In the Matter of the Waiver of Certain Rules and
Statutes to Telecommunications Companies

File No. TE-2012-0073

NOTICE CLOSING CASE

Issue Date: June 26, 2012

The Commission opened this case and directed all telecommunications companies who sought or elected waivers from certain retail rules to file their notices of election of waiver in this case. That step was necessary to facilitate the tracking of the waivers elected by the various companies. The Commission has now implemented a mechanism within EFIS that will allow for the tracking of those waivers without the necessity of having all waivers filed in a single case. Therefore, from this point forward, telecommunications companies are no longer required to file notices of election of waiver in this case. Instead, each such waiver notice shall be filed in its own new case. This case shall be closed.
