Re: Fidelity Telephone Company
- Case No. IR-2004-0272

Dear Mr. Roberts:

On April 21, 2004, Fidelity Telephone Company filed revised tariffs with the Commission in compliance with its Order Approving Stipulation and Agreement issued in the above-referenced matter. Upon review of that tariff filing, several typographical errors were noted. Accordingly, enclosed for substitution, please find the following corrected tariff sheets:

PSC Mo. No. 1, 8th Revised Sheet No. 13, Cancels 7th Revised Sheet No. 13
PSC Mo. No. 1, 8th Revised Sheet No. 15.3, Cancels 7th Revised Sheet No. 15.3
PSC Mo. No. 1, 2nd Revised Sheet No. 28.6, Cancels 1st Revised Sheet No. 28.6
PSC Mo. No. 1, 5th Revised Sheet No. 29, Cancels 4th Revised Sheet No. 29
PSC Mo. No. 1, 1st Revised Sheet No. 29.2, Cancels Original Sheet No. 29.2
PSC Mo. No. 1, 1st Revised Sheet No. 40.1, Cancels Original Sheet No. 40.1

April 28, 2004

Page 2

Would you please see that these sheets are substituted for the sheets previously filed with your office on April 21, 2004. If there are any questions regarding this request, they may be directed to me at the above number. Thank you in advance for your attention to and cooperation in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "W.R. England III", with a stylized flourish at the end.

W.R. England III

RULES AND REGULATIONS

27. LATE PAYMENT OF SERVICE

Bills are due as specified on the bill and may be paid at the Business Offices of the Company or at any agency authorized to receive such payments. All bills paid after the due date specified on the bill shall have a service charge of \$6.00 added. Failure to receive a bill does not relieve the subscriber of the responsibility for payment in accordance with the provisions set forth herein.

(I)

28. BILL REPRINT SERVICE

Bills from the Company may be requested to be reprinted on an exception basis. A service charge of \$5.00 will be added per request. This fee will be waived if the customer requests the bill within 30 days of the issuance of the original bill or finds a discrepancy in the Company billing.

29. LINE TRAP SERVICE

Line trap service provides the capability of capturing and recording the telephone number of the calling party for each local telephone call to the customer's telephone number. Information relating to the calling party's number and the time of the call is captured by telephone company switching equipment and is provided to a local law enforcement agency. Line traps will not be installed unless requested by the customer or by a law enforcement agency of the local, state, or federal government. Results of the line trap will only be disclosed to appropriate law enforcement agencies in accordance with applicable law. A trap will be established for a maximum period of fifteen days after which it will be removed unless requested by the customer to remain. One free trap per year will be established for a customer. If the customer requests an extension of the trap beyond the fifteen day period or if the customer requests a new trap within one year of requesting the initial trap, a charge of \$10.00 will apply for each fifteen day period or portion thereof.

RULES AND REGULATIONS
MISCELLANEOUS EQUIPMENT

12. Installation Charges:

- | | | |
|----|---|-------------|
| a. | Business first access line to demarcation point. | \$50.00 (I) |
| b. | Each additional demarcation point if done at the same time. | \$15.00 (I) |
| c. | Residence to demarcation point. | \$35.00 (I) |
| d. | Number or name change. | \$ 8.00 (I) |

13. Demarcation Point:

The point of connection, provided and maintained by the telephone utility to which the inside station wiring becomes dedicated to an individual customer's use. For an individual customer dwelling, this point of connection will generally be immediately adjacent to the protector or the customer's side of the protector. The drop and block, including the protector, will continue to be provided by, and remain the property of, the telephone utility.

SMARTFEATURES SERVICES

B. Service Descriptions (Cont'd)

19. Selective Distinctive Alert-Provides the customer with a distinctive ring and Call Waiting tone (if the customer has subscribed to Call Waiting), when the customer is called from preselected telephone numbers. The customer can construct or modify the telephone number screening list by dialing a unique code. The Telephone Company's equipment will screen incoming calls against the screening list and provide a distinctive ring for telephone numbers on the list.
20. Customers Originated Trace-Enables the customer to initiate an automatic trace of the last incoming call received, regardless of the time lapse since that call, providing there have been no intervening outgoing calls. This service is activated by the customer dialing an access code. If a trace is successful, the Telephone Company's equipment will record the incoming call detail (not the conversation). The results of the trace will not be provided to the customer directly. For further action to be taken, the customer should follow the instructions received after a successful trace activation.
21. Unidentified Call Rejection- Enables the Customer the ability to automatically reject calls if the calling number has been marked private. The customer will only receive calls for which the identity of the calling party is available. If facilities are unavailable to provide incoming call screening, standard call completion will occur. Callers whose numbers have been marked private will be directed to Telephone Company equipment which announces that the called party is not accepting calls from parties with private numbers. The called party is not alerted when calls are directed to the Telephone Company announcement.
22. Call Forwarding Variable Feature Button – Allows calls attempting to terminate to a Directory Number (DN) to be redirected to another DN without regard to the busy/idle status of the called DN. The subscriber is only required to activate and deactivate the forwarding function, the forward-to DN is preset in the switch when the feature is assigned. The preset DN is changeable via dialed access code. The Call Forwarding Variable Feature Button is activated and deactivated by use of a dialed access code.

C. Rates

Service charges may apply. Additional service charges do not apply when establishing basic local exchange service or when adding SmartFeatures Services within ninety days of the date when these services first become available in an exchange. The charges below are per line.

	S&E Code	Monthly Rate Bus. Or Res.	Installation Charge	
1. Call Forwarding	01045	\$3.00 (I)	\$6.25	(I)
2. Call Forwarding with Remote Activation	01046	3.00	6.25	
3. Call Forwarding/Busy Line	01047	1.25 (I)	6.25	
4. Call Forwarding/Don't Answer	01048	.75	6.25	
5. Call Forwarding/Busy Line Don't Answer	01049	1.00	6.25	(I)

OPERATOR SERVICES

BUSY VERIFICATION SERVICE

A. GENERAL

1. Busy Verification Service is furnished to customers upon request to provide Line Status or Busy Interrupt for a requested line or trunk.
2. This service is provided where facilities exist for Line Status or Busy Interrupt through a Telephone Company operator.
3. The provision of Line Status involves an operator determining the condition of a line or trunk that a customer requests to be checked. The status of this line or trunk is verified to the customer for a charge as listed below.
4. The provisions of Busy Interrupt involve an operator interrupting a line or trunk that a customer requests to be checked. Information concerning the Busy Interrupt to this line or trunk is passed to the customer for a charge as listed below.
5. No request will be processed on a collect or reversal of charge basis.

B. CHARGES

The charges listed below are in addition to the rates and charges associated with local or Long Distance Message Telecommunications Service.

1.	Per Request	Charge
	(a) Line Status	\$1.50 (l)
	(b) Busy Interrupt	1.75 (l)

No charge will apply if the line situation indicates a trouble condition. No charge applies when the request is identified as an emergency request by the customer and originates from or to emergency agencies, such as 911 service, police, fire, rescue or ambulance.
