Case No. TN-2019-0192

STAFF RECOMMENDATION

COMES NOW the Staff of the Missouri Public Service Commission, by and through counsel, and for its *Recommendation* in this matter hereby states:

1. On December 20, 2018, Consolidated Communications Enterprise Services, Inc. d/b/a Consolidated Communications (Company) notified the Commission that FairPoint Carrier Services, Inc. would be merged into the Company effective January 1, 2019. This merger results in a name change from FairPoint Carrier Services, Inc., to Consolidated Communications Enterprise Services, Inc. d/b/a Consolidated Communications. The Company also filed a new tariff (PSC MO. No. 5, YX-2019-0132) with a January 1, 2019, effective date to replace the existing tariff (PSC MO. No. 1). The Commission issued an order in response directing Staff to file a recommendation no later than January 4, 2019.

2. Commission rule 4 CSR 240-28.011.4 provides that transactions involving the sale, merger or consolidation of a company with an existing certificate of service authority or Commission registration do not require Commission approval, with an exception for transactions resulting in a name change or cancellation of an existing certificate or registration. 4 CSR 240-28.011.2 applies to any transaction which will result in a name change and directs the company to provide advance notice to the Commission in the form of a letter signed by a company official which states the new

name and the date by which it will take effect, documentation from the Missouri Secretary of State that the name has been registered and a statement that the company has reviewed and updated, when applicable, its contacts in the Commission's Electronic Filing and Information System (EFIS). The rule also directs companies with an active tariff to either replace the existing tariff in its entirety or file a one-page adoption notice of the existing tariff.

3. Staff reviewed the Company's filing and determined that it has met all requirements of 4 CSR 240-28.011.4 and 4 CSR 240-28.011.2, as outlined in its memorandum attached to this pleading as Appendix A. The new tariff (PSC MO. No. 5, YX-2019-0132) took effect January 1, 2019, and reflects the new name.

4. Staff recommends the Commission recognize the Company's name change.

WHEREFORE, Staff recommends that the Commission recognize the Company's name change from FairPoint Carrier Services, Inc., to Consolidated Communications Enterprise Services, Inc. d/b/a Consolidated Communications; and grant such other and further relief as the Commission considers just in the circumstances.

Respectively submitted
