## 2. DEFINITIONS

- 2.1 "Advanced Intelligent Network Database" means a call-related database that uses distributed intelligence in centralized databases to allow some call processing functions to be performed outside of the switch as well as to manage certain network information. AIN Databases reside on Service Control Points (SCPs) where interactions with the voice network take place via signaling links and STPs.
- 2.2 "Service Creation Environment (SCE)" means an off-line computer used to design, create, and test AIN services.
- 2.3 "Service Management System (SMS)" means an off-line computer system that regularly downloads software and information to an AIN Database.
- 2.4 "Service Platform" means a physical platform that interacts with CLEC's service. A service platform may be a telephony switch, an SCP, or any other platform capable of interacting with CLEC's service.

## 3. GENERAL DESCRIPTION

- 3.1 Upon request by CLEC and where technically feasible, **SBC-12STATE** will provide CLEC with access to **SBC-12STATE**'s Advanced Intelligent Network (AIN) platform, AIN Service Creation Environment (SCE) and AIN Service Management System (SMS) as set forth below:
  - 3.1.1 **SBC-12STATE** will provide CLEC access to **SBC-12STATE**'s AIN Service Creation Environment (SCE) for the creation and modification of CLEC's AIN services. The Parties will mutually agree to the rates, terms and conditions applicable to such access.
  - 3.1.2 All AIN services to be deployed in **SBC-13STATE**'s network will require testing in **SBC 13-STATE**'s AIN laboratory as well as field testing in **SBC-13STATE**'s network prior to deployment as more fully described in Section 4.4 below. Testing will evaluate compatibility with **SBC-13STATE**'s network, including proper integration with any needed support systems and appropriate interaction with existing services and non-CLEC end users. The Parties will mutually agree to the rates, terms and conditions applicable to testing, design, and deployment. The Parties will mutually agree to the rates, terms and conditions applicable to testing, design, and

deployment. AIN service shall not be deployed in SBC-13STATE's network if it does not successfully complete such lab and field testing.

- 3.2 CLEC's request to create and deploy its AIN Services will not change or modify the processes (including service ordering processes) that currently exist for other UNEs, facilities, or services (e.g., transport services) that CLEC may obtain from SBC-13STATE or that CLEC may incorporate into its service design. CLEC will follow all existing processes and procedures for obtaining access and/or use to SBC-12STATE's AIN, SCE, and SMS.
- 3.3 Either party may initiate Alternative Dispute Resolution to resolve any disputes regarding AIN.

#### 4. MANNER OF PROVISIONING

- 4.1 SBC-12STATE will provide CLEC with the following forms of access to the SCE:
- 4.1.1 Option 1: CLEC personnel will operate SBC-12STATE's SCE terminals themselves.
- 4.1.2 Option 2: CLEC will develop service logic using a CLEC SCE platform that is compatible with SBC-13STATE's systems and will transfer the file to SBC-13STATE for testing and deployment.
- 4.1.3 Option 3: Any other form of access mutually agreed upon by the Parties.
- 4.2 For each service CLEC deploys on SBC-12STATE's AIN SCP, CLEC will provide complete service documentation to SBC-12STATE and will provide SBC-12STATE with updates to such documentation so that such documentation remains current at all times. SBC-13STATE will use such documentation for troubleshooting purposes, test planning, and all other activities needed to maintain the successful operation of SBC-13STATE's network for all customers, including End Users and other telecommunications carriers.
- 4.3 Forecasts
- 4.3.1 For each SBC-13STATE network component CLEC will incorporate into its service or that will be impacted by CLEC's service, CLEC will provide a forecast sufficient to allow SBC-13STATE to assess the impact of CLEC's service logic on all impacted network components, facilities, and support systems. If, prior to CLEC's service design entering the testing phase, SBC-13STATE determines that it lacks adequate resources to deploy CLEC's service logic, SBC-13STATE shall notify CLEC of SBC-13STATE's inability to deploy the service logic until such time as SBC-13STATE gains adequate capacity in the affected network component(s), facility(ies), and/or support system(s). Subject to the applicability of the BFR Process, SBC-13STATE will take reasonable commercial efforts to obtain the needed processing capability; however, SBC-13STATE will have no liability to CLEC pending these efforts while SBC-13STATE gains such needed capacity.
- 4.3.2 During the life of this Appendix, additional forecasts will be required at least thirty (30) days in advance of any event(s) that is likely to result in significant change in CLEC's usage. Such events may include, but are not limited to, deployment of new service offerings, deployment of additional Service Platforms, and access to new data elements.
- 4.3.3 In addition to and without qualifying any other limitation of liability provision contained in this Appendix, if CLEC does not provide SBC-13STATE with reliable forecast information as set forth in this Section 4, SBC-13STATE shall not be liable for any service degradation that may occur, including without limitation, loss of service.
- 4.4 Testing
- 4.4.1 SBC-13STATE will test CLEC's service logic first in a lab environment and then in a controlled live environment to determine whether CLEC's logic is compatible with SBC-13STATE's network, integrates properly with the needed support systems, and whether such logic has undesirable feature interaction with non-CLEC End Users.

