Case No. TK-2007-0158

ORDER APPROVING INTERCONNECTION
COLLOCATION AND RESALE AGREEMENT

Issue Date: November 28, 2006

Effective Date: December 8, 2006

This order approves the Interconnection Agreement executed and filed by Embarq Missouri, Inc. (Embarq).

On October 16, 2006, Embarq filed an application with the Commission for approval of an Interconnection Agreement with Teleport Communications Group, Inc. (Teleport). The Agreement was filed pursuant to Section 252(e) of the Telecommunications Act of 1996.¹ Embarq is a local exchange carrier in Missouri. Teleport is not a certificated telecommunications company. Teleport is the parent company of the certificated telecommunications companies, TCG Kansas City, Inc. and TCG St. Louis. Embarq, TCG Kansas City, Inc. and TCG St. Louis are subject to the jurisdiction of the Commission.

Although Teleport is a party to the Agreement, it did not join in the application. On October 19, 2006, the Commission issued an order making Teleport a party in this case and directing any party wishing to request a hearing to do so no later than

November 8, 2006. No requests for hearing were filed. On November 16, 2006, Embargo filed Amendment No. 1 to the interconnection agreement (see File No. VT-2007-0006). The amendment incorporates TCG Kansas City, Inc. and TCG St. Louis as additional parties to the interconnection agreement.

The Staff of the Commission filed a memorandum and recommendation on November 20, 2006, recommending that the Agreement be approved.

Discussion

Under Section 252(e) of the Act, any interconnection agreement adopted by negotiation must be submitted to the Commission for approval. The Commission may reject an agreement if it finds that the agreement is discriminatory or that it is not consistent with the public interest, convenience and necessity.

The Staff memorandum recommends that the Agreement be approved and notes that the Agreement meets the limited requirements of the Act in that it is not discriminatory against nonparties and is not against the public interest. Staff recommends that the Commission direct the parties to submit any further amendments to the Commission for approval.

Findings of Fact

The Missouri Public Service Commission, having considered all of the competent and substantial evidence upon the whole record, makes the following findings of fact.

The Commission has considered the application, the supporting documentation, and Staff's verified recommendation, which are hereby admitted into evidence. Based upon that review, the Commission concludes that the Agreement meets the requirements

¹ See 47 U.S.C. § 251, *et seq.*

of the Act in that it does not discriminate against a nonparty carrier and that implementation of the Agreement is not inconsistent with the public interest, convenience and necessity. The Commission finds that approval of the Agreement shall be conditioned upon the parties submitting any amendments to the Commission for approval pursuant to the procedure set out below.

Amendment Procedure

The Commission has a duty to review all resale and interconnection agreements, whether arrived at through negotiation or arbitration, as mandated by the Act.² In order for the Commission's role of review and approval to be effective, the Commission must also review and approve or recognize amendments to these agreements. The Commission has a further duty to make a copy of every resale and interconnection agreement available for public inspection.³ This duty is in keeping with the Commission's practice under its own rules of requiring telecommunications companies to keep their rate schedules on file with the Commission.⁴

The parties to each resale or interconnection agreement must maintain a complete and current copy of the agreement, together with all amendments, in the Commission's offices. Any proposed amendment must be submitted pursuant to Commission rule 4 CSR 240-3.513(6).

Conclusions of Law

The Missouri Public Service Commission has arrived at the following conclusions of law.

² 47 U.S.C. § 252.

³ 47 U.S.C. § 252(h).

The Commission, under the provisions of Section 252(e)(1) of the Telecommunications Act of 1996,⁵ is required to review negotiated interconnection agreements. It may only reject an agreement if it finds that implementing the agreement would be discriminatory to a nonparty or that it is not consistent with the public interest, convenience and necessity.⁶ Based upon its review of the Agreement between Embarq and TCG Kansas City, Inc. and TCG St. Louis, and its findings of fact, the Commission concludes that the Agreement is neither discriminatory nor inconsistent with the public interest and shall be approved.

The Commission notes that prior to providing telecommunications services in Missouri, a party shall possess the following: (1) an interconnection agreement approved by the Commission; (2) except for wireless providers, a certificate of service authority from the Commission to provide interexchange or basic local telecommunications services; and (3) except for wireless providers, a tariff approved by the Commission.

IT IS ORDERED THAT:

1. The Interconnection Collocation and Resale Agreement of Embarq Missouri, Inc. and Teleport Communications Group, Inc., TCG Kansas City, Inc. and TCG St. Louis, filed on October 16, 2006, is approved.
2. Any changes or amendments to this Agreement shall be submitted in compliance with 4 CSR 240-3.513(6).
3. This order shall become effective on December 8, 2006.

⁴ 4 CSR 240-3.545.

⁵ 47 U.S.C. § 252(e)(1).

⁶ 47 U.S.C. § 252(e)(2)(A).

4. This case may be closed on December 9, 2006.
