Re: Conforming Interconnection Agreement Filing
Case No. TK-2006-0046 (WilTel)

Dear Secretary of the Commission:

Attached, pursuant to the Missouri Public Service Commission's ("Commission's") Order Extending Filing Deadline and Amending Interconnection Agreement by Interlineations and the August 3, 2005 Order Directing Filing,¹ is the successor Interconnection Agreement to the Missouri 271 Agreement between Southwestern Bell Telephone, L.P., d/b/a SBC Missouri and the WilTel Local Network, LLC. The parties have worked diligently to conform the Agreement to the Commission's July 11, 2005 Arbitration Order in this case.

The parties, however, have been unable to reach conforming language on a small number of issues. The disputed conformance issues are identified in the attached Interconnection Agreement through the use of bold and underlined language. The parties respectfully request Commission determination on the appropriate language to be included in the conformed agreement. To assist the Commission in this determination, the parties will each be filing a single brief by 5:00 p.m. on Thursday, August 4, 2005 outlining their respective positions on these issues.

The submission of this Agreement does not indicate voluntary agreement to contract provisions a party may have disputed before the Commission. The parties each reserve their rights, pursuant to 47 U.S.C. 252(e)(6), to contest determinations made by the Commission in this case.

Please call us with questions or if additional information is needed.