- 4.4.2 CLEC and SBC-13STATE must jointly approve service logic test results. The Parties will provide each other with copies of test scripts each has designed for CLEC's service. Each Party will allow the other the opportunity to comment on such test scripts. However, neither Party is required to incorporate such comments into its own test scripts. Each Party is responsible for designing tests that evaluate fully the compatibility, safety, and integration of CLEC's service logic into the networks and services each provides to the other and to other customers (including End Users and other telecommunications service providers).
- 4.4.3 In order to preserve the integrity of the network, all integrated support systems for all End Users and telecommunications carriers, CLEC acknowledges that SBC-13STATE has no obligation to deploy any of CLEC's service logic that has failed any testing until such testing failure(s) is eliminated. CLEC will redesign or modify its service logic in response to any testing failure such that the failure is eliminated.
- 4.4.4 CLEC is responsible for proofreading its service logic for syntax and for making all service logic changes.
- 4.4.5 The Parties will resolve any disputes regarding logic flaws and requested corrections according to the dispute resolution procedures of this Appendix.
- 4.4.6 SBC-13STATE will notify CLEC's designated representative when CLEC's service logic successfully completed all testing and SBC-13STATE will then complete the deployment of CLEC's service logic across all applicable SBC-13STATE's network elements according to a schedule jointly agreed to by the Parties.
- 4.5 SBC-13STATE will provide CLEC with access to SBC-13STATE's AIN service management system (SMS) for the purpose of administering CLEC's customer data associated with CLEC's-developed AIN services residing on SBC-13STATE's SCP and supporting end users served by an SBC-13STATE's switching UNE. SBC-13STATE will provide, at CLEC's request, electronic access to the AIN SMS where available.
- 4.6 CLEC will provide SBC-13STATE with sufficient information to allow SBC-13STATE to evaluate what SBC-13STATE network components, support systems, processes, and technical expertise will be needed for SBC-13STATE to assist CLEC in design coordination meetings between CLEC and SBC-13STATE. Based upon this information, SBC-13STATE will identify the impacted systems in its network and operations as well as the associated technical subject matter experts (SMEs) of those systems. SBC-13STATE's SMEs will identify (i) information or processes CLEC will need to consider in its service logic for integration onto SBC-13STATE's AIN SCP, (ii) identify functions and services CLEC must incorporate and/or accommodate into its service logic to ensure appropriate interaction, and (iii) any technical incompatibilities with CLEC's requested design.
- 4.7 Prior to gaining access to SBC-13STATE's SCE, CLEC's representatives will attend training offered by the vendor(s) of SBC-13STATE's SCE and provide SBC-13STATE with a document confirming the successful completion of such training.
- 4.8 CLEC is responsible, at its own expense, for arranging appropriate vendor support for each network component (e.g., SCE) that CLEC incorporates into its service logic.
- 4.9 SBC-13STATE will implement security measures to restrict CLEC from being able to view or access the service logic of another company and to restrict other companies from being able to view or access the service logic of CLEC. These security measures may be either physical (such as physical partitioning or escorted access) or logical (such as passwords or firewalls). Any attempt by CLEC's representatives to circumvent or otherwise thwart such security measures will result in the immediate removal of CLEC's representatives from SBC's premises and/or the blocking of CLEC's electronic access, whichever is appropriate in SBC-13STATE's sole discretion, and to escalation procedures between the Parties, which may include invocation of dispute resolutions with the appropriate regulatory body.

#### 4.10 After General Availability

- 4.10.1 Once SBC-13STATE has declared CLEC's service logic generally available (GA) as set forth in section 4.4.6, any subsequent change to CLEC's service logic (including expansion of service logic to new platforms) will be treated as a new request for Access to AIN UNE, including initial ordering, testing, and pricing.
- 4.10.2 Either Party may request from the other priority consideration to changes developed as a result of troubleshooting service deficiencies.
- 4.10.3 If SBC-13STATE encounters a service or hardware disruption during live testing on an upgrade to an existing CLEC AIN service, SBC-13STATE will deactivate the upgrade and reactivate the prior service logic until CLEC provides corrected service logic that eliminates the disruption(s). Upon receipt of the corrected service logic, SBC-13STATE will restart its testing procedures.
- 4.10.4 SBC-13STATE will incorporate CLEC's service logic into SBC-13STATE's testing procedures of any new AIN service logic deployment, whether such new service logic was created by CLEC, SBC-13STATE, or a third party. SBC-13STATE will use CLEC's service documentation in designing its testing processes.

#### 4.11 Troubleshooting

- 4.11.1 The Parties will work cooperatively to identify and resolve the root cause of any service or hardware deficiency. The Parties will use their existing trouble reporting processes to report trouble to each other. SBC-13STATE may direct CLEC to the vendor for vendor-related support.

### 5. PRICING

- 5.1 The Parties will mutually agree to the rates, terms and conditions for access to AIN.

### 6. TERM AND TERMINATION

- 6.1 This Appendix shall remain in effect unless the Interconnection Agreement is terminated (in which event this Appendix is automatically terminated simultaneously) or this Appendix is terminated separately from the Interconnection Agreement as a whole by either Party upon written notice given sixty (60) days in advance of the termination date.
- 6.2 If a Party materially fails to perform its obligations under this Appendix, the other Party, after notifying the non-performing Party of the failure to perform and allowing that Party thirty (30) days after receipt of the notice to cure such failure, may terminate this Appendix upon written notice.
- 6.3 Notwithstanding anything to the contrary in this Appendix, if legal or regulatory decisions or rules compel SBC-12STATE or CLEC to terminate the Appendix, SBC-12STATE and CLEC shall have no liability to the other in connection with such termination.

### 7. OWNERSHIP OF INFORMATION

- 7.1 To the extent CLEC, through the development or deployment of its service, or otherwise by virtue of the activities connected with this Agreement, gains access to the data owned by another company, including but not limited to data stored or connected with call-related databases, CLEC will not obtain any ownership interest in such data by virtue of this Appendix.
- 7.2 Examples of proprietary information include:
  - 7.2.1 Billed numbers
  - 7.2.2 PIN Number(s)
  - 7.2.3 Billed Number Screening (BNS) indicators

- 7.3 CLEC's will not copy, store, maintain, or create any table or database of any kind based upon information it receives through its efforts pursuant to this Agreement, unless CLEC has otherwise obtained authorization to do so from the owner of such information.
- 7.4 CLEC will obtain all needed authorization, including effective contracts and/or tariffs, to obtain access to the data it will use in creating or deploying its services developed pursuant to this Appendix.
- 7.5 In addition to any other remedies available at law or in equity, if CLEC uses another company's information for any purposes not permitted by this Agreement or by such other company, SBC-12STATE may cease providing Access to AIN or disable CLEC's AIN service. Further, if such misuse continues after written notice from SBC-12STATE or other company, SBC-12STATE may terminate this Appendix upon ten (10) days written notice. In the event of such termination, CLEC will remain obligated to pay SBC-12STATE for any unpaid charges incurred under this Appendix (in addition to any remedies available to SBC-12STATE at law or in equity)

**8. LIMITATION OF LIABILITY**

- 8.1 A Party's sole and exclusive remedy against the other Party for injury, loss or damage arising in connection with this Appendix, regardless of the form of action, whether in contract or in tort (including negligence or strict liability) shall be the amount of actual direct damages and in no event shall exceed the amount paid for the specific service at issue. THE MEASURE OF DAMAGES FOR SUCH LIABILITY SHALL NOT INCLUDE AMOUNTS FOR INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES OF ANY KIND WHATSOEVER, INCLUDING LOST REVENUE OR LOST PROFITS, EVEN IF ADVISED OF THE POSSIBILITY THEREOF, WHETHER SUCH DAMAGES ARISE OUT OF BREACH OF CONTRACT, BREACH OF WARRANTY, NEGLIGENCE, STRICT LIABILITY OR ANY OTHER THEORY OF LIABILITY AND WHETHER SUCH DAMAGES WERE FORESEEABLE OR NOT AT THE TIME THE UNDERLYING AGREEMENT TO WHICH THIS APPENDIX IS ATTACHED WAS EXECUTED.

