Case No. TO-2006-0360

STATUS REPORT

COMES NOW the Staff of the Missouri Public Service Commission and for its status report states:

1. On August 29, 2006, the Commission issued an Order Regarding Procedural Schedule. The Order held that this matter shall not be bifurcated, but shall proceed in one phase with fact and law being considered together. The Order directed the Staff to file a status report centered on AT&T Missouri's cooperation with discovery requests in light of the Commission's holding to proceed in one phase.

2. The Staff reports that AT&T Missouri has amended its objections to Staff's data requests by deleting the general objection that the requests were served on AT&T Missouri without the Commission's having first determined whether the case should be adjudicated in two phases. The Staff also reports that AT&T Missouri has accordingly supplemented its responses to Staff's data requests. The Staff further reports that AT&T Missouri has provided responses to all of Staff's data requests issued to date.

Respectfully submitted,

/s/ William K. Haas
