The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

**E**ntirely new rules are printed without any special symbolology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

**A**n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

**I**f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

**A**n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

**I**f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

(5) Remitting MoUSF Assessments.

(A) All assessable carriers shall remit in either of the following methods:

1. The carrier may remit all funds received as a result of the application of the MoUSF surcharge as provided in section (4) above, in full satisfaction of a carrier's annual percentage assessment; or

2. The carrier may remit an amount based solely on applying the percentage assessment to the carrier's Missouri net jurisdictional revenue. If this method is used, no refunds shall be given if a carrier subsequently finds it remitted more than it collected.

(B) The MoUSFA shall publish on the MoUSF web site remittance procedures and deadlines for remitting payments. Remittances shall generally be made on a monthly basis; however, quarterly payments may be allowed as described on the MoUSF website.

(C) Failure to submit payments in a timely manner shall result in late payment fees as determined by the board. Waiver of such late payment fees may be considered if an explanation of why a waiver should be granted is submitted in writing to the MoUSFA within thirty (30) days of being notified of the initial late payment fee. Waivers shall only be granted by the board or as delegated by the board to its staff.

3. MoUSF Lifeline funding when combined with FUSF Lifeline funding shall not exceed the sum of an ETC's local voice telephony service monthly rate and subscriber line charge.

(C) The Disabled Program is a residential retail service that offers a qualifying disabled customer reduced charges for voice telephony service. The Disabled Program is solely administered by the board through these rules and is solely funded by the MoUSF.

1. The Disabled Program eligibility criteria include participation in:

- A. Veteran Administration Disability Benefits;
- B. State Blind Pension;
- C. State Aid to Blind Persons;
- D. State Supplemental Disability Assistance;
- E. Federal Social Security Disability; or
- F. Federal Supplemental Security Income.

2. The MoUSF provides three dollars and fifty cents (\$3.50) per month per disabled subscriber; however, MoUSF support is limited to telecommunications companies and interconnected VoIP providers. MoUSF support is not available to wireless carriers.

(2) Carrier Participation Requirements in the Lifeline and Disabled Programs.

(A) A carrier must be designated as an ETC by the commission in order to participate in the Lifeline or Disabled Program and receive FUSF and/or MoUSF support.

(B) An ETC shall demonstrate compliance with all of the following requirements:

1. All ETC substantive and filing requirements identified in 4 CSR 240-31.130;

2. Remittance payments to the FUSF and MoUSF, as applicable;

3. Reporting requirements to Federal Universal Service Fund Administrator (FUSFA) and the Missouri Universal Service Fund Administrator (MoUSFA);

4. All requirements associated with the Lifeline program identified in 47 CFR Part 54 Subpart E and this chapter;

5. All requirements associated with the Disabled program identified in this chapter; and

6. Any ETC must be current in all filing requirements and other Missouri Public Service Commission (MoPSC) required assessments prior to receipt of support payments from the MoUSF.

(C) An ETC shall annually recertify a subscriber's continued eligibility for participation in the Lifeline program. A subscriber shall submit proof of eligibility at least once every two (2) years unless an ETC has an automated means of verifying subscriber eligibility or alternatively a carrier's annual recertification process is administered by the FUSFA.

(D) An ETC shall annually recertify a subscriber's participation in the Disabled program using either of the following procedures:

1. Apply the same procedure as identified in subsection (2)(C) to all Disabled program participants; or

2. Limit annual recertification efforts to any household participating in the disabled program whereby the qualifying disabled customer is not listed as the voice telephony subscriber. In such situations the ETC may limit its inquiry to the voice telephony subscriber as to whether the qualifying disabled customer remains within the household.

(E) An ETC shall comply with all audit requests by the FCC, the FUSFA, MoUSFA and the commission staff, concerning compliance with any and all requirements of the Lifeline and Disabled programs.

(F) If an ETC provides wholesale service to a company without ETC designation whereby the reseller offers Lifeline service or Disabled service to qualifying consumers, such wholesale arrangements are subject to the ETC receiving support directly from the FUSF and/or MoUSF for qualifying low-income or disabled consumers served by the reseller. The reseller shall not directly receive USF support.

#### (3) Consumer Eligibility for the Lifeline and Disabled Programs.

(A) All consumers shall complete the application form approved by the board and submit adequate proof of eligibility. A board-approved application shall be required even if a carrier only seeks federal Lifeline support.

(B) Lifeline or Disabled service shall be limited to one kind of support per household. A Lifeline subscriber may receive both state and federal Lifeline support, but a household shall not receive both Lifeline and Disabled support, nor shall it receive Lifeline or Disabled support from multiple providers.