- 8.4 CLEC acknowledges its responsibility to refrain from using third-party data and accessing third-party networks without authorization from such third parties. Therefore, SBC-13STATE, in addition to the limitations of liability set forth in this Agreement, is not liable for CLEC's use and/or access of third party data and/or networks without authorization. In addition to any other indemnity obligations set forth in this Agreement, to hold SBC-13STATE harmless from and defend and indemnify SBC-13STATE for any and all liability, claims, damages, actions, costs, losses, or expenses, including attorney's fees, resulting directly or indirectly from CLEC's unauthorized use and/or access of third party data and/or networks.

**9. ASSIGNMENT**

- 9.1 Neither Party shall assign, sublet, or transfer any interest in this Appendix without the prior written consent of the other Party, which consent shall not be unreasonably withheld; *provided, however*, that either Party may assign and transfer this Agreement to any parent, subsidiary, successor, or affiliated company without the prior written consent of the other Party.

## APPENDIX PERFORMANCE MEASUREMENTS

### 1. INTRODUCTION

- 1.1 **SBC Communications Inc. (SBC)** means the holding company which directly or indirectly owns the following ILECs: Illinois Bell Telephone Company d/b/a SBC Illinois, Indiana Bell Telephone Company Incorporated d/b/a SBC Indiana, Michigan Bell Telephone Company d/b/a SBC Michigan, Nevada Bell Telephone Company d/b/a SBC Nevada, The Ohio Bell Telephone Company d/b/a SBC Ohio, Pacific Bell Telephone Company d/b/a SBC California, The Southern New England Telephone Company, Southwestern Bell Telephone, L.P. d/b/a SBC Arkansas, SBC Kansas, SBC Missouri, SBC Oklahoma and/or SBC Texas and/or Wisconsin Bell, Inc. d/b/a SBC Wisconsin.
- 1.2 As used herein, **SBC-11STATE** means the applicable above listed SBC-owned ILEC doing business in Arkansas, Connecticut, Illinois, Indiana, Kansas, Michigan, Missouri, Ohio, Oklahoma, Texas, and Wisconsin.
- 1.3 As used herein, **Service Bureau Provider** means a company which has been engaged by CLEC to act as its agent for purposes of accessing SBC-LEC's OSS application-to-application interfaces.
- 1.4 The performance measurements contained herein, notwithstanding any provisions in any other appendix in this Agreement, are not intended to create, modify or otherwise affect parties' rights and obligations with respect to OSS access. The existence of any particular performance measure, or the language describing that measure, is not evidence that CLEC is entitled to any particular manner of access, nor is it evidence **SBC-11STATE** is limited to providing any particular manner of access. The parties' rights and obligations to such access are defined elsewhere, including the relevant laws, FCC and PUC decisions/regulations, tariffs, and within this interconnection agreement.

### 2. SOLE REMEDY

- 2.1 These liquidated damages shall be the sole and exclusive remedy of CLEC for **SBC 11-STATE's** failure to meet specified performance measures and shall be in lieu of any other damages CLEC might otherwise seek for such breach through any claim or suit brought under any contract or tariff.

### 3. DEFINITIONS

- 3.1 When used in this Appendix, the following terms will have the meanings indicated:

#### 3.1.1 Performance Criteria

- 3.1.1.1 The target level of **SBC-11STATE** performance specified for each Performance Measurement. Generally, the Performance Measurements contained in this Appendix specify performance equal to that **SBC-11STATE** achieves for itself in providing equivalent end user service as the Performance Criterion. Parity exists when the measured results in a single month (whether in the form of means, proportions, or rates) for the same measure, at equivalent disaggregation for **SBC-11STATE** and CLEC are used to calculate an appropriate test statistic and the resulting test value has an associated probability that is no less than the critical probability indicated in the Table of Critical Values shown in Section 8.
- 3.1.1.2 Performance Measurements for which parity calculations are not possible have a specified *standard* as the Performance Criterion. Compliance is assessed by comparing the result obtained by the CLEC with the applicable standard using an appropriate statistical test. The result is compliant if the probability associated with the test statistic is no less than the critical probability indicated in the Table of Critical Values shown in Section 8.

#### 3.1.2 Performance Measures

- 3.1.2.1 The set of measures listed in all of Section 13 of this Appendix.

### 3.1.3 Non-compliance

3.1.3.1 The failure by **SBC-11STATE** to meet the Performance Criteria for any performance measure identified as an available measurement type in Section 13.

## 4. OCCURRENCE OF A SPECIFIED PERFORMANCE BREACH

- 4.1 In recognition of either: 1) the loss of End User opportunities, revenues and goodwill which a CLEC might sustain in the event of a Specified Performance Breach; 2) the uncertainty, in the event of a Specified Performance Breach, of a CLEC having available to its End User opportunities similar to those opportunities available to **SBC-11STATE** at the time of a breach; or 3) the difficulty of accurately ascertaining the amount of damages a CLEC would sustain if a Specified Performance Breach occurs, **SBC-11STATE** agrees to pay the CLEC Liquidated Damages, subject to Section 5.1 below.

## 5. LIQUIDATED DAMAGES AS FORM OF REMEDY

- 5.1 The Parties agree and acknowledge that a) the Liquidated Damages are not a penalty and have been determined based upon the facts and circumstances known by the Parties at the time of the negotiation and entering into this Agreement, with due consideration given to the performance expectations of each Party; b) the Liquidated Damages constitute a reasonable approximation of the damages the CLEC would sustain if its damages were readily ascertainable; c) neither Party will be required to provide any proof of Liquidated Damages; and d) the Liquidated Damages provided herein will constitute full compensation for any failure of SBC to meet a specified performance commitment in this Attachment and any specific time commitments for the same activity contained in any other Attachments or Appendices.

## 6. LIQUIDATED DAMAGES PAYMENT PLAN; GENERALLY

- 6.1 Liquidated damages apply to the available, non-diagnostic measurements of the FCC Merger Conditions designated in Section 13 below, when **SBC-11STATE** delivers non-compliant performance as defined in 3.1.3. In no event shall **SBC-11STATE** be required to pay liquidated damages for any performance which was at parity or in compliance with the applicable benchmark at the time that the performance occurred.
- 6.2 The Table of Critical Values (Section 8) gives the maximum number, F, of measurements of those required to be reported to the CLEC that may fail the Performance Criteria in any month. Liquidated damages apply to Non-compliant measures that are in excess of the applicable value of F.
- 6.3 None of the liquidated damages provisions set forth in this proposal will apply during the first three months after a CLEC first purchases the type of service or unbundled network element(s) associated with a particular performance measurement or introduction of a new measure.
- 6.4 There are two kinds of failures of the Performance Criteria. *Ordinary* failures are failures on a measure for one month or two consecutive months. *Chronic* failures are failures on a measure for three consecutive months. Ordinary failures may be excused up to the applicable value of F from the Table of Critical Values. Chronic failures may not be excused in that manner. \$500 is paid for each ordinary failure in excess of F. \$2,500 is paid for each Chronic failure. For example, if the value of F is 8 and there are 10 Ordinary failures and 1 Chronic failure in a month, then the Liquidated Damages for that month would be  $(10-8)*\$500 + \$2,500 = \$3,500$ . If there were 7 Ordinary failures and no Chronic failures, no Liquidated Damages would be paid.

