Case No. TW-2014-0012

STAFF MEMORANDUM

COMES NOW the Staff of the Missouri Public Service Commission, by and through counsel, and for its *Memorandum* states as follows:

1. Staff on July 11, 2013, filed a *Motion to Open a Repository Docket* along with a *Report* to open this docket. Starting in 2014, Staff files a report each year regarding the annual process of verifying the continued eligibility of existing Lifeline program subscribers using the Federal Communications Commission’s (FCC) Form 555. Staff filed its most recent prior *Report* on March 14, 2019, providing a summary of the results and data gathered from the submissions of Form 555 to the Commission for 2018.

2. *Staff’s Memorandum*, attached here as Appendix A is an explanation of FCC Form 555 along with a summary of the results and data gathered from the Form 555 submissions to the Commission for 2019. Attachment A to Appendix A is a confidential document reflecting a breakdown of all of the results Staff was able to review for the 2019 recertification process. As the *Memorandum* outlines, the Universal Service Administrative Company (USAC) took over as National Verifier of Lifeline eligibility in 2019. The *Staff Memorandum* explains how this transition has created confusion regarding the 2019 recertification and how results should be compiled in Form 555. Staff prays the data compiled in this *Report* will assist the Commission with future inquiries as to its Lifeline providers and subscribers within Missouri.

WHEREFORE, Staff asks the Commission to accept *Staff's Memorandum*; and grant such other and further relief as the Commission considers just in the circumstances.

Respectfully submitted

/s/ Whitney Payne
