STAFF STATUS REPORT

COMES NOW the Staff of the Missouri Public Service Commission and for its recommendation, states as follows:

1. On February 18, 2011, True Wireless, L.L.C. (“the Company”), a wireless carrier, filed an application with the Missouri Public Service Commission seeking designation as an Eligible Telecommunications Carrier (“ETC”) for the purpose of receiving federal universal service fund support for low income customers through Lifeline and LinkUp programs.

2. The Commission's April 12 Order required that the Staff file a recommendation or status report before April 25. At the present time, the Application remains deficient. The Company and the Staff agree that an extension would be reasonable so that the Company can address those deficiencies. The Staff requests that it be given an extension of time until five business days following the completion of the Application to complete its review and make its recommendation.

WHEREFORE, the Staff requests that the Commission grant the Staff an extension of time until five business days following the completion of the Application to complete its review and make its recommendation.

Respectfully submitted,