## 7. LIQUIDATED DAMAGES; METHOD OF CALCULATION

- 7.1 **SBC-11STATE** and CLEC agree to use the following as statistical tests for evaluating the compliance of CLEC results with the Performance Criterion. These tests are applicable if the number of data points for each **SBC-11STATE** and CLEC is greater than or equal to 30 for a given measurement.
- 7.2 The following list describes the tests to be used in evaluating the performance criterion. In each test, the important concept is the probability that the CLEC's results are significantly worse than either the

comparable result for **SBC-11STATE** or the benchmark (whichever is relevant to the test). This probability is compared with the P value from the Table of Critical Values to decide if the measure meets the Performance Criterion. Probabilities that are less than the P value are deemed to have failed the test.

For parity measures that are expressed as Averages or Means, the following (Modified) Z test applies:

$$z = (\text{DIFF}) / \delta_{\text{DIFF}}$$

Where;

$$\text{DIFF} = M_{\text{ILEC}} - M_{\text{CLEC}}$$

$M_{\text{ILEC}}$  = ILEC Average

$M_{\text{CLEC}}$  = CLEC Average

$$\delta_{\text{DIFF}} = \text{SQRT} [\delta^2_{\text{ILEC}} (1/n_{\text{CLEC}} + 1/n_{\text{ILEC}})]$$

$\delta^2_{\text{ILEC}}$  = Calculated variance for ILEC.

$n_{\text{ILEC}}$  = number of observations or samples used in ILEC measurement

$n_{\text{CLEC}}$  = number of observations or samples used in CLEC measurement

The probability of the Z statistic is obtained from a standard normal distribution.

For parity measures that are expressed as Percentages or Proportions:

$$z = (\text{DIFF}) / \delta_{\text{DIFF}}$$

Where;

$$\text{DIFF} = P_{\text{ILEC}} - P_{\text{CLEC}}$$

$P_{\text{ILEC}}$  = ILEC Proportion

$P_{\text{CLEC}}$  = CLEC Proportion

$$\delta_{\text{DIFF}} = \text{SQRT} [\delta^2_{\text{ILEC}} (1/n_{\text{CLEC}} + 1/n_{\text{ILEC}})]$$

$$\delta^2_{\text{ILEC}} = P_{\text{ILEC}} (1 - P_{\text{ILEC}}).$$

$n_{\text{ILEC}}$  = number of observations or samples used in ILEC measurement

$n_{\text{CLEC}}$  = number of observations or samples used in CLEC measurement

The probability of the Z statistic is obtained from a standard normal distribution.

In the event that  $P_{\text{ILEC}} = 0$  (and low values are associated with good service), the above test cannot be used. In such cases, Fisher's Exact Test is used to calculate the probability,  $P_{\text{FE}}$ , of the data given the hypothesis of parity.:

$$P_{\text{FE}} = 1 - \sum_{x=0}^{H_{\text{CLEC}}-1} \frac{\binom{n_{\text{CLEC}}}{x} \binom{n_{\text{ILEC}}}{H_{\text{CLEC}}+H_{\text{ILEC}}-x}}{\binom{n_{\text{CLEC}}+n_{\text{ILEC}}}{H_{\text{CLEC}}+H_{\text{ILEC}}}}$$

Where;

$$H_{\text{CLEC}} = P_{\text{CLEC}} n_{\text{CLEC}}$$

$$H_{\text{ILEC}} = P_{\text{ILEC}} n_{\text{ILEC}}.$$

If  $P_{\text{ILEC}} = 1$  (and high values are associated with good service), the same formula is used with the following interpretation:

$$H_{\text{CLEC}} = n_{\text{CLEC}} - P_{\text{CLEC}} n_{\text{CLEC}}$$

$$H_{\text{ILEC}} = n_{\text{ILEC}} - P_{\text{ILEC}} n_{\text{ILEC}}.$$

Of course if it is also true that  $H_{\text{CLEC}} = 0$ , then  $P_{\text{FE}} = 1$  because the results are at parity.

For parity measures that are expressed as Rates or Ratios: a binomial test is used to calculate the probability of the data given the hypothesis of parity:

$$P_{Rate} = 1 - \sum_{x=0}^{H_{CLEC}-1} \binom{N}{x} p^x (1-p)^{N-x}$$

Where;

$H_{CLEC}$  = numerator for the CLEC

$H_{ILEC}$  = numerator for the ILEC

$N = H_{CLEC} + H_{ILEC}$

$D_{CLEC}$  = denominator for CLEC

$D_{ILEC}$  = denominator for ILEC

$p = D_{CLEC} / (D_{CLEC} + D_{ILEC})$

In calculating the difference between the performances the formulae given above apply when a larger CLEC value indicates a higher quality of performance. For cases in which a smaller CLEC value indicates a higher quality of performance the order of subtraction should be reversed (i.e.,  $M_{CLEC} - M_{ILEC}$ ,  $P_{CLEC} - P_{ILEC}$ ).

For measures with benchmarks that are expressed as Averages or Means:

$$t = (DIFF) / \delta_{DIFF}$$

Where;

$DIFF = M_{CLEC} - BM$

$M_{CLEC}$  = CLEC Average

$BM$  = Benchmark

$\delta_{DIFF} = \text{SQRT} [\delta^2_{CLEC} (1/n_{CLEC})]$

$\delta^2_{CLEC}$  = Calculated variance for CLEC.

$n_{CLEC}$  = number of observations or samples used in CLEC measurement

The probability of the t statistic is obtained from Student's distribution with  $n_{CLEC} - 1$  degrees of freedom.

For measures with benchmarks that are expressed as Percentages or Proportions:

When high proportions designate good service, the probability of the CLEC result is given by

$$\sum_{x=0}^K \binom{N}{x} B^x (1-B)^{N-x}$$

Where

$K = PN$

$P$  = CLEC proportion

$N$  = number of observations or samples used in CLEC measurement

$B$  = benchmark expressed as a proportion

When low proportions designate good service, the probability of the CLEC result is given by

$$1 - \sum_{x=0}^{K-1} \binom{N}{x} B^x (1-B)^{N-x}$$

with the same definition of symbols as is given above.

