INTRASTATE LONG DISTANCE MESSAGE TELECOMMUNICATIONS SERVICE

3. REGULATIONS (continued)

3.10 Dedicated Access and Private Line Services

3.10.1 Rates for Dedicated Access and Private Line Services will be determined on an Individual Case Basis (ICB). ICB rates will be structured to recover the Company's cost of providing the services and will be made available to customers in a non-discriminatory manner. Terms of the specific ICB contracts will be made available to the Missouri Public Service Commission upon request on a proprietary basis.

3.11 Calculations of Billable Time (Usage Charges)

3.11.1 Unless otherwise specifically stated in this tariff, all calls, regardless of time period, lasting one (1) minute or a fraction thereof, are subject to a minimum billing increment of one (1) minute. Calls are billed in one (1) minute increments thereafter, with partial minutes rounded up to the next full minute.

3.11.2 Chargeable time begins when the connection is established between the calling station and the called telephone number and ends when the connection is terminated.

3.11.3 In determining usage charges, Peak/Off-Peak/Holiday rate periods, as defined in Section 5.1 of this tariff, apply, unless otherwise indicated, and are based on the time where the call originates. In cases where a call begins in one rate period and continues into another rate period, the rate in effect in each period will apply to the portion of the call occurring within the applicable rate period.

3.11.4 All per-call charges of fractional cents shall be rounded to the next full cent unless otherwise stated.
