3. SERVICE AND RATE DESCRIPTION**.1 Debit Card Service**¹

(C)

The ASC Telecom Debit Card allows customers to pay a fixed dollar amount in advance for long distance calling over ASC Telecom's network. Customers use an "800" number for access from touch tone phones. Customers can place domestic and international direct dial calls using the service. Cards are decremented for each minute or fractional minute of use as set forth below. As calls are placed, charges for the call are deducted on a real time basis until the full amount of the card is exhausted. Customers will be notified in advance of the exhaustion of the card. An expiration date, if applicable, is printed on the card. The rates paid by the customer until the card is exhausted or until there are insufficient funds remaining to initiate an additional call, are the rates in effect at the time the card is purchased. Debit Card accounts may be replenished at the rates specified for replenished cards.

The following types of calls may not be completed using the ASC Debit Card:

- * calls to 700, 800, and 900 numbers
- * calls to directory assistance
- * operator assisted calls
- * conference calls
- * calls requiring time and/or charges

The ASC Debit Card is available twenty-four hours a day, seven days a week. The cards will be offered to customers on a first serve basis and may be offered in conjunction with other ASC products.

¹ Effective June 21, 1998, ASC Telecom Debit Card will no longer be available to new customers.

3. SERVICE AND RATE DESCRIPTION (Continued).1 Debit Card Service¹ (Continued)

(T)

.1 Original Purchase Debit Card Accounts

When an original purchase account is established, the Company will assign an Account Code/Authorization Code to the account. The Company reserves the right to determine the acceptable types of payment. Original purchase accounts are available for use at the rates as set forth in section 4 of this tariff.

.2 Replenishment of Debit Card Accounts

An ASC Telecom Debit Card account may replenished via an "800" number. To replenish an existing Debit Card account, the customer must use a commercial credit card. The Company reserves the right to determine the acceptable types of credit cards. Replenished accounts are available for use at the rates as set forth in Section 4 of this tariff.

¹ Effective June 21, 1998, ASC Telecom Debit Card will no longer be available to new customers.

3. SERVICE AND RATE DESCRIPTION (Continued)

(C)

Operator Services are available from specific locations within the state, for a charge.

Access to Operator Service can be obtained by the following dialing methods.

The Directory Assistance Call Completion Charge applies to both ASC and non-ASC subscribers who access a ASC operator and request the operator to obtain a telephone number from D.A. and then have the operator complete the call to the requested number.

NOTE: If a ASC operator completes a call to the requested number, the Directory Assistance Call Completion Call Placement Charge (plus ASC usage charges) is applicable in lieu of a D.A. surcharge.