- 7.3 The following table will be used for determining the critical probabilities that define the Performance Criterion as well as the number of non-compliant measures that may be excused in a given month. The table is read as follows: (1) determine the number of measures to which Liquidated Damages are

applicable and which have sample sizes greater than or equal to 30 cases. Let this number be M. (2) Find the value of M in the columns of the table with the heading "M". (3) To the immediate right of the value of M, find the value in the column labeled "F". This is the maximum number of measures that may be failed when there are M measures being evaluated. (4) To the immediate right of F in the column labeled "P" is the critical probability for determining compliance in each statistical test performed on the M measures. Statistical tests that yield probabilities less than this value indicate failures for the sub-measure.

## 9. LIMITATIONS

- 9.1 **SBC-11STATE** will not be excused from payment of liquidated damages, as calculated by the rules set forth herein, on any grounds, except as provided in Sections 9.2 and 9.3 and 10.6. Any dispute regarding whether a **SBC-11STATE** performance failure is excused under that paragraph will be resolved, through negotiation, through a dispute resolution proceeding under applicable Commission rules or, if the parties agree, through commercial arbitration with the American Arbitration Association.
- 9.2 **SBC-11STATE** shall not be obligated to pay liquidated damages or assessments for noncompliance with a performance measurement to the extent that such noncompliance was the result of actions or events beyond **SBC-11STATE**'s control, including but not limited to the following: (i) a Force Majeure event; (ii) an act or omission by a CLEC that is contrary to any of its obligations under its interconnection agreement with **SBC-11STATE** or law; (iii) environmental events beyond **SBC-11STATE**'s control even though not considered "Force Majeure"; (iv) problems associated with third-party systems or equipment which could not be avoided **SBC-11STATE** through the exercise of reasonable diligence, regardless of whether or not such third-party systems or equipment were sold to or otherwise being provided to **SBC-11STATE** and (v) delays or other problems resulting from actions of a Service Bureau Provider acting on the CLEC's behalf for connection to SBC-LEC's OSS, including Service Bureau Provider processes, services, systems or connectivity.
- 9.3 If a Delaying Event (i) prevents a Party from performing an activity, then such activity will be excluded from the calculation of **SBC-11STATE**'s compliance with the Performance Criteria, or (ii) only suspends **SBC-**

**11STATE's** ability to timely perform the activity, the applicable time frame in which **SBC-11STATE's** compliance with the Performance Criteria is measured will be extended on an hour-for-hour or day-for-day basis, as applicable, equal to the duration of the Delaying Event.

## 10. RECORDS AND REPORTS

- 10.1 **SBC-11STATE** will not levy a separate charge for provision of the data to CLEC called for under this Appendix. Notwithstanding other provisions of this Agreement, the Parties agree that such data and associated records will be deemed Proprietary Information.
- 10.2 Reports are to be made available to the CLEC by the 20th day following the close of the calendar month. If the 20th day falls on a weekend or holiday, the reports will be made available the next business day.
- 10.3 CLEC will have access to monthly reports through an interactive Website.
- 10.4 **SBC-11STATE** will provide billing credits for the associated liquidated damages on or before the 30th day following the due date of the performance report for the month in which the obligation arose.
- 10.5 The measurement data herein shall be collected, reported and used to calculate payments or penalties on a per CLEC operating entity basis. The results of multiple CLEC affiliates shall not be combined for any purpose under this Appendix.
- 10.6 **SBC-11STATE** will not pay liquidated damages in excess of the monthly maximum amounts listed in the table below. These thresholds are based on the aggregate damages to all CLECs in the designated state.

| State       | Monthly Maximum |
|-------------|-----------------|
| Arkansas    | \$.072M         |
| Connecticut | \$.168M         |
| Illinois    | \$.51M          |
| Indiana     | \$.165M         |
| Kansas      | \$.101M         |
| Michigan    | \$.392M         |
| Missouri    | \$.189M         |
| Ohio        | \$.296M         |
| Oklahoma    | \$.120M         |
| Texas       | \$.713M         |
| Wisconsin   | \$.158M         |

## 11. AUDITS

- 11.1 CLEC and **SBC-11STATE** will consult with one another and attempt in good faith to resolve any issues regarding the accuracy or integrity of data collected, generated, and reported pursuant to this Appendix. In the event that CLEC requests such consultation and the issues raised by CLEC have not been resolved within 30 days after CLEC's request for consultation, then **SBC-11STATE** will allow CLEC to commence a mini-audit, at CLEC's expense, upon providing **SBC-11STATE** 5 days advance written notice (including e-mail).
- 11.2 CLEC is limited to auditing three (3) single measures/submeasures during the year (hereafter, "Mini-Audits"). No more than three (3) Mini-Audits will be conducted simultaneously for all CLECs, unless more than one CLEC wants the same measure/sub-measure audited at the same time, in which case, Mini-Audits of the same measure/submeasure shall count as one Mini-Audit for the purposes of this paragraph only.

- 11.3 CLEC will bear the expense of the mini-audits, unless SBC-11STATE is found to be "materially" misreporting or misrepresenting data or to have non-compliant procedures, in which case, SBC-11STATE will pay for the costs of the third party auditor. "Materially" at fault means that a reported successful measure changes as a consequence of the audit to a missed measure, or there is a change from an ordinary missed measure to another category, if such exists. Each party to the mini-audit shall bear its own internal costs, regardless of which party ultimately bears the costs of the third party auditor. The major service categories are listed below:

Pre-Ordering/Ordering  
Provisioning  
Maintenance  
Interconnection  
Coordinated Conversions  
Collocation  
Billing

## 12. INITIAL IMPLEMENTATION

- 12.1 The Parties agree that none of the liquidated damages provisions set forth in this Appendix will apply during the first three months after first purchases of a new type of service or unbundled network element(s) associated with a particular Performance Measurement or after the introduction of a new measure. During this three-month period the Parties agree to consider in good faith any adjustments that may be warranted to the Performance Criteria for that Performance Measurement.

## 13. PERFORMANCE MEASUREMENTS

- 13.1 SBC-11STATE will provide Performance Measurements under this Agreement, in accordance with the Business Rules and associated implementation timelines contained in paragraphs 23 and 24 of the FCC Merger Conditions, and its associated Attachments. Except as otherwise provided herein, the Performance Measure Business Rules contained in the FCC Merger Conditions, including any subsequent additions, modifications and/or deletions to the Business Rules adopted pursuant to FCC Merger Conditions, Attachment A, paragraph 4, shall also be incorporated into this Agreement by reference. As provided in Section 6.1 herein, liquidated damages apply to available, non-diagnostic measurements of the FCC Merger Conditions, when SBC-11STATE delivers non-compliant performance as defined in 3.1.3. SBC-11STATE will also report results for any measurements that have been ordered by the state commission that approved this agreement, although liquidated damages shall not apply to such measurements. SBC-11STATE performance shall be measured by the Business Rules in effect on the first date of each month in which the activity subject to measurement occurred.

