for easy management of Wi-Fi experience
- Ability to accommodate visitors on a guest network
- GigaCenter will always be kept up-to-date
- Future proof router – capable up to 1 Gbps

CV Protection does not cover installation of new jacks, repair of customer owned equipment or equipment supplied from other providers (e.g. Roku, Google Chromecast, etc), gaming systems, issues caused by misuse, negligence or vandalism, priority escalation and hourly fees for after-hours service calls or lost or stolen equipment. Required with Business Elite and higher plans.
*Must have Video service.
