

a letter,³ as Level 3 did on April 5. But Level 3 filed the motion after the tariff was under suspension.

However, the Commission may extend the suspension of the tariff as follows:

Whenever there shall be filed with the commission by any telecommunications company . . . any [tariff], the commission [may] enter upon a hearing concerning the propriety of such [tariff]; and pending such hearing and the decision thereon the commission . . . may suspend the operation of such [tariff], but not for a longer period than sixty days beyond the time when such [tariff] would otherwise go into effect; . . . however, if any such hearing cannot be concluded within the period of suspension, as above stated, the commission may, in its discretion, extend the time of suspension for a further period not exceeding ninety days. [. ⁴]

The Commission has not concluded such hearing within the period of suspension ordered on April 27. Level 3 seeks an extension of 30 days and a corresponding extension of related filing dates. Level 3 also represents that no party objects to the motion.