## APPENDIX PRICING

### 1. INTRODUCTION

- 1.1 This Appendix sets forth the terms and conditions under which the applicable SBC Communications Inc. (SBC) owned Incumbent Local Exchange Carrier (ILEC) provides pricing below and divided into the following five categories: Unbundled Network Elements, Resale, Other (Resale), Other and Reciprocal Compensation. These categories are for convenience only and shall not be construed to define or limit any of the terms herein or affect the meaning or interpretation of this agreement.
- 1.2 **SBC Communications Inc. (SBC)** means the holding company which directly or indirectly owns the following ILECs: Illinois Bell Telephone Company d/b/a SBC Illinois, Indiana Bell Telephone Company Incorporated d/b/a SBC Indiana, Michigan Bell Telephone Company d/b/a SBC Michigan, Nevada Bell Telephone Company d/b/a SBC Nevada, The Ohio Bell Telephone Company d/b/a SBC Ohio, Pacific Bell Telephone Company d/b/a SBC California, The Southern New England Telephone Company, Southwestern Bell Telephone, L.P. d/b/a SBC Arkansas, SBC Kansas, SBC Missouri, SBC Oklahoma and/or SBC Texas and/or Wisconsin Bell, Inc. d/b/a SBC Wisconsin.
- 1.3 **SBC ARKANSAS** - As used herein, **SBC ARKANSAS** means Southwestern Bell Telephone, L.P. d/b/a SBC Arkansas, the applicable SBC-owned ILEC doing business in Arkansas.
- 1.4 For any rate element and/or charge contained in or referenced to in this Appendix Pricing that are not listed herein, including Bona Fide Requests (BFR), **SBC ARKANSAS** and CLEC will negotiate prices.
- 1.5 The following defines the zones found in Appendix Pricing:
- | <u>Rate Zone:</u> | <u>Total Access Lines:</u> |
|-------------------|----------------------------|
| Zone 1 (Rural)    | 3,000 or fewer             |
| Zone 2 (Suburban) | 3,001 – 18,000             |
| Zone 3 (Urban)    | 18,001 or Greater          |
- 1.6 For modifications of **SBC ARKANSAS**' plant facilities see the BFR process to satisfy the CLEC request.
- 1.7 To the extent a CLEC orders a product/UNE that is not in its current Interconnection Agreement, SBC reserves the right to reject the order. In the event the order is rejected, the CLEC may either issue a BFR or, if the product/UNE is available in a state commission approved Agreement in the state in which the CLEC is seeking to order the product/UNE, the CLEC may request an amendment to its current Interconnection Agreement to provide for the product/UNE under the same terms, conditions and rates as provided in that approved Agreement.

### 2. RECURRING CHARGES

- 2.1 Unless otherwise identified in the Pricing Tables, where rates are shown as monthly, a month will be defined as a calendar month. The minimum term for each monthly rated Unbundled Network Element (UNE), Resale, Other (Resale), Other and Reciprocal Compensation elements will be one (1) month. After the initial month, billing will be on the basis of whole or fractional months used. The minimum service period for UNEs provided under the BFR process set forth in Appendix UNE of this Agreement may be longer.
- 2.2 Where rates (excluding Resale) are based on minutes of use, usage will be accumulated at the End Office Switch or other measurement point without any per call rounding and total minutes by End Office Switch or other measurement point will then be rounded to the next higher minute. CLEC shall pay for applicable usage on completed calls as described in sections 11 and 12 of Appendix UNE.
- 2.3 Where rates are distance sensitive, the mileage will be calculated on the airline distance involved between the locations. To determine the rate to be billed **SBC ARKANSAS** will first compute the mileage using the V&H coordinates method, as set forth in the National Exchange Carrier Association, Inc. Tariff FCC No 4.

When the calculation results in a fraction of a mile, SBC ARKANSAS will round up to the next whole mile before determining the mileage and applying rates.

- 2.4 Where rates consist of usage sensitive charges or per occurrence charges, such rates are classified as "recurring charges".

### 3. NON-RECURRING CHARGES

- 3.1 Nonrecurring Charges are applicable for all five (5) categories of rates.
- 3.2 Consistent with FCC Rule 51.307(d), there are non-recurring charges for each UNE on the first connection on an CLEC order as well as separate non-recurring charges for each additional connection associated with the same CLEC order at the same CLEC specified premises.
- 3.3 For Resale, when a CLEC converts an End User currently receiving non-complex service from the SBC ARKANSAS network, without any changes to SBC ARKANSAS' network, the normal service order charges and/or nonrecurring charges associated with said additions and/or changes will apply.
- 3.4 CLEC shall pay a non-recurring charge when a CLEC adds or removes a signaling point code. The rates and charges for signaling point code(s) are identified in the applicable access tariffs. This charge also applies to point code information provided by CLEC allowing other Telecommunications Carriers to use CLEC's SS7 signaling network.
- 3.5 CLEC shall pay a service order processing charge (Service Order Charge) for each service order issued by SBC ARKANSAS to process a request for installation, disconnection, rearrangement, changes to or record orders for UNEs.
- 3.6 Some items, which must be individually charged, are billed as nonrecurring charges.
- 3.7 Time and Material charges (a.k.a. additional labor charges) are defined in FCC Tariff 73.

### 4. UNBUNDLED LOCAL SWITCHING (ULS)

- 4.1 Unbundled Local Switching (ULS) may include two usage sensitive components: originating usage (ULS-O) and terminating usage (ULS-T). ULS-O represents the use of the unbundled Local Switching element to originate Local Calls. ULS-T represents the use of the unbundled Local Switching element to terminate Local Calls.
- 4.2 Rate Structure for ULS
- 4.2.1 Intra Switch Calls - calls originating and terminating in the same switch i.e., the same 11 digit Common Language Location Identifier (CLLI) end office:
- 4.2.1.1 CLEC will pay ULS-O and SS7 signaling for a call originating from an CLEC ULS line or trunk port that terminates to a SBC ARKANSAS End User service line, Resale service line, or any unbundled line or trunk port which is connected to the same End Office Switch.
- 4.2.1.2 CLEC will pay ULS-O and SS7 signaling charges for a centrex-like ULS intercom call in which CLEC's user dials from one centrex-like station to another centrex-like station in the same common block defined system.
- 4.2.1.3 SBC ARKANSAS will not bill ULS-T for Intra switch calls.
- 4.2.2 Inter Switch Calls - calls not originating and terminating in the same switch i.e., not the same 11 digit Common Language Location Identifier (CLLI) end office:
- 4.3 General Principles for Inter Switch Calls
- 4.3.1 Local Calls
- 4.3.1.1 When a call originates from an CLEC ULS Port, CLEC will pay ULS-O and SS7 signaling charges. If the call routes over SBC ARKANSAS' common network, CLEC will pay charges

for Common Transport as reflected in Appendix Pricing. CLEC will also pay Tandem Switching charges where applicable as reflected in Appendix Pricing.