(C) A subscriber's participation in the Lifeline or Disabled Programs shall be denied or discontinued if it is discovered the subscriber has submitted incorrect, false, or fraudulent information to the carrier.

#### (4) De-enrollment Procedures.

(A) De-enrollment generally. If an ETC has a reasonable basis to believe a household no longer meets the eligibility criteria for participation in the Lifeline or Disabled program then the ETC shall provide written notification to the subscriber of impending termination. Notification shall be sent in writing separate from the subscriber's monthly bill, if one is provided, and shall be written in clear, easily understood language. A subscriber shall be allowed thirty (30)-days following the date of the impending termination notification to submit acceptable proof of continued eligibility consistent with applicable annual re-certification requirements. If a subscriber fails to demonstrate continued eligibility, the ETC shall de-enroll that subscriber within five (5) business days of the expiration of the thirty (30)-day response period.

(B) De-enrollment for duplicative support. If an ETC is notified by the FUSFA that a subscriber is receiving Lifeline service from another ETC or that more than one member of the subscriber's household is receiving Lifeline service, then the ETC shall de-enroll the subscriber from participation in the company's Lifeline program within five (5) business days.

(C) De-enrollment for non-usage. If an ETC does not assess or collect a monthly fee and the Lifeline subscriber has failed to comply for sixty (60) consecutive days with usage requirements as defined in 47 CFR 54.407(c)(2) then the ETC shall provide written notice of impending de-enrollment to the subscriber. The notice shall inform the subscriber in clear, easily understood language that if the subscriber fails to use the Lifeline service within the next thirty (30) days then the subscriber will be de-enrolled from the Lifeline program. If the subscriber uses the Lifeline service within thirty (30) days of providing such notice then the company shall not terminate the subscriber's Lifeline service.

(D) De-enrollment for failure to re-certify. If a Lifeline or Disabled subscriber fails to respond to the ETC's attempts to obtain applicable re-certification, or fails to provide the annual one-per-household re-certification as required by 47 CFR 54.410(f), then the ETC shall de-enroll the subscriber within five (5) business days after the expiration of the thirty (30)-day response period. This requirement shall also apply to a subscriber who relies on a temporary address and fails to respond to the ETC's address re-certification attempts pursuant to 47 CFR 54.410(g), if implemented.

(E) An ETC shall not be eligible for Lifeline or Disabled reimbursement for any de-enrolled subscriber following the date of that subscriber's de-enrollment.

#### (5) Requirements for a Company offering Lifeline or Disabled Service on a resale basis without ETC status.

(A) Any company offering Lifeline and/or Disabled service solely on a resale basis and without ETC status shall comply with all requirements identified in this chapter and 47 CFR Part 54 Subpart E.

(B) The company shall provide the following information to the manager of the commission's Telecommunications Unit:

Any company already offering such services on the effective date of this rule must provide such information within thirty (30) days of the effective date of this rule.

**FISCAL NOTE  
PRIVATE COST**

- I. Department Title: 4**  
**Division Title: 240**  
**Chapter Title: 31**

<b>Rule Number and Title:</b>	4 CSR 240-31.130 Eligible Telecommunications Carrier Requirements
<b>Type of Rulemaking:</b>	Proposed Rule

**II. SUMMARY OF FISCAL IMPACT**

Estimate of the number of entities by class which would likely be affected by the adoption of the rule:	Classification by types of the business entities which would likely be affected:	Estimate in the aggregate as to the cost of compliance with the rule by the affected entities:
12	Wireless companies with Lifeline-only ETC status	\$21,600

**III. WORKSHEET**

One wireless Eligible Telecommunications Carrier (ETC) status suggests the annual filing proposed by 4 CSR 240-31.130(3) will increase company costs beyond \$500 in the aggregate. This annual filing is not anticipated to be burdensome. Landline telecommunications companies and ETCs receiving high-cost support already provide most of the requested information either through the filing of an annual report or through the annual USF high-cost certification process. Nevertheless, the submission of annual filing to the Missouri PSC will be new for wireless Lifeline-only ETCs. This fiscal note estimates the annual filing requirement of 4 CSR 240-31.130(3) may increase the costs for such existing wireless Lifeline-only ETCs by \$600 per year or \$1,800 aggregate.

8 hours \* \$75 = \$600 estimated annual cost per company.

\$600 \* 3 years = \$1,800 aggregate cost per company.

**IV. ASSUMPTIONS**

Estimated life of this rule is three years.

A company will not need legal and outside consulting services in order to comply with 4 CSR 240-31.130(3).

Compiling and submitting the annual filing may require up to 8 hours using in-house personnel. This assumption is based on a wireless ETC's feedback.

\$75/hour rate for using in-house personnel. This assumption is based on a wireless ETC's feedback.