4.3.1.2 The Parties agree that, for calls originated over unbundled local switching and routed over common transport, SBC ARKANSAS will not be required to record and will not bill actual tandem switching usage. Rather, CLEC will pay the rate shown on Appendix Pricing labeled "Blended Transport," for each minute of use of unbundled common transport, whether or not the call actually traverses the Tandem Office Switch.

4.3.1.3 When a call terminates to an CLEC ULS Port, CLEC will pay ULS-T charges.

#### 4.3.2 IntraLATA and InterLATA Toll Calls

4.3.2.1 With the implementation of intraLATA Dialing Parity, intraLATA toll calls from CLEC ULS Ports will be routed to the End User intraLATA Primary Interexchange Carrier (PIC) choice. When an interLATA toll call is initiated from an ULS port it will be routed to the End User interLATA PIC choice.

4.3.2.2 CLEC may provide exchange access transport services to Interexchange Carriers (IXCs) for intraLATA traffic originated by or terminating to CLEC local service End Users, upon request, using UNES. For interLATA toll calls and intraLATA toll calls (post Dialing Parity) that are originated by local End Users using SBC ARKANSAS unbundled local switching, CLEC may offer to deliver the calls to the PIC at the SBC ARKANSAS access Tandem Office Switch, with CLEC using unbundled common transport and Tandem Office Switching to transport the call from the originating unbundled local switch to the PIC's interconnection at the access Tandem Office Switch. When the PIC agrees to take delivery of toll calls under this arrangement, then CLEC will pay SBC ARKANSAS ULS-O usage, signaling, common transport, and tandem switching for such calls. SBC ARKANSAS will not bill any access charges to the PIC under this arrangement. CLEC may use this arrangement to provide exchange access services to itself when it is the PIC for toll calls originated by CLEC local End Users using SBC ARKANSAS unbundled local switching.

4.3.2.3 If the PIC elects to use transport and Tandem Office Switching provided by SBC ARKANSAS to deliver interLATA toll calls or intraLATA toll calls (post Dialing Parity) that are originated by CLEC local End Users using SBC ARKANSAS unbundled local switching, then CLEC will pay SBC ARKANSAS ULS-O usage and signaling only in connection with such calls. SBC ARKANSAS will not bill the PIC any originating switching access charges in connection with such calls.

4.3.2.4 When an IntraLATA or InterLATA toll call terminates to an CLEC ULS Port, CLEC will pay ULS-T charges and SBC ARKANSAS will not charge terminating access to CLEC or the IXC except that SBC ARKANSAS may bill the IXC for terminating transport in cases where the IXC has chosen SBC ARKANSAS as its transport provider.

#### 4.3.3 Toll Free Calls

4.3.3.1 When CLEC uses ULS Ports to initiate an 800-type call, SBC ARKANSAS will perform the appropriate database query and route the call to the indicated IXC. CLEC will pay the 800 database query charge and ULS-O charge. CLEC will be responsible for any billing to the IXC for such calls.

#### 4.3.4 Optional Two-way Extended Area Service (EAS)

4.3.4.1 When the NXX of the telephone number provided to CLEC is one associated with an optional EAS arrangement, CLEC shall pay a flat-rated monthly port additive for the optional EAS toll package(s) inherent in the telephone number.

## APPENDIX PRICING

### 1. INTRODUCTION

- 1.1 This Appendix sets forth the pricing terms and conditions for the applicable SBC Communications Inc. (SBC) owned Incumbent Local Exchange Carrier (ILEC) identified in 1.2 below. The rate table included in this Appendix is divided into the following five categories: Unbundled Network Elements (UNEs), Resale, Other (Resale), Other and Reciprocal Compensation. These categories are for convenience only and shall not be construed to define or limit any of the terms herein or affect the meaning or interpretation of this Agreement.
- 1.2 **SBC Communications Inc. (SBC)** means the holding company which directly or indirectly owns the following ILECs: Illinois Bell Telephone Company d/b/a SBC Illinois, Indiana Bell Telephone Company Incorporated d/b/a SBC Indiana, Michigan Bell Telephone Company d/b/a SBC Michigan, Nevada Bell Telephone Company d/b/a SBC Nevada, The Ohio Bell Telephone Company d/b/a SBC Ohio, Pacific Bell Telephone Company d/b/a SBC California, The Southern New England Telephone Company, Southwestern Bell Telephone, L.P. d/b/a SBC Arkansas, SBC Kansas, SBC Missouri, SBC Oklahoma and/or SBC Texas and/or Wisconsin Bell, Inc. d/b/a SBC Wisconsin.
- 1.3 **SBC WISCONSIN** - As used herein, **SBC WISCONSIN** means Wisconsin Bell, Inc. d/b/a SBC Wisconsin, the applicable SBC-owned ILEC doing business in Wisconsin.
- 1.4 If a rate element and/or charge for a product or service contained in, referenced to or otherwise provided by **SBC WISCONSIN** under this Agreement (including any attached or referenced Appendices) is not listed in this Appendix Pricing, including any rates and/or charges developed in response to a CLEC Bona Fide Request(s) (BFR), such rates and charges shall be determined in accordance with Section 252(d) of the ACT; provided however, if **SBC WISCONSIN** provides a product or service that is not subject to the pricing principles of the Act, such rate(s) and/or charges shall be as negotiated by **SBC WISCONSIN** and CLEC.
- 1.5 Except as otherwise agreed upon by the Parties in writing, **SBC WISCONSIN** shall not be required to provide CLEC a product or service under this Agreement unless and until the Parties have agreed upon a rate element or charge (whether a final rate/charge or, as agreed upon by the Parties, an interim rate/charge subject to a true-up, true-down) applicable to the requested product and/or service.
- 1.6 Certain of the rates, prices and charges set forth in this Appendix Pricing were established by the Commission. If during the Term the Commission or the FCC changes a rate, price or charge in an order or docket that generally applies to the products and services available hereunder, the Parties agree to amend this Appendix Pricing to incorporate such new rates, prices and charges with such rates, prices and charges to be effective as of the date specified in such order or docket.
- 1.7 The following defines the zones found in this Appendix Pricing:
- |  |  |
|--|--|
| For Loops:   |  |
| <u>Access Area:</u>                                | <u>Total Access Lines:</u>                 |
| A  | See: Tariff 20, Part 4, Section 2, Sheet 2 |
| B  | See: Tariff 20, Part 4, Section 2, Sheet 2 |
| C  | See: Tariff 20, Part 4, Section 2, Sheet 2 |
| For Unbundled Interoffice Transmission Facilities: |  |
| <u>Rate Zone:</u>                                  | <u>Total Access Lines:</u>                 |
| Zone 1   | See: FCC #2, Section 7, Subsection 7.7     |
| Zone 2   | See: FCC #2, Section 7, Subsection 7.7     |
| Zone 3   | See: FCC #2, Section 7, Subsection 7.7     |
- 1.8 For modifications of **SBC WISCONSIN**'s plant facilities not specifically included in the following tables see the BFR process described in Appendix UNE.

- 1.9 To the extent a CLEC orders a product/UNE that is not in its current Interconnection Agreement, SBC reserves the right to reject the order. In the event the order is rejected, the CLEC may either issue a BFR or, if the product/UNE is available in a state commission approved Agreement in the state in which the CLEC is seeking to order the product/UNE, the CLEC may request an amendment to its current Interconnection Agreement to provide for the product/UNE under the same terms, conditions and rates as provided in that approved Agreement.

## **2. RECURRING CHARGES**

- 2.1 Unless otherwise identified in the Pricing Tables, where rates are shown as monthly, a month will be defined as a 30 day calendar month. The minimum term for each monthly rated Unbundled Network Element (UNE), Resale, Other (Resale), Other and Reciprocal Compensation elements will be one (1) month. After the initial month, billing will be on the basis of whole or fractional months used. The minimum term for non-monthly rated UNEs, if applicable, will be specified in the rate table included in this Appendix. A longer minimum service period may apply for UNEs provided under the BFR process, as set forth in the UNE Appendix of this Agreement.
- 2.2 CLEC shall pay for applicable usage on completed calls as described in sections 11 and 12 of Appendix UNE.
- 2.3 For purposes of reciprocal compensation only, measurement of minutes of use over Local Interconnection Trunk Groups shall be in actual conversation seconds. The total conversation seconds over each individual Local Interconnection Trunk Group will be totaled for the entire monthly bill and then rounded to the next whole minute.
- 2.4 Where rates are distance sensitive, the mileage will be calculated on the airline distance involved between the locations. To determine the rate to be billed SBC WISCONSIN will first compute the mileage using the V&H coordinates method, as set forth in the National Exchange Carrier Association, Inc. Tariff FCC No 4. When the calculation results in a fraction of a mile, SBC WISCONSIN will round up to the next whole mile before determining the mileage and applying rates.

## **3. NON-RECURRING CHARGES**

- 3.1 Where rates consist of usage sensitive charges or per occurrence charges, such rates are classified as "non-recurring charges".
- 3.2 Nonrecurring Charges may be applicable for all five (5) categories of rates.
- 3.3 Consistent with FCC Rule 51.307(d), there may be non-recurring charges for each UNE.
- 3.4 For Resale, when a CLEC converts an End User currently receiving non-complex service from the SBC WISCONSIN network, without any changes to SBC WISCONSIN's network, the normal service order charges and/or nonrecurring charges associated with said additions and/or changes will apply.
- 3.5 CLEC shall pay a non-recurring charge when a CLEC adds a signaling point code. The rates and charges for signaling point code(s) are identified in the applicable access tariffs. This charge also applies to point code information provided by CLEC allowing other Telecommunications Carriers to use CLEC's SS7 signaling network.
- 3.6 CLEC shall pay a service order processing/administration charge for each service order submitted by CLEC to SBC WISCONSIN to process a request for installation, disconnection, rearrangement, changes to or record orders for UNEs and Resale.
- 3.7 Some items, which must be individually charged (e.g., extraordinary charges, CLEC Changes and etc.), are billed as nonrecurring charges.
- 3.8 Time and Material charges (a.k.a. additional labor charges) are defined in the Pricing Tables.

#### 4. UNBUNDLED LOCAL SWITCHING (ULS)

- 4.1 The Rate Structure for ULS will be one of 2 rate structures: Stand Alone ULS or ULS Shared Transport (ULS-ST).
- 4.2 General Principals for Stand Alone ULS
  - 4.2.1 Stand Alone Unbundled Local Switching (ULS) includes a single usage sensitive component in addition to the appropriate non-recurring and monthly recurring rates contained in the rate table.
  - 4.2.2 CLEC will pay the ULS usage charge for a call originating from an CLEC ULS line or trunk port that terminates to a SBC WISCONSIN End User service line, Resale service line, or any unbundled line or trunk port which is connected to the same End Office Switch.
  - 4.2.3 CLEC will pay the ULS usage charge for a centrex-like ULS intercom call in which CLEC's user dials from one centrex-like station to another centrex-like station in the same common block defined system.
  - 4.2.4 Notwithstanding anything to the contrary in Sections 4.2.2 and 4.2.3, SBC WISCONSIN will not bill a ULS usage charge for terminating Intra switch calls.
- 4.3 General ULS-ST information
  - 4.3.1 Beginning on October 9, 2000, SBC WISCONSIN no longer provides Unbundled Local Switching with Interim Shared Transport (ULS-IST), but rather provides Unbundled Local Switching with Shared Transport (ULS-ST) in accordance with Appendix C, paragraph 56 of the Federal Communications Commission's Memorandum Opinion and Order, CC Docket No. 98-141 (FCC 99-279, rel. October 8, 1999).
  - 4.3.2 Unbundled Local Switching with Shared Transport (ULS-ST) offering is available through the UNE Appendix that contains the applicable terms and conditions.

#### 5. BILLING

- 5.1 For information regarding billing, non-payment, disconnects and dispute resolution, see the General Terms and Conditions of this Agreement.

#### 6. APPLICABILITY OF OTHER RATES, TERMS AND CONDITIONS

- 6.1 Every interconnection, service and network element provided hereunder, shall be subject to all rates, terms and conditions contained in this Agreement which are legitimately related to such interconnection, service or network element. Without limiting the general applicability of the foregoing, the following terms and conditions of the General Terms and Conditions are specifically agreed by the Parties to be legitimately related to, and to be applicable to, each interconnection, service and network element provided hereunder: definitions, interpretation, construction and severability; notice of changes; general responsibilities of the Parties; effective date, term and termination; fraud; deposits; billing and payment of charges; non-payment and procedures for disconnection; dispute resolution; audits; disclaimer of representations and warranties; limitation of liability; indemnification; remedies; intellectual property; publicity and use of trademarks or service marks; no license; confidentiality; intervening law; governing law; regulatory approval; changes in End User local exchange service provider selection; compliance and certification; law enforcement; no third party beneficiaries; disclaimer of agency; relationship of the Parties/independent contractor; subcontracting; assignment; responsibility for environmental contamination; force majeure; taxes; non-waiver; network maintenance and management; signaling; transmission of traffic to third parties; customer inquiries; expenses; conflicts of interest; survival; scope of agreement; amendments and modifications; and entire agreement.
